1. **Inquiry: Jillian Johnson (Michael Baker International)**

**Question:** Is a project schedule necessary for this solicitation? The overall project schedule would only include the dates provided in Subsection B1: OPS Procurement and Project Schedule of the RFEOI as the various tasks will have individual design schedules based on the individual task order scope of the work.

**Response:** No actual project schedule is expected.

**Question:** Is a detailed staffing estimate necessary for this solicitation? Since this project is contracted as providing on-call services and at this stage, we do not have specific projects nor a schedule, as the various tasks will have individual design schedules based on the individual task order scope of the work.

**Response:** Use your best judgment.
