General Counsel Bruce Harris requested approval of item number 319-09-2016. Moved is the item as follows:

319-09-2016

In a memorandum dated September 15, 2016, **Authorization for the Sale of Surplus Property, Parcel No. 4699X, 70 Lower Main Street, Block 265, Lot 5, Township of Aberdeen, County of Monmouth, Amount: \$300,000.00 (revenue to the Authority)**, was approved.

New Jersey Turnpike Authority Property Parcel No. 4699X (the "Property") consists of 0.7± acres of land with a vacant building in the Township of Aberdeen, County of Monmouth. The Property was declared surplus in October 2014 (see Agenda Item 379-10-2014) and, in accordance with the Authority's Surplus Property Policy, was offered for sale through a public bid process in February 2016 with an advertised minimum bid price of \$300,000.00. After no bids were received, the Property was listed with the Authority's real estate broker.

The Authority's real estate broker has presented the following offers to purchase Parcel 4699X:

- 1) \$300,000 from Dennis Korkowski;
- 2) \$275,000 from Joseph Geronimo;
- 3) \$250,000 from Patrick Hynes;
- 4) \$226,500 from William Degroat, WCM Realty; and
- 5) \$100,000 from David Scian.

The Law Department and the Authority's Real Estate Consultant have reviewed these offers and recommend that the highest offer of \$300,000 from Dennis Korkowski be accepted.

Accordingly, it is recommended that the Executive Director be authorized to take any steps necessary to sell the Property to the purchaser identified above in accordance with the terms set forth herein and the Authority's Surplus Property Policy, and to reject the remaining offers. It is further recommended that the Commissioners authorize the Executive Director to execute any such other documents and take any such other actions as are deemed necessary to effectuate the intent of this authorization. This authorization is contingent upon the Treasurer of the State of New Jersey completing the review of all documents submitted by the purchaser pursuant to Public Law 2005, Chapter 51 and Executive Order No. 117 (Corzine 2008), and having no objection to same.

On motion by Commissioner Díaz and seconded by Vice Chairman Gravino, the Board unanimously approved item number 319-09-2016; and authorized or ratified, as presented, the recommendations contained therein; and received and filed the memoranda.

General Counsel Bruce Harris requested approval of item numbers 317-09-2016, and 318-09-2016, and 320-09-2016 through 322-09-2016. Moved is the item as follows:

317-09-2016

In a memorandum dated September 15, 2016, **a Request to (i) Declare Parcel R13X-2 Surplus to the Authority's Needs, and (ii) Authorize the Executive Director to Enter into a Property Transfer Agreement with PSE&G to Facilitate the Goethals Bridge Replacement Project**, was approved.

New Jersey Turnpike Authority Parcel R13X-2 consists of approximately 1.043 acres of vacant land, also known as a portion of Block 4, Lot 1583.A, in Elizabeth (the "Property"). In accordance with the Authority's Surplus Property Policy, the Law Department has circulated information regarding the Property to the Chief Engineer, the Director of Maintenance, the Director of Operations, and the Authority's Engineering Consultant, HNTB Corporation, for review. Each has reviewed the information regarding the Property and all have certified that the Authority no longer requires the Property and does not see any future use of the property by the Authority. Accordingly, it is recommended that authorization be given to declare the Property surplus to the Authority's needs.

It is further recommended that the Executive Director be authorized to convey the Property to PSE&G under a Property Transfer Agreement ("Transfer Agreement") with the Authority. This Transfer Agreement provides for the exchange of the Property and certain easements between PSE&G and the Authority, with no monetary compensation to either party, and will help the Authority facilitate the Goethals Bridge Replacement Project (the "Project") being undertaken by the Port Authority of New York and New Jersey ("PANYNJ"). The Authority entered into a Memorandum of Agreement with PANYNJ in September 2013 to help facilitate this project. (See Agenda Item 280-07-2013.) The Authority is currently negotiating a supplemental agreement to further define certain conveyances and obligations between PANYNJ and the Authority as they relate to progressions of the Project. As a precursor to that supplemental agreement with PANYNJ, the Authority must first execute the Transfer Agreement with PSE&G, which delimits the property rights between it and PSE&G in and around the Goethals Bridge Project area, specifically, Turnpike Interchange 13.

Under the Property Transfer Agreement, the Authority will convey to PSE&G the above-referenced Parcel R13X-2 (1.043± acres) in fee simple and utility easements UE13A through UE13K, as set forth in Exhibit A hereto, encumbering 9.052± acres of Authority property in Elizabeth and Linden. In return, PSE&G will convey to the Authority Parcels set forth in Exhibit B hereto consisting of approximately 7.5± acres of land in Elizabeth and Linden. Under the Authority's Surplus Property Policy, conveyances of surplus property to a public utility, as well as

exchanges of surplus property as an even swap for other property the Authority needs to acquire, are exceptions to the public bidding requirement for surplus property.

Accordingly, it is requested that the Board of Commissioners delegate to the Executive Director the authority to execute the Property Transfer Agreement with PSE&G pursuant to the terms outlined above. It is further recommended that the Commissioners authorize the Executive Director to execute any such other documents and take any such other actions as are deemed necessary to effectuate the intent of this authorization, including the payment of closing and recording costs for the property transfers contemplated therein.

318-09-2016

In a memorandum dated September 14, 2016, **a Request to (i) Declare Parcel 830X2 as Surplus to the Authority's Needs, and (ii) Authorize the Executive Director to Transfer Parcel 830X2 to the New Jersey Department of Transportation ("NJDOT"), Amount: \$0.00,** was approved.

Parcel R830X2 (the "Property") is located in the Township of Mount Laurel, County of Burlington, and consists of approximately 0.35 acres of vacant land. NJDOT has approached the Authority and requested that the Authority convey the property to NJDOT to facilitate the modification of a NJDOT jughandle ramp.

In accordance with the Authority's Surplus Property Policy, the Law Department has circulated information regarding the Property to the Chief Engineer, the Director of Maintenance, the Director of Operations and the Authority's Engineering Consultant, HNTB Corporation, for review. Each has reviewed the information regarding the Property and all have certified that the Authority no longer requires the Property and does not see any future use of the property by the Authority.

Under a 2008 agreement between the Authority and NJDOT, real property transfers between the parties shall be at no cost provided the property is valued at less than \$250,000 and the property is to be used solely for transportation purposes. NJDOT has provided the Authority with a valuation of the Property in the amount of \$137,000. As such, this agenda item seeks authorization for the Executive Director to execute all documents necessary to transfer Parcel 830X2 to the NJDOT at no cost, as the Property is valued under this \$250,000 limit. The conveyance of this property is exempt from the competitive bidding process of the Authority's Surplus Property Policy as it involves property required by a subdivision of the State.

Accordingly, it is recommended that authorization be given to declare Parcel 830X2 surplus to the Authority's needs. It is further recommended that the Executive Director be authorized to take any steps necessary to transfer Parcel 830X2 to the NJDOT. It is further recommended that the Commissioners authorize the Executive Director to execute any such other documents and take any such other actions as are deemed necessary to effectuate the intent of this authorization

320-09-2016

In a memorandum dated September 15, 2016, **Authorization to enter into an Agreement to form the New Jersey E-ZPass Group with South Jersey Transportation Authority ("SJTA"), Delaware River Port Authority ("DRPA"), Delaware River and Bay Authority ("DRBA"), Delaware River Joint Toll Bridge Commission ("DRJTBC") and Burlington County Bridge Commission ("BCBC"),** was approved.

The Authority, SJTA, DRPA, DRBA, DRJTBC and BCBC (collectively, the "Agencies"), have joined together to form the New Jersey E-ZPass Group to operate and maintain the New Jersey E-ZPass Customer Service Center ("CSC") to provide electronic toll collection services to the Agencies. This has enabled the Agencies to benefit from various economies of scale with respect to the costs of electronic toll collection. The Authority, on behalf of itself and the Agencies, recently procured a new services contract with Xerox State & Local Solutions, Inc. ("Xerox") to operate the CSC, and to provide violations processing and financial back office services. See Agenda Item No. 398-09-2015.

Authority staff, in conjunction with the staff of other Agencies, recommend that the Agencies execute a Memorandum of Agreement ("MOA") with each other to formally establish the rights and obligations of each of the Agencies as members of the New Jersey E-ZPass Group. Under the MOA, the Authority will be designated the "Lead Agency" of the New Jersey E-ZPass Group, with the responsibility to oversee and administer the operation of the CSC pursuant to the Xerox Contract and any ancillary contracts.

The MOA further sets forth how certain non-toll revenues and expenses of the New Jersey E-ZPass Group incurred in addition to those arising under the Xerox contract will be shared among the Agencies. Certain revenues and expenses, including credit card fees and banking fees, will be shared among the Agencies in accordance with the Revenue Allocation; that is, the proportion of the amount of electronic toll revenue, violation toll revenue, and administrative fee revenue earned by each Agency to the total amount of such revenue earned by the New Jersey E-ZPass Group. Other revenues and expenses, including the costs of transponder purchases, will be shared among the Agencies in accordance with the Transaction Allocation; that is, the proportion of the number of electronic toll transactions at the toll facilities of each Agency to the total number of electronic toll transactions for the New Jersey E-ZPass Group. Both the Revenue and the Transaction Allocations will be updated annually under the MOA. The Authority's current Revenue Allocation share is 73.1% and its Transaction Allocation share is 81.3%.

Accordingly, it is recommended that the Board of Commissioners authorize the Executive Director to execute an MOA with SJTA, DRPA, DRBA, DRJBTC and BCBC to create the New Jersey E-ZPass Group in accordance with the terms set forth above. It is further recommended that the Commissioners authorize the Executive Director to execute any such other documents and take any such other actions as are deemed necessary to effectuate the intent of this authorization.

321-09-2016

In a memorandum dated September 12, 2016, **Authorization to Settle Litigation in the Matter of Estate of Erin Bridget Vick, et. al. v. New Jersey Turnpike Authority, et. al., Account No.: 10-893-441043, Amount: \$75,000.00**, was approved.

This matter involves a personal injury claim arising from a double fatal head-on accident where plaintiff estate's allegation against the Authority is that improper maintenance of lights and lane markings contributed to the collision. In the early morning of December 7, 2012, plaintiff's decedent, Erin Vick, was operating a motor vehicle northbound on the New Jersey Turnpike when Moises Rivera was operating his motor vehicle south in the northbound lanes and crashed into Vick's vehicle in the area of mile post 107.7. Mr. Rivera was intoxicated at the time of the accident. He and Ms. Vick died as a result of this collision.

Plaintiff has offered to settle in the amount of \$75,000. Outside counsel reviewed this matter and other similar matters that were previously adjudicated and confirms that this value is reasonable given the facts of the case and the estimated costs of continued litigation. Outside counsel recommends acceptance of the settlement offer. The Law Department concurs.

Therefore, it is recommended that the Authority's Commissioners approve the settlement of this matter pursuant to the terms set forth above. It is also recommended that the Authority's Commissioners authorize the Executive Director to execute any and all documents in furtherance of same.

322-09-2016

In a memorandum dated September 12, 2016, **Authorization to Settle Litigation in the Matter of Kaitlyn Pistek, et. al. v. New Jersey Turnpike Authority, et. al., Account No.: 10-893-441043, Amount: \$50,000.00**, was approved.

This matter involves a personal injury claim arising from a trip and fall accident on the Lakeview Avenue overpass of the Parkway in Clifton. On August 9, 2014, six-year old Plaintiff Kaitlyn Pistek was walking along the overpass sidewalk with a family member when she tripped and fell on a settled/displaced portion of sidewalk. Plaintiff suffered a displaced both-bone (ulna and radius) mid-shaft fracture of the right arm and a permanent deformity and lack of rotation/motion in the right arm.

Plaintiff has offered to settle in the amount of \$50,000. Outside counsel reviewed this matter and other similar matters that were previously adjudicated and confirms that this value is reasonable given plaintiff's injuries and the estimated costs of continued litigation. Outside counsel recommends acceptance of the settlement offer. The Law Department concurs.

Therefore, it is recommended that the Authority's Commissioners approve the settlement of this matter pursuant to the terms set forth above. It is also recommended that the Authority's

Commissioners authorize the Executive Director to execute any and all documents in furtherance of same.

On motion by Treasurer DuPont and seconded by Vice Chairman Gravino, the Board unanimously approved item numbers 317-09-2016 and 318-09-2016, and 320-09-2016 through 322-09-2016; and authorized or ratified, as presented, the recommendations contained therein; and received and filed the memoranda.

ORDER FOR PROFESSIONAL SERVICES (OPS)

323-09-2016

In a document dated September 8, 2016, a Recommendation to Issue Order for Professional Services No. T3614, RM # 126686 for the New Jersey Turnpike to Mott MacDonald LLC for Environmental Compliance Services at Woodrow Wilson Service Area 6N and Richard Stockton Service Area 6S, Non-Departmental Operating: 010-00-892-446050, Amount: \$220,000.00 (2017), \$220,000.00 (2018), \$220,000.00 (2019), and \$220,000.00 (2020), a total amount of \$880,000.00, was approved.

This Order for Professional Services provides for the professional services of an Environmental Engineering Consultant to perform groundwater compliance monitoring and reporting, and remedial investigations/actions at the above referenced Service Areas on the New Jersey Turnpike in accordance with current New Jersey Department of Environmental Protection regulations.

This assignment is classified as a "Simple Project" based on the scope of work being clearly defined and not likely to change during the course of the project, and the cost not exceeding \$2,000,000.00. The Solicitation for Expressions of Interest (EOIs) was posted on the Authority's website and 23 engineering firms were prequalified and eligible under Profile Codes: C-195: Soil & Groundwater Remediation Investigations; C-196: Soil & Groundwater Remediation Design and C-197: Remediation Systems: Operation & Maintenance. Nine firms submitted EOIs by the closing date of July 11, 2016.

Subsequent to the scoring of EOIs by the Review Committee, Fee Proposals were requested from the top three technically ranked firms. The firms in the order of ranking are: 1)

Mott MacDonald LLC; 2) BEM Systems, Inc. and 3) Dresdner Robin Environmental Management. The fee submitted Mott MacDonald LLC has been reviewed, negotiated and is considered to be fair and reasonable for the services to be provided.

It is, therefore, recommended that Order for Professional Services No. T3614 be issued to the firm of Mott MacDonald LLC of Iselin, New Jersey, in an amount not to exceed \$880,000.00 allocated as follows: \$220,000.00 in 2017; \$220,000.00 in 2018; \$220,000.00 in 2019 and \$220,000.00 in 2020. This amount includes reimbursement of direct salaries times a maximum multiplier of 2.77 to cover the cost of fringe benefits, overhead and profit, plus authorized direct non-salary expenses. The award is contingent upon the Treasurer of the State of New Jersey completing the review of all documents submitted by the selected awardee, pursuant to Public Law 2005, Chapter 51 (formerly Executive Order 134) and Executive Order 117 (Corzine 2008), and having no objection to same. These professional services were procured, and the recommended firm was selected, in accordance with N.J.S.A. 52:34-9.1, et seq., N.J.S.A. 27:23-6.1 of the Authority's enabling legislation, N.J.A.C. 19:9-2.8, promulgated pursuant thereto, and Executive Order No. 37 (Corzine 2006).

324-09-2016

In a document dated September 13, 2016, **a Recommendation to Issue Supplement B to Order for Professional Services No. A3353, RM # 125298 for the New Jersey Turnpike and Garden State Parkway to HNTB Corporation for the 2011 – 2015 Main Bridge Inspection Program – Part A, Maintenance Reserve Fund No. 03010005, Original OPS Amount: \$11,800,000.00, Amount of Supplement A: \$236,000.00, Amount of Supplement B: \$110,000.00, Revised OPS Amount: \$12,146,000.00**, was approved.

This Order for Professional Services was approved at the December 2010 Commission Meeting in the amount of \$11,800,000.00. Under the referenced OPS, HNTB Corporation is providing for professional engineering services associated with the 2011 – 2015 Main Bridge Inspection Program – Part A.

In addition to key bridge inspection and quality overview tasks, the scope of services includes managing the Authority's InspectTech bridge inspection and management system, a customized web-based software system which is used to manage inspection data and maintain the entire structures inventory on the New Jersey Turnpike and Garden State Parkway. InspectTech also serves the critical role of submitting bridge inventory and inspection data to NJDOT on an annual basis to maintain compliance with the federally mandated National Bridge Inspection Standards (NBIS). This InspectTech system was created in 2008, and since then it has been enhanced and populated with the Authority's rapidly growing and changing structures inventory.

Supplement A provided additional funds for InspectTech software upgrades to be performed by HNTB's vendor, Bentley Systems, which were unanticipated and outside the scope of the original OPS. These software upgrades were required for the Authority to submit their inventory and inspection data to NJDOT's County Minor Bridge Inspection System (CoMBIS). NJDOT upgraded their CoMBIS system through their vendor, also Bentley Systems, and in August 2014 they eliminated the Pontis Data Exchange (PDI) import tool which had been used extensively by the Authority to submit the federally-mandated NBIS data. It was therefore necessary for the Authority to develop a new data exchange tool in order to maintain timely compliance with NBIS.

Supplement B will compensate HNTB Corporation for unanticipated services required during the 2015 Part A bridge inspection assignment which are primarily associated with a mandate from the FHWA, inspection report format changes directed by the Authority and overview and testing of the bridge element data transfer process to the NJDOT.

FHWA Mandate - A recent mandate from the FHWA requires each State, including the Authority, to collect bridge element level data utilizing their National Bridge Element (NBE) and Agency Defined Element (ADE) data formats. This is required by the Moving Ahead for Progress in the 21st Century Act (MAP-21). Entry of the bridge element level data into

FHWA's National Bridge Inventory database provides consistency for bridge element identification, quantity measurement, and condition state, and consistent presentation of a bridge's condition, as compared to other bridges in the Nation. The Authority previously utilized its own bridge element level reporting data called the Bridge Prioritization System (BPS), which was specifically used to prioritize the condition of a bridge for consideration for bridge element repair or replacement, as compared to other bridges in the Authority's inventory. However, the BPS does not meet FHWA's guidelines and can no longer be used because its format and bridge element condition ratings are different from that required by the FHWA.

In order to comply with FHWA's mandate, starting in 2015 the Authority required its bridge inspection consultants, including HNTB under OPS No. A3353 (Part A assignment for major bridge inspections), to obtain bridge element level data following FHWA's guidelines. Additional unanticipated services are required for HNTB to obtain bridge element level data for the major bridges, and to perform reviews of the consultant's new FHWA bridge element data submissions as directed by the Authority to ensure that the consultants are providing consistent and accurate bridge element data per FHWA's guidelines.

Bridge Inspection Report Format Change - The Authority directed changes to the inspection report format, which involve phasing out routine bridge inspection reports which had been bundled and summarized by Maintenance District. The report by Maintenance District is being replaced with individual reports by bridge for improved condition and inventory data tracking. These changes result in significant revisions to all routine bridge inspection reports, and

requires additional unanticipated services for HNTB to perform reviews to confirm consultants are adhering to the new report format. These changes also require additional unanticipated services for HNTB to gather repair information from the individual reports in order to prepare the Program Summary Reports, whereas the former process required HNTB to gather the repair information from the Maintenance District reports which had tabulated the repairs for each group of bridges.

InspectTech Management - Supplement A provided for additional software upgrades to the Authority's InspectTech bridge inspection and management system. Additional unanticipated services are required for HNTB to perform the required User Acceptance Testing (UAT) prior to the successful and complete transfer of 2015 NBI, NBE and ADE data in the Authority's InspectTech system is required to ensure data accuracy and integrity prior to the scheduled data transfer to NJDOT.

The cost of the above noted additional unanticipated services was not included in HNTB's OPS No. A3353 because impacts of the noted changes were not known at the time of award of the OPS in December 2010.

It is, therefore, recommended that Supplement B to Order for Professional Services No. A3353 be issued to HNTB Corporation not to exceed the amount of \$110,000.00, with compensation on the same basis as the original Order for Professional Services. It is further recommended that the Commissioners authorize the Executive Director to execute any such other documents and take any such other actions as are deemed necessary to effectuate the intent of this authorization. The addition of this amount increases the total authorized fee from \$12,036,000.00 to \$12,146,000.00. The original contract was procured pursuant N.J.S.A. 52:34-9.1 et seq. and N.J.A.C. 19:9-2.8 and Executive Order No. 37 (Corzine 2006).

PROFESSIONAL SERVICES

337-09-2016

In a document dated September 19, 2016, **Insurance Brokerage Services to Willis Towers Watson, RM-124555 (Law Department), Budget Code: Various, Amount: \$ 260,000.00 (2-year Contract with two (2) one year renewal periods)**, was approved.

The New Jersey Turnpike Authority ("Authority") issued a request for proposal ("RFP") to engage a firm to provide insurance brokerage services for the Authority. The scope of services include providing ongoing insurance brokerage services for a number of insurance lines and assisting the Authority with risk control, claims management, and other related services such as providing certificates of insurance and bonds. The RFP was advertised on June 24, 2016 and posted on the Authority's and the State's websites. In addition, it was distributed to 17 firms listed in the Authority's database for these services. The contract will be for a term of two (2) years, with the option to extend for two additional one-year terms at the Authority's discretion. On August 9, 2016, five (5) proposals were received from the following firms:

- 1) Aon Risk Management, Morristown, NJ
- 2) Brown & Brown Public Risk Advisors of NJ, Roseland, NJ
- 3) Marsh USA, Inc., Morristown, NJ
- 4) The Taylor Group, Manalapan, NJ
- 5) Willis Towers Watson, Short Hills, NJ

The Evaluation Committee ("Committee"), which was approved by the Executive Director, consisted of three (3) voting members from the Authority's Law and Finance Departments. In addition, staff from the Law and Procurement & Materials Management Departments as well as a representative from the consulting firm of Hanover Stone, served as non-voting members of the Committee.

The Committee reviewed the written proposals based on the criteria set forth in the RFP

and scored each firm individually. Based on the Committee's review of the proposals, the Committee invited representatives from the top ranked firms, Aon Risk Management, Marsh USA Inc., and Willis Towers Watson ("Willis") to make an oral presentation and provide a best and final offer ("BAFO").

The Committee's findings were presented in an Evaluation Report. The Committee found that Willis was highly qualified and fully responsive to the Authority's Scope of Services. Willis' written proposal demonstrated relevant experience with the Authority and other large transportation agencies. The proposal also included Massey Agency, Newark, NJ as an active SBE team member, and this was viewed positively by the Committee. In addition, during the oral presentation, Willis' representatives proved that they understood the Authority's needs with respect to the total cost of risks ("TCOR") issues. As the Authority's incumbent casualty broker, Willis provided extensive details regarding how the firm achieved significant premium reductions for the Authority on several key insurance lines through a focused market strategy coupled with an extensive marketing exercise. Additionally, Willis proactively improved the terms of various coverages benefiting the Authority during the renewal season. According to Willis, the Authority ranks in the top 10% of its client priority.

Along with its BAFO, Willis provided a recently completed analysis of the Authority's workers compensation loss data, which not only enhanced the proposal, but impressed the Committee regarding Willis' commitment to reducing the Authority's TCOR. Willis' annual fee proposal of \$130,000.00, while not the lowest, was competitive and offset by its receipt of the highest technical score; it also represented a slight discount off its current annual fee of \$135,000.00.

This professional services procurement was conducted in accordance with *N.J.S.A. 27:23-6.1*, *N.J.A.C. 19:9-2.1(b)*, Executive Order No. 37 (Corzine 2006), and Executive Order No. 26 (Whitman 1994). This award is contingent upon the Treasurer of the State of New Jersey completing the review of all documents submitted by the selected awardees pursuant to Public Law 2005, Chapter 51 and Executive Order No. 117 (Corzine 2008), and having no objection to same.

Accordingly, authorization is requested to award a two-year contract to Willis Towers Watson for insurance brokerage services in an amount not to exceed \$260,000.00 for a 2-year term. Authorization is further requested for the Executive Director to approve each of two (2) optional one-year extensions upon satisfactory performance by Willis, in an amount not to exceed \$130,000 per year, subject to funding availability at the time of service. It is also requested that the Executive Director be authorized to take such actions and to execute any and all documents that may be deemed necessary and appropriate to further the intent and purpose of the authorizations stated herein.

("Xerox") to provide: 1) a Customer Service Center; 2) Violations Processing; and 3) Financial Back Office services for the NJ EZ-Pass System (Agenda Item No. 398-09-2015). The contract, which became effective October 15, 2015, will be for a term of eight years from the "Cut-Over" date (anticipated to be February 1, 2017), with the option to extend for one, two-year term at the Authority's sole discretion. The other Agencies of the New Jersey E-ZPass Group, South Jersey Transportation Authority, Delaware River Port Authority, Delaware River and Bay Authority, Delaware River Joint Toll Bridge Commission and Burlington County Bridge Commission, are also signatories to the Xerox contract.

The Integrated Technology Services (ITS) Department is actively engaged with Xerox to complete all tasks necessary for the implementation of this contract by the Cut-Over date. This addendum is necessary to clarify the invoicing process under the contract. As set forth in the addendum, Xerox shall invoice each Agency, including the Authority directly, on a monthly basis, for the variable fees due under the contract for all toll transactions occurring at that Agency's facilities, as well as for the percentage due to Xerox of the administrative fees collected by Xerox for violations arising at that Agency's toll facilities. The fixed fees due to Xerox under the contract shall be allocated among the Agencies in accordance with the Transaction Allocation; that is, the proportion of the number of electronic toll transactions at the toll facilities of each Agency to the total number of electronic toll transactions for the New Jersey E-ZPass Group, which will be updated annually. The Authority's current Transaction Allocation share is 81.3%.

No additional funds are sought for this addendum, as this addendum will not increase the cost of the Xerox contract as approved under Agenda Item No. 398-09-2015.

This professional services procurement was originally conducted in accordance *N.J.S.A. 27:23-6.1, N.J.A.C. 19:9-2.1(b), N.J.S.A. 52:15(c)-10* and Executive Order No. 37 (Corzine 2006). This vendor is in compliance with Public Law 2005, Chapter 51 and Executive Order No. 119 (Corzine 2006).

Accordingly authorization is requested for the Executive Director to execute the First Addendum to the Services Contract with Xerox State & Local Solutions, Inc., as outlined herein. It is further requested that the Commissioners authorize the Executive Director to execute any such other documents and take any such other actions as are deemed necessary to effectuate the intent of this authorization.

SOLE SOURCE

339-09-2016

In a document dated September 13, 2016, **Parts Maintenance and Support for Variable Message Signs to Daktronics, Inc. , RM-125889 (ITS), Budget Code: Various, Amount: \$515,000.00 (3-Year Contract)**, was approved.

Authorization is requested to award a "sole source" contract to Daktronics, Inc. ("Daktronics") to provide the Authority with parts, maintenance and support for its variable message signs ("VMS") for three (3) years. The Authority currently has 427 digital variable message signs deployed on both Roadways. This contract will provide a parts exchange program, repair or replacement of failed electrical parts and assemblies, as well as technical support.

Daktronics is the sole manufacturer of the VMS display units on the Authority's Roadways. The technology and parts in the units are proprietary to Daktronics, therefore parts, service, support and maintenance can only be provided by Daktronics. No other vendor is capable of providing the services required under this Agreement. In addition, the Authority's VMS units display travel information, warnings and alerts to motorists traveling on both Roadways. This information is essential to the safety of the motoring public, and any interruption in the operation of these signs would compromise that safety, therefore constituting an exceptional circumstance justifying a sole source award.

Thus, it is recommended that this award be made without public advertisement under the sole source procurement authorization of *N.J.A.C. 19:9-2.2(d)1* as promulgated under *N.J.S.A. 27:23-6.1* and consistent with Executive Order No. 37 (Corzine 2006). A resolution, as required by *N.J.A.C. 19:9-2.2(d)1*, is attached hereto.

Accordingly, authorization is requested to award a sole source contract to Daktronics, Inc. to provide parts, maintenance and support for three (3) years, for an amount not to exceed \$515,000.00.

RESOLUTION FOR SOLE SOURCE PROCUREMENT**Parts Maintenance and Support for Variable Message Signs**

WHEREAS, the New Jersey Turnpike Authority's Integrated Technology Services Department has requested a contract to provide parts, maintenance and support for the variable message sign ("VMS") display system; and

WHEREAS, Daktronics is the sole manufacturer of the VMS display units on the Authority's Roadways; and

WHEREAS, as the proprietary manufacturer of the VMS display units, Daktronics is the sole provider of parts, technology, maintenance and support of the Authority's VMS display equipment; and

WHEREAS, the Authority's regulations pursuant to *N.J.A.C. 19:9-2(d)1* promulgated under *N.J.S.A. 27:23-6.1* permits sole source procurement when only one source for the required product exists;

NOW, THEREFORE, BE IT RESOLVED THAT the Authority's Commissioners hereby authorize and approve the award of a three-year contract to Daktronics, Inc. to provide the necessary parts, maintenance and support for the VMS display system, in an amount not to exceed \$515,000.00, as a sole source exception to procurement by public advertisement permitted by *N.J.A.C. 19:9-2.2(d)1* promulgated under the Authority's enabling legislation, *N.J.S.A. 27:23-6.1*.

343-09-2016

In a memorandum dated September 16, 2016, **Authorization to Adopt Series 2016 Turnpike Revenue Bond Resolution**, was approved.

At its October 10, 2008 meeting, the New Jersey Turnpike Authority’s Board of Commissioners authorized a \$7 billion Capital Investment Program to fund major improvements on the New Jersey Turnpike and Garden State Parkway. In May 2009, the Authority completed its first new money bond issue, generating \$1.1 billion of proceeds to be used for the \$7 billion Capital Investment Program. In December 2010, the Authority completed its second new money bond issue, generating \$1.6 billion of proceeds. In April 2013, the Authority completed its third new money bond issue, generating \$1.4 billion of proceeds. In April 2014, the Authority completed its fourth new money bond issue, generating \$1.0 billion of proceeds. In November 2015, the Authority completed its fifth new money bond issue, generating \$800 million of proceeds. Staff has determined that, based on actual and projected spending the Authority should complete its sixth new money issue in late 2016 or early 2017 in an amount not to exceed \$600 million.

The attached Series 2016 Turnpike Revenue Bond Resolution authorizes the issuance of up to \$600 million of Series 2016 Turnpike Revenue Bonds to provide funds to pay the construction costs, make a deposit into the debt reserve fund, fund capitalized interest and pay costs of issuance. The Series 2016 Resolution also authorizes the bonds to be issued as tax-exempt bonds in a single or multiple series, with a maximum maturity of 30 years. In the near term, the Authority will issue a Request for Proposal for an underwriting syndicate. This syndicate will recommend an overall structure and timing for the new money issue, as well as the size and number of issues. Based upon these recommendations, staff, in consultation with the Authority’s financial advisor and bond counsel, will determine the number and timing of issuances to meet the new money needs. Based upon spending needs at this time, it is anticipated that a new money issuance will occur in late 2016 or early 2017, dependent upon market conditions.

In addition to the new money issue, the Series 2016 Resolution authorizes the issuance of up to \$175.04 million of refunding bonds to refund the Series 2013D-2, Series 2013E-2 and Series 2014B-2 bonds. These bonds are floating rate note bonds which have a mandatory tender

on January 1, 2017 and must be refinanced on or before that date to avoid an escalation in interest costs. The bonds can be refunded at par any time prior to January 1, 2017.

Third, the Series 2016 Resolution authorizes the Authority to refund the Series 2013D-2, Series 2013E-2 and Series 2014B-2 bonds through a variety of variable rate debt forms, including a direct placement of floating rate notes with a commercial bank, or a public offering of floating rate notes. Also, the Authority could terminate, amend, or replace the existing Interest Rate Swap Agreement on these bonds, or issue fixed rate debt. The proposed Series 2016 Resolution would allow the Authority to pursue the option that is in the best long term financial interest of the Authority, as well as pay cost of issuance fees from the General Reserve Fund.

Fourth, the Series 2016 Resolution authorizes the issuance of up to \$400 million of refunding bonds to refund the Series 2000B-G bonds. These bonds are auction rate bonds that have interest rates reset weekly. The weekly auctions have failed since the financial crisis in 2009, and bear interest at 175% of 30 day LIBOR. If LIBOR rates continue to increase, the interest rates on these bonds will increase even higher as the auctions continue to fail and interest is computed at 175% of LIBOR. The bonds would be refinanced for savings when the interest rate increases to a level that would make a refinancing into another form of variable rate debt or fixed rate debt economically feasible.

Fifth, the Series 2016 Resolution authorizes the Authority to refund the Series 2000B-G bonds through a variety of variable rate debt forms, including a direct placement of floating rate notes with a commercial bank, a public offering of floating rate notes or the issuance of variable rate demand bonds. Also, the Authority could terminate, amend, or replace the existing Interest Rate Swap Agreement on these bonds, or issue fixed rate debt. The proposed Series 2016 Resolution would allow the Authority to pursue the option that is in the best long term financial interest of the Authority, as well as pay cost of issuance fees from the General Reserve Fund.

Finally, the Series 2016 Resolution authorizes the issuance of up to \$300 million of bonds to refund the fixed rate Series 2009E bonds, up to \$306.17 million of bonds to refund the fixed rate Series 2009H bonds, up to \$178.005 million of bonds to refund the fixed rate Series 2009I bonds, up to \$141.255 million of bonds to refund the fixed rate Series 2012A bonds, and up to \$1.4 billion of bonds to refund the fixed rates Series 2013A bonds. These bonds, or a portion of these bonds, can be advance refunded on a tax-exempt basis. These bonds will be refunded if they can produce debt service savings above the Authority's target of 3%.

The proposed Series 2016 Resolution provides for the continued funding of the Authority's \$7 billion capital program. In addition, the Series 2016 Resolution provides the ability to refund the Series 2013D-2, Series 2013E-2 and Series 2014B-2 bonds prior to the mandatory tender date to avoid increased interest costs, and to potentially refund the Series 2000B-G bonds auction rate bonds for savings as the auctions continue to fail and LIBOR rates rise.

Finally, the Series 2016 Resolution provides the ability to potentially advance refund the Series 2009E, Series 2009H, 2009I, 2012A and 2013A fixed rate bonds in whole or in part for savings. It is recommended that the Board of Commissioners adopt the Series 2016 Turnpike Revenue Bond Resolution in substantially the form attached hereto, and authorize the Executive Director to execute any and all documents necessary to finalize this document, and others as may be necessary to complete the transactions described therein. The Authority has received the required pre-approval letters from the Governor and State Treasurer.

Your approval of this recommendation is respectfully requested.

Any such specified account shall remain in effect until revised by such Owner by an instrument in writing delivered to the Paying Agent. The principal or Redemption Price of the Series 2016 Bonds shall be payable, when due, upon surrender thereof at the office of the Paying Agent.

Notwithstanding any other provision of this Series 2016 Resolution to the contrary, so long as any Series 2016 Bond is registered in the name of Cede & Co., as nominee for DTC, all payments with respect to the principal or Redemption Price of and interest on such Series 2016 Bond and all notices with respect to such Series 2016 Bond shall be made and given, respectively, to DTC as provided in the Letter of Representations.

Except as may be specifically set forth herein, the Paying Agent, the Trustee and the Authority may treat the Owner of a Series 2016 Bond as the absolute owner thereof for all purposes, whether or not such Series 2016 Bond shall be overdue, and the Paying Agent, the Trustee and the Authority shall not be affected by any knowledge or notice to the contrary; and payment of the principal or Redemption Price of and interest on such Series 2016 Bond shall be made only to such Owner, which payments shall be valid and effectual to satisfy and discharge the liability of such Series 2016 Bond to the extent of the sum or sums so paid. All Series 2016 Bonds paid at maturity or on earlier redemption pursuant to the provisions of the Resolution shall be cancelled by the Paying Agent.

Book-Entry System for the Series 2016 Bonds

Notwithstanding any other provision of the Resolution to the contrary:

Each Series or sub-series of the Series 2016 Bonds shall initially be issued in the form of one (1) fully-registered bond certificate in the aggregate principal amount of each maturity of such Series or sub-series of the Series 2016 Bonds bearing differing rates of interest. Except as provided in paragraph (f) of this Section 203 or as otherwise provided in the Series 2016 Certificate of Determination, all of the Series 2016 Bonds shall be registered in the name of Cede & Co., as nominee of DTC; *provided, however*, that if DTC shall request that the Series 2016 Bonds be registered in the name of a different nominee, the Registrar shall exchange all or any portion of the Series 2016 Bonds of a Series or sub-series for an equal aggregate principal amount of Series 2016 Bonds of the same Series or sub-series and maturity registered in the name of such nominee or nominees of DTC. While the Book-Entry System for the Series 2016 Bonds is in effect, no Person other than DTC or its

nominee shall be entitled to receive from the Authority or the Registrar either a Series 2016 Bond certificate or any other evidence of ownership of the Series 2016 Bonds, or any right to receive any payment in respect thereof, unless DTC or its nominee shall transfer record ownership of all or any portion of the Series 2016 Bonds on the Register in connection with discontinuing the Book-Entry System as provided in paragraph (f) of this Section 203 or otherwise.

So long as the Series 2016 Bonds or any portion thereof are registered in the name of DTC or any nominee thereof, all payments of the principal or Redemption Price of and interest on such Series 2016 Bonds shall be made to DTC or its nominee in accordance with the Letter of Representations on the dates provided for such payments under this Series 2016 Resolution or the Series 2016 Certificate of Determination. Each such payment to DTC or its nominee shall be valid and effective to fully discharge all liability of the Authority or the Paying Agent with respect to the principal or Redemption Price of and interest on such Series 2016 Bonds to the extent of the sum or sums so paid.

The Authority may treat DTC (or its nominee) as the sole and exclusive Owner of the Series 2016 Bonds registered in its name for the purposes of payment of the principal or Redemption Price of and interest on such Series 2016 Bonds, selecting the Series 2016 Bonds or portions thereof to be redeemed, giving any notice permitted or required to be given to Owners of the Series 2016 Bonds under the Resolution, registering the transfer of Series 2016 Bonds, obtaining any consent or other action to be taken by the Owners of Series 2016 Bonds and for all other purposes whatsoever, and the Authority shall not be affected by any notice to the contrary. The Authority shall not have any responsibility or obligation to any DTC Participant, any Beneficial Owner, or any other Person which is not shown on the Register as being the Owner of the Series 2016 Bonds, with respect to: (i) the Series 2016 Bonds; (ii) the accuracy of any records maintained by DTC or any DTC Participant; (iii) the payment by DTC or any DTC Participant of any amount in respect of the principal or Redemption Price of or interest on the Series 2016 Bonds; (iv) any notice which is permitted or required to be given to the Owners of Series 2016 Bonds under the Resolution; (v) the selection by DTC or any DTC Participant of any Person to receive payment in the event of a partial redemption of the Series 2016 Bonds; or (vi) any consent given or other action taken by DTC as the Owner of Series 2016 Bonds.

So long as the Series 2016 Bonds or any portion thereof are registered in the name of DTC or any nominee thereof, all notices required or permitted to be given to the Owners of the Series 2016 Bonds under the Resolution shall be given to DTC in accordance with the Letter of Representations.

So long as the Series 2016 Bonds or any portion thereof are registered in the name of DTC or any nominee thereof, in connection with any solicitation of consents from or voting by

the Owners of Series 2016 Bonds, the Trustee shall establish a special record date (the "Special DTC Record Date") for such consent or other action (with no provision for revocation of consents or votes by subsequent Owners) and the date by which such consent or other action shall be received or taken (the "Return Date"). The Trustee shall give DTC notice of the Special DTC Record Date and of the Return Date not less than fifteen (15) calendar days in advance of such Special DTC Record Date to the extent possible.

The Book-Entry System for registration of the ownership of the Series 2016 Bonds through DTC shall be discontinued at any time that (i) DTC determines to resign as Securities Depository for the Series 2016 Bonds and gives notice of such determination to the Authority and the Trustee, or (ii) the Authority determines that continuation of the Book-Entry System through DTC is not in the best interests of the Authority or the Owners of the Series 2016 Bonds and gives notice of such determination to the Trustee and DTC. In either of such events, the Authority may appoint a successor Securities Depository, but if the Authority does not appoint a successor, the Series 2016 Bonds shall be delivered in registered certificated form to such Persons, and in such maturities and principal amounts, as may be designated by DTC, but without any liability on the part of the Authority or the Trustee for the accuracy of such designation. If a successor Securities Depository is appointed, this Section 203 shall be amended through a Series 2016 Certificate of Determination as necessary to reflect such succession and to incorporate provisions required by the successor Securities Depository.

When any notices to the Owners of the Series 2016 Bonds are given by the Trustee under the Resolution, they shall be sent by the Trustee to DTC with a request that DTC forward (or cause to be forwarded) the notice to the DTC Participants so that such DTC Participants may forward (or cause to be forwarded) the notices to the Beneficial Owners. The Authority and the Trustee shall be entitled to rely on any omnibus proxy delivered by DTC and to consider those DTC Participants to whose account the Series 2016 Bonds are credited on any Record Date, as appropriate, and identified in a listing attached to the omnibus proxy, as the Owners of the aggregate amount of the Series 2016 Bonds set forth on such listing for purposes of any consent, vote or other action of the Owners of the Series 2016 Bonds under the Resolution.

The selection of a Series 2016 Remarketing Agent made by an Authorized Officer of the Authority pursuant to this

The Authorized Officers of the Authority are each hereby authorized and directed, in consultation with the Authority's financial advisor and Bond Counsel, to negotiate the terms and provisions of the Series 2016 Remarketing Agreement with each Series 2016 Remarketing Agent. The selection of the Series 2016 Credit Issuers made by an Authorized Officer of the Authority pursuant to this Section 206 shall be set forth in the Series 2016 Certificate of Determination and shall be evidenced by the execution by an Authorized Officer of the Authority and each Series 2016 Credit Issuer of a Series 2016 Credit Facility Agreement authorized by Section 207 of this Series 2016 Resolution. The selection of the Series 2016 Standby Purchasers made by an Authorized Officer of the Authority pursuant to this Section 206 shall be set forth in the Series 2016 Certificate of Determination and shall be evidenced by the execution by an Authorized Officer of the Authority and each Series 2016 Standby Purchaser of a Series 2016 Standby Agreement authorized by Section 208 of this Series 2016 Resolution.

Subject to the provisions of the Resolution, the form of each Series 2016 Bonds of each Series or sub-series and the Trustee's Certificate of Authentication thereon shall be of substantially the tenor set forth in the form of the Series 2016 Bonds attached hereto as Exhibit A with such variations, omissions and insertions thereto as are required or permitted by the Resolution, including any such variations, omissions and insertions as an Authorized Officer of the Authority may determine are necessary or advisable in connection with the issuance of any Series 2016 Bonds which are issued as variable interest rate Bonds and/or are subject to optional or mandatory tender for purchase by the Owners thereof as provided in the Resolution and which may be set forth in a revised version of the form of such Series 2016 Bonds included in the Series 2016 Certificate of Determination.

ARTICLE III

REDEMPTION OF Series 2016 Bonds

Privilege of Redemption and Redemption Price

The Series 2016 Bonds shall be subject to redemption prior to maturity as set forth or referred to in this Article III and in the Series 2016 Certificate of Determination. If and to the extent of any inconsistency between this Article III and Article IV of the General Bond Resolution, this Article III shall govern with respect to the Series 2016 Bonds. Except as otherwise provided by the second paragraph of Section 405 of the General Bond Resolution, on the Redemption Date, funds shall be deposited with the Paying Agent, in its capacity as the Trustee, to pay, and the Trustee is hereby authorized and directed to apply such funds to the payment of, the Series 2016 Bonds or portions thereof called for redemption, together with accrued interest thereon to the Redemption Date. Series 2016 Bonds subject to redemption prior to maturity shall be redeemable, upon notice as provided in this Article III, at such times, at such Redemption Prices and upon such terms, in addition to the terms contained or referred to in this Article III and the Series 2016 Certificate of Determination, as are specified in the General Bond Resolution.

Optional Redemption of Series 2016 Bonds

Each Series or sub-series of the Series 2016 Bonds shall be subject to redemption at the option of the Authority, in whole or in part in Authorized Denominations, on such dates and at such Redemption Prices as shall be set forth in the Series 2016 Certificate of Determination, subject to the provisions of Section 201(d) of this Series 2016 Resolution.

Mandatory Sinking Fund Redemption of Series 2016 Bonds

Each Series or sub-series of the Series 2016 Bonds shall be subject to mandatory redemption in part from moneys accumulated in the Debt Service Fund by reason of the payment of Sinking Fund Installments on January 1 or July 1 in the years and in the amounts as set forth in the Series 2016 Certificate of Determination, at a Redemption Price equal to one hundred percent (100%) of the principal amount thereof plus accrued interest, if any, to the Redemption Date.

Anything in the Resolution to the contrary notwithstanding, if the Authority purchases and cancels or, at its option, redeems any Series 2016 Bonds that are subject to mandatory Sinking Fund Installments, the Authority shall have the discretion to determine the manner of crediting any such purchased or redeemed Series 2016 Bonds against future Sinking Fund Installments, and such manner of crediting may be chronological, inverse chronological, pro-rata or such other manner as shall be determined by the Authority.

Selection of Series 2016 Bonds to be Redeemed

Notwithstanding anything in the Resolution to the contrary and unless otherwise set forth in the Series 2016 Certificate of Determination, if less than all of the Series 2016 Bonds of a Series or sub-series are to be redeemed and paid prior to maturity, the Series 2016 Bonds of such Series or sub-series to be redeemed shall be selected by the Authority, unless less than all of the Series 2016 Bonds of the same maturity of the same Series or sub-series shall be called for redemption, in which case the selection of the Series 2016 Bonds to be redeemed shall be made by the Paying Agent, in its capacity as the Trustee, by lot in such manner as the Trustee in its discretion shall determine. In selecting Series 2016 Bonds for redemption, the Trustee shall treat each Series 2016 Bond as representing that number of Series 2016 Bonds which is obtained by dividing the principal amount of such Series 2016 Bond by the then-minimum Authorized Denomination; *provided, however*, that no Series 2016 Bond shall be redeemed in part if the principal amount of such Series 2016 Bond to be Outstanding following such partial redemption is not an Authorized Denomination. Unless otherwise set forth in the Series 2016 Certificate of Determination, any Series 2016 Bonds of the same Series or sub-series and maturity shall be deemed to be of the same Series or sub-series and maturity, whether or not the interest rates thereon are the same. If it is determined that less than all of the aggregate principal amount of a Series 2016 Bond is to be called for redemption, then, except as may be otherwise provided in the Resolution, upon notice of the redemption of the portion of such principal amount that is to be called for redemption, the Owner of such Series 2016 Bond shall forthwith surrender such Series 2016 Bond to the Trustee for payment of the Redemption Price of the portion of such principal amount called for redemption and the Trustee shall authenticate and deliver to such Owner a new Series 2016 Bond or Series 2016 Bonds having an aggregate principal amount equal to the unredeemed balance of the principal amount of such Series 2016 Bond. If the Book-Entry System for the Series 2016 Bonds is in effect, upon a redemption of less than the entire principal amount of a maturity of the Outstanding Series 2016 Bonds of any Series or sub-series, the Trustee shall (i) either exchange the Series 2016 Bond or Series 2016 Bonds of such Series or sub-series and maturity held by the Securities Depository for a new Series 2016 Bond or Series 2016 Bonds of such maturity in the appropriate principal amount of the unredeemed portion of such maturity, if such Series 2016 Bond is presented to the Trustee by the Securities Depository, or (ii) obtain from the Securities Depository a written confirmation of the reduction in the principal amount of such Series 2016 Bonds held by the Securities Depository.

Notices

Notice of the redemption of any Series 2016 Bonds shall be given by the Paying Agent, in its capacity as the Trustee, at the direction and on behalf of the Authority by mailing a

copy of an official notice of redemption not less than thirty (30) days nor more than sixty (60) days prior to the Redemption Date to (i) each Owner of the Series 2016 Bonds to be redeemed by first class mail at their addresses appearing on the Registrar, and (ii) any entities required to receive such notice pursuant to the provisions of the Continuing Disclosure Agreement in the manner provided in the Continuing Disclosure Agreement. Notwithstanding anything in the Resolution to the contrary, notice of the redemption of any Series 2016 Bonds to be given to the Securities Depository shall be given in such manner and time as shall be required in accordance with the operating procedures of the Securities Depository.

Each notice of redemption shall state at a minimum, the complete official name of the issue, including the Series or sub-series designation, the Series 2016 Bond certificate numbers, the principal amount of each Series 2016 Bond certificate to be redeemed (for partial redemptions), the date of issue, the interest rate, the Maturity Date, the Redemption Date, the Redemption Price, the place or places of redemption, including the Paying Agent's name and appropriate address or addresses with the name of a contact person and telephone number. CUSIP numbers shall also be set forth in such notices of redemption, but the failure to provide such CUSIP numbers shall not affect the validity of the proceedings for the redemption of the Series 2016 Bonds to be redeemed.

Any notice of redemption of the Series 2016 Bonds given in accordance with the requirements of this Section 305 and Article IV of the General Bond Resolution shall be conclusively presumed to have been duly given, whether or not the Owner of any Series 2016 Bond to be redeemed actually receives such notice.

ARTICLE IV

DISPOSITION OF Series 2016 Bond PROCEEDS AND CREATION OF FUNDS AND ACCOUNTS

Disposition of Proceeds of Series 2016 Bonds and Creation of Series 2016 Clearing Fund

There is hereby established with the Trustee a fund to be designated as the Series 2016 Clearing Fund (the "**Series 2016 Clearing Fund**"), which shall be a separate trust fund held by the Trustee and entitled to the benefits and protections of the General Bond Resolution. Except as otherwise set forth in the Series 2016 Certificate of Determination, upon receipt of the net proceeds, including accrued interest, if any, from the sale of each Series or sub-series of the Series 2016 Bonds, the Trustee shall deposit all such net proceeds into the Series 2016 Clearing Fund and, thereafter, the Trustee shall transfer from the Series 2016 Clearing Fund (i) to the Debt Service Fund, an amount equal to the accrued interest, if any, on such Series or sub-series of the Series 2016 Bonds, (ii) to the Debt Reserve Fund, the amount, if any, set forth in the Series 2016 Certificate of Determination which is required to be deposited in the Debt Reserve Fund so that the amount on deposit in the Debt Reserve Fund upon the issuance of such Series or sub-series of the Series 2016 Bonds shall at least equal the Debt Reserve Requirement, (iii) if such sub-series of the Series 2016 Bonds is comprised of New Money Bonds, to the Series 2016 Project Account (which is hereby established) within the Construction Fund, an amount, as determined in the Series 2016 Certificate of Determination to be applied to pay the Costs of Construction of the Series 2016 Project (including capitalized interest on all or a portion of such Series or sub-series of the Series 2016 Bonds, any premium relating to a Bond Insurance Policy for such Series or sub-series of the Series 2016 Bonds and any other costs of issuance of such Series or sub-series of the Series 2016 Bonds), (iv) if such Series or sub-series of the Series 2016 Bonds is comprised of Refunding Bonds, to the Escrow Agent, for deposit to the Escrow Account, the amount set forth in the Series 2016 Certificate of Determination which is to be applied to the refunding, purchase, redemption, retirement and/or defeasance of the Refunded Bonds as provided in the Escrow Agreement, (v) if such Series or sub-series of the Series 2016 Bonds is

comprised of Refunding Bonds, to the Series 2016 Project Account, the amount, if any, set forth in the Series 2016 Certificate of Determination to be applied to the payment of any premium relating to a Bond Insurance Policy for such Series or sub-series of the Series 2016 Bonds and any other costs of issuance of such Series or sub-series of the Series 2016 Bonds, and (vi) to such other Funds or Accounts and for such other purposes as may be determined in the Series 2016 Certificate of Determination.

ARTICLE V

Sale of Series 2016 Bonds and Execution of Documents

The Authorized Officers of the Authority are, and each such Authorized Officer of the Authority is, hereby authorized and directed, in consultation with the Authority's financial advisor and Bond Counsel, to determine, based on the market conditions existing at the time of such determination, the availability of Credit Facilities and/or Standby Agreements for the Series 2016 Bonds at cost effective prices, and such other factors as such Authorized Officer of the Authority may deem relevant, whether it would be in the best interest of the Authority to sell each Series or sub-series of the Series 2016 Bonds (i) in a public offering pursuant to a Bond Purchase Agreement entered into between the Authority and the Underwriters for such Series or sub-series in accordance with subsection (c) of this Section 501, or (ii) in a private, direct purchase sale pursuant to a Direct Purchase Agreement entered into between the Authority and the Direct Purchaser of such Series or sub-series in accordance with subsection (e) of this Section 501. Any such determination made by an Authorized Officer of the Authority in accordance with the preceding sentence shall be set forth in the Series 2016 Certificate of Determination executed by an Authorized Officer of the Authority in accordance with Section 511 of this Series 2016 Resolution.

If an Authorized Officer of the Authority determines that it would be in the best interest of the Authority to sell a Series or a sub-series of the Series 2016 Bonds in a public offering as provided in subsection (a) of this Section 501, the Authorized Officers of the Authority are, and each such Authorized Officer of the Authority is, hereby authorized and directed to select, in consultation with the Authority's financial advisor and Bond Counsel and in accordance with the rules and procedures of the Authority governing such selection, one or more firms or entities to serve as a underwriter of the public offering of such Series or sub-series (the "Underwriters"). The selection of the Underwriters for such Series or sub-series made by an Authorized Officer of the Authority pursuant to the preceding sentence shall be set forth in the Series 2016 Certificate of Determination and shall be evidenced by the execution by an Authorized Officer of the Authority and the Underwriters of such Series or sub-series of a Bond Purchase Agreement authorized by subsection (c) of this Section 501.

If an Authorized Officer of the Authority determines that it would be in the best interest of

the Authority to sell a Series or sub-series of the Series 2016 Bonds in a public offering as provided in subsection (a) of this Section 501, the Authorized Officers of the Authority are, and each such Authorized Officer of the Authority is, hereby authorized and directed, in consultation with the Authority's financial advisor and Bond Counsel, to prepare, or caused to be prepared, a bond purchase agreement relating to such Series or sub-series of the Series 2016 Bonds, by and between the Authority and the Underwriters (each a "Bond Purchase Agreement"), in customary form and in form and substance reasonably satisfactory to the Authorized Officer of the Authority executing the Bond Purchase Agreement; *provided, however*, that (i) the compensation to be paid to the Underwriters in accordance with the Bond Purchase Agreement shall not exceed \$4.00 per \$1,000.00 of the principal amount of such Series or sub-series of the Series 2016 Bonds, (ii) the aggregate principal amount, the final maturity date or dates, the average true interest cost or the initial interest rate, and the Redemption Price of the Series 2016 Bonds of such Series or sub-series shall not exceed the limitations set forth in subsection (d) of Section 201 of this Series 2016 Resolution, and (iii) the provisions of the Bond Purchase Agreement shall otherwise be acceptable to such Authorized Officer of the Authority (which acceptance shall be evidenced by such Authorized Officer's execution and delivery of such Bond Purchase Agreement). The Authorized Officers of the Authority are each hereby authorized and directed, in consultation with the Authority's financial advisor and Bond Counsel, to negotiate the terms and provisions of the Bond Purchase Agreement with the Underwriters. The Authorized Officers of the Authority are, and each such Authorized Officer of the Authority is, hereby authorized and directed on behalf of the Authority to approve the terms and provisions of the Bond Purchase Agreement, execute and deliver the Bond Purchase Agreement to the Underwriters and carry out or cause to be carried out all obligations of the Authority under the Bond Purchase Agreement.

If an Authorized Officer of the Authority determines that it would be in the best interest of the Authority to sell a Series or sub-series of the Series 2016 Bonds in a private, direct purchase sale as provided in subsection (a) of this Section 501, the Authorized Officers of the Authority are, and each such Authorized Officer of the Authority is, hereby authorized and directed to select, in consultation with the Authority's financial advisor and Bond Counsel and in accordance with the rules and procedures of the Authority governing such selection, one or more banks, financial institutions, firms and/or other entities to purchase such Series or sub-series of the Series 2016 Bonds directly from the Authority (the "Direct Purchaser"). The selection of the Direct Purchaser for such Series or sub-series made by an Authorized Officer of the Authority pursuant to the preceding sentence shall be set forth in the Series 2016 Certificate of Determination and shall be evidenced by the execution by an Authorized Officer of the Authority and the Direct Purchaser of such

Series or sub-series of a Direct Purchase Agreement authorized by subsection (e) of this Section 501.

Any such determination made by an Authorized Officer of the Authority in accordance with the preceding sentence may be made prior to, simultaneously with, or subsequent to, the issuance of any Series or sub-series of the Series 2016 Bonds and shall be set forth in the Series 2016 Certificate of Determination executed by an Authorized Officer of the Authority in accordance with Section 511 of this Series 2016 Resolution. notional amount of any Existing Swap Agreement be increased or the stated termination date of any Existing Swap Agreement be extended as a result of any such amendments, supplements or modifications, (ii) to the extent that such amendments, supplements or modifications result in the Authority continuing to have an obligation to pay a fixed rate under any Existing Swap Agreement, such fixed rate payable by the Authority shall not exceed seven percent (7.00%) per annum, and (iii) to the extent that such amendments, supplements or modifications, including any amendments, supplements or modifications converting any Existing Swap Agreements to a basis swap, result in the Authority having an obligation to pay a floating rate under any Existing Swap Agreement, the interest rate or index upon which such floating rate is based shall be the interest rate or index which such Authorized Officer of the Authority shall determine, in consultation with the Authority's financial advisor and Bond Counsel, to be the most advantageous to the Authority.

In addition to the transactions authorized by subsections (a) and (b) of this Section 510, the Authorized Officers of the Authority are, and each such Authorized Officer of the Authority is, hereby authorized and directed, in consultation with the Authority's financial advisor and Bond Counsel, to determine, based on the market conditions existing at the time of such determination and such other factors as such Authorized Officer of the Authority may deem relevant, whether it would be in the best interest of the Authority to enter into one or more Qualified Swaps and/or Exchange Agreements relating to the Series 2016 Bonds or in replacement or substitution for any Existing Swap Agreement (collectively, the "Series 2016 Swap Agreements"). Any such determination made by an Authorized Officer of the Authority in accordance with the preceding sentence may be made prior to, simultaneously with, or subsequent to, the issuance of any Series or sub-series of the Series 2016 Bonds and shall be set forth in the Series 2016 Certificate of Determination executed by an Authorized Officer of the Authority in accordance with Section 511 of this Series 2016 Resolution. If an Authorized Officer of the Authority determines that it would be in the best interest of the Authority to do so as provided above in this subsection (c) of Section 510, the Authorized Officers of the Authority are, and each such Authorized Officer of the Authority is, hereby authorized to enter into one or more Series 2016 Swap Agreements containing a notional amount, scheduled termination date, payment and security terms, and such other terms and conditions as such Authorized Officer of the Authority shall determine, in consultation with the Authority's financial advisor and Bond Counsel, to be the most advantageous to the Authority; provided, that (i) the maximum aggregate notional amount of all of the Series 2016 Swap Agreements shall not exceed \$575,040,000, (ii) the scheduled termination date of any Series 2016 Swap Agreement shall not be later than the final maturity date of the related Series or sub-series

of the Series 2016 Bonds or the stated termination date of the Existing Swap Agreement being replaced, (iii) the maximum fixed rate payable by the Authority under any Series 2016 Swap Agreement shall not exceed seven percent (7.00%) per annum, (iv) the notional amount of each Series 2016 Swap Agreement shall not exceed, and shall amortize on the same schedule as, the principal amount of the related Series or sub-series of the Series 2016 Bonds amortizes or the notional amount of the Existing Swap Agreement being replaced amortizes, (v) to the extent that the Authority has an obligation to pay a floating rate under any Series 2016 Swap Agreement, the interest rate or index upon which such floating rate is based shall be the interest rate or index which such Authorized Officer of the Authority shall determine, in consultation with the Authority's financial advisor and Bond Counsel, to be the most advantageous to the Authority, and (vi) the ratings of the long term unsecured and unenhanced senior debt of the counterparty to any Series 2016 Swap Agreement shall be equal to or higher than at least two of the following ratings: (A) with respect to Moody's: "A2"; (B) with respect to S&P: "A"; and (C) with respect to Fitch: "A". Notwithstanding anything in this Series 2016 Resolution to the contrary, upon compliance with the provisions of this subsection (c) of Section 510, the Authorized Officers of the Authority are, and each such Authorized Officer of the Authority is, hereby authorized to enter into one or more Series 2016 Swap Agreements which require the Authority to pay a higher fixed rate to the counterparty than would otherwise be payable based upon then current market conditions if such higher fixed rate is necessary to compensate the counterparty for having made a termination payment on behalf of the Authority which is due and owing by the Authority in connection with the optional termination by the Authority of one or more of the Existing Swap Agreements in whole or in part. The payment obligations of the Authority and of the counterparty under each Series 2016 Swap Agreement, other than any payment obligations relating to an early termination of such Series 2016 Swap Agreement, shall commence on the date or dates set forth in such Series 2016 Swap Agreement, which date or dates may be subsequent to the date of the execution and delivery of such Series 2016 Swap Agreement. Pursuant to and in accordance with Section 201 of the General Bond Resolution, the Authority hereby finds and determines that the Series 2016 Swap Agreements will assist the Authority in more effectively managing its interest costs. Each Series 2016 Swap Agreement shall constitute a Qualified Swap or an Exchange Agreement for all purposes of the General Bond Resolution as determined by an Authorized Officer of the Authority in the Series 2016 Certificate of Determination executed by such Authorized Officer of the Authority in accordance with Section 511 of this Series 2016 Resolution. Any termination payment payable by the Authority under the Series 2016 Swap Agreements may be paid from proceeds of a Series of Bonds issued pursuant to Section 203 of the General Bond

Resolution.

Notwithstanding anything in this Series 2016 Resolution to the contrary, if an Authorized Officer of the Authority, in consultation with the Authority's financial advisor and Bond Counsel, determines that the Authority can achieve the same outcome as may be intended as a result of any amendment to any Existing Swap Agreement authorized in this Section 510 on terms more favorable to the Authority by entering into a Series 2016 Swap Agreement to restructure the cash flow of any Existing Swap Agreement rather than amending such Existing Swap Agreement, the Authorized Officers of the Authority are, and each such Authorized Officer of the Authority is, hereby authorized and directed, to enter into such Series 2016 Swap Agreement upon compliance with the terms and provisions of subsection (c) of this Section 510; provided, however, that (i) the notional amount of such Series 2016 Swap Agreement shall not exceed the notional amount of the Existing Swap Agreement to which it relates, and (ii) the stated termination date of any such Series 2016 Swap Agreement shall not be later than the stated termination date of the Existing Swap Agreement to which it relates.

The Authorized Officers of the Authority are each hereby authorized and directed, in consultation with the Authority's financial advisor and Bond Counsel, to negotiate the terms of and to execute and deliver such documents and instruments as may be necessary or appropriate in connection with any of the transactions relating to the Existing Swap Agreements and the Series 2016 Swap Agreements authorized pursuant to this Section 510, including, without limitation, any one or more ISDA master agreements and confirmations or amended and restated confirmations thereunder or under existing ISDA master agreements, and such annexes, schedules, and other agreements and instruments as may be required in connection therewith.

To the extent that there are any inconsistencies between the provisions of this Section 510 and the provisions of any resolution previously adopted by the Authority, the provisions of this Section 510 shall control and the provisions of any such resolution are hereby superseded and/or amended to conform to the provisions of this Section 510 to the extent of any such inconsistency.
