**DCA2013-DM-01**

**DATE: January 10, 2013**

**Subject: Revisions to Section 12 of the Design Manual**

**Description of Change**

Changes to the Environmental Engineering section of the Design Manual are being implemented to clarify the responsibilities of the design consultant relative to environmental investigations including that of the Licensed Site Remediation Professional.

**Instructions to Designers and Consultants**

Effective immediately, the revisions contained in this announcement shall be applied to all projects that have not reached Phase C of design. Contact your NJTA Project Manager for instructions. Attached revision is noted in italics.

Designers may access these revisions in the NJTA Design Manual, which is available on the Authority's Web Page: <http://www.state.nj.us/turnpike/professional-services.html>.

**Information for In-House Staff**

The revisions have been incorporated into the Design Manual, which is available on the S drive @ S:\Project Files\Design-Procedure Manual. Please distribute the information to your respective Project Managers and have them direct their consultants appropriately.
