166-04-2013 **Genetec Platform Maintenance Support**
IBM Corporation
R-99865
Budget Code: 010 00 830 427010
State Contract No. 70265 expiring 8/31/2014
Amount: \$155,808.00

Under this contract, IBM will provide the Authority with a 3-year software support contract for the Genetec platform. Presently, Genetec is the only application the Authority uses to view all roadway cameras along the Turnpike and Parkway. The number of cameras currently on the system is growing with each ITS Data Point installation. In addition, this software will expand to include all security cameras as the Authority standardizes on a single video platform. Support for this product is required to ensure availability and software stability.

167-04-2013 **Voice and Unified Communications Hardware**
ePlus Technology, Inc.
RM-99903
Budget Code: 040 00 830 156555 04007002
State Contract No. 83083 expiring 5/31/14
Amount: \$3,000,000.00

Under this contract, ePlus Technology, Inc. will provide hardware for the Cisco Voice and Unified Communications Platform which introduces new standards and related support services that will sustain the Authority's security policies, leverage the Authority's fiber network, reduce total cost of ownership, and provide a level of redundancy and resiliency which does not exist on the current telephony platform. In addition, enhanced features such as mobility, unified communications, collaboration tools, support for mobile devices, the ability to integrate with other deployed IP platforms, as well as seamless integration with other IP telephony investments can be accomplished. This platform will allow the Authority to consolidate the total number of core hardware by two-thirds.

168-04-2013 **Voice and Unified Communications Services**
ePlus Technology, Inc.
RM- 99904
Budget Code: 040 00 830 156555 04007002
State Contract No. 83083 expiring 5/31/14
Not to Exceed Amount: \$ 790,000.00

These services are essential to successfully install and configure the newly procured telephony hardware. Authorization is requested to award ePlus a consulting services contract for the implementation and configuration of these products. These Services include, but are not limited to, design planning, architecture workshops, software installation and configuration, hardware configuration, logistics coordination, project management, site surveys, design documentation, implementation and migration planning, license installation, wiring tasks, admin training, and end-user training. These services are not to exceed \$790,000.

169-04-2013 **Wireless Controllers**
ePlus Technology, Inc.
R-99886
Budget Code: 080 00 830 156555 08007047
State Contract No. 83083 expiring 5/31/14
Amount: \$99,574.35

The ITS Department has requisitioned the purchase of wireless controllers. The current NJTA Wireless Controllers which manage all Wireless Access Points (APs) throughout the Authority are approximately 7 years old. These devices are end-of-life and end-of-support. In fact the new APs which are currently being manufactured by the vendor will not communicate with the current infrastructure. Due to the increasing demand of wireless communications which require new APs, the items are required to provide fast, redundant, and reliable services. Currently, there are APs located in every administration building and district and the footprint is constantly increasing.

170-04-2013 **Data Storage Area Networks**
IBM Corporation
R-99883
Budget Code: 040 00 830 650040 04000029
State Contract No. 70265 expiring 8/31/14
Amount: \$75,000.00

The ITS Department has requisitioned an upgrade to the Storage Area Networks (SAN) located in Hamilton and Woodbridge. These networks are vital to the Authority as they store all Authority data, with the exception of toll transactions. Storage space is limited and an upgrade to support funded 2013 projects is required. In order to meet this demand, ITS needs to add 15TB of storage space to the existing IBM XIV SAN in Woodbridge and 10TB of storage space in Hamilton.

171-04-2013 **Network Installation Manager Servers**
IBM Corporation
R-99877
Budget Code: 040 00 830 156555 04000022
State Contract No. 70265 expiring 8/31/14
Amount: \$59,957.46

The ITS Department has requisitioned two IBM Network Installation Manager servers, due to the increase of mission critical applications which run on the AIX Operating System. These servers play a crucial role in managing, updating, backing up and restoring all AIX servers. In addition, ITS will increase capacity and improve performance on existing P7 servers by increasing their memory and CPU speeds. This upgrade is required in order to support multiple PeopleSoft projects in 2013.

AGENDA FOR THE NEW JERSEY TURNPIKE AUTHORITY
BOARD MEETING: APRIL 30, 2013

172-04-2013 **Computer Hardware Refresh**
Hewlett Packard Corporation
R-99580
Budget Code: 010 00 830 480030
State Contract No. 70262 expiring 8/31/14
Amount: \$168,212.86

The ITS Department has requisitioned a contract to purchase 24 computer workstations, 125 thin clients, 23 laptops, 65 monitors, and 5 printers that are required to support the Authority's end-user computing hardware refresh initiative. This project occurs on an annual basis and replaces approximately 15% of the Authorities end-user computer infrastructure. This systematic approach, enables ITS to provide the latest technologies while reducing expensive support costs related to end-of-life hardware. This approach has the least impact on the Authority's end-users and allows everyone to adjust to new technologies without adversely effecting productivity and hardware stability.

173-04-2013 **Data Domain Storage**
Aspire Technology Partners
R-99871
Budget Code: 040 00 830 650040 04000034
State Contract No. 75580 expiring 8/31/14
Amount: \$154,606.00

The ITS Department has requisitioned the purchase of additional hard disk space due to ongoing projects budgeted in 2013 and the increase of data on existing systems. Currently, NJTA performs regular backups of multiple mission critical data from various sources onto hard disks via the NJTA network. This procurement will add disk shelves, ultimately providing an additional 50% of storage which will allow the Authority to maintain critical information in accordance with the retention policy.

174-04-2013 **Copier Rental and Maintenance**
Ricoh Americas Corporation
RM-99905
Budget Code: Various
State Contract No. 82709 expiring 6/30/14
Not to Exceed Amount: \$300,000.00

Under this contact, Ricoh Americas Corporation will supply 54 copiers to the Authority and combine into one leased contract. Currently, the Authority either rents, via multiple agreements, or owns all the copiers deployed throughout the Authority. The combined cost of the previous agreements was approximately \$340,000.00 per year and the cost of a new four-year agreement will be \$250,000 per year, a savings of \$90,000.00 annually. These savings are achievable by sizing the copiers based on their actual usage and not installing the same model in all locations, causing many sites to have oversized copiers. In addition, these new models will eliminate the need for Authority employees to visit every copier and report usage statistics. Lastly, the new copiers will integrate with the new voice deployment which as a fax component, thus enabling the Authority to leverage the device as a copier, printer, and/or fax.
