

Document Change Announcement

2007 Procedures Manual

DCA2008-PM-02

DATE: July 20, 2010

Subject: Revision to Subsection 3.4.4.2 of the Procedures Manual

Description of Change

Changes have been made to introduce the LRFR manual to design engineers and stipulate its usage for new and rehabilitation bridge design projects. An additional requirement to submit LRFR load ratings as part of Phase C submission has been added to inform the design engineer.

Instructions to Designers and Consultants

Effective immediately, the revisions contained in this announcement shall be applied to all projects in every phase of design. For advertised contracts awaiting the opening bids, this revision shall be incorporated via addendum, if applicable. Contact your NJTA Project Manager for instructions. Attached revision is noted in italics.

Designers may access these revisions in the NJTA Procedures Manual, which is available on the Authority's Web Page: <http://www.state.nj.us/turnpike/nj-buss.htm>.

Information for In-House Staff

The revisions have been incorporated into the Procedures Manual, which is available on the S: / drive @ S:\Project Files\Design-Procedures Manual. Please distribute the information to your respective Project Managers and have them direct their consultants appropriately.
