

Document Change Announcement

Standard Drawings

DCA 2010-SD-01

February 2, 2010

Subject: Revisions to Standard Drawings

Description of Change

Standard Drawing SI-13, SI-17A, S-18B, VM-1, VM-8, VM-13, VM-14, VM-16 and VM-17 have been revised to reflect a new ASTM anchor bolt. Standard Drawing SI-18A was modified to eliminate the butterfly details and SI-18-C is an original drawing with improved construction details for the butterfly type signs. Standard Drawing SI-19 is an original drawing with all necessary sign structure lighting details. Notes and details regarding conduits were added to Standard Drawings SI-22, SI-22A and SI-22B. The end cap details were improved on Standard Drawings VM-11 and VM-13. VM-8 and VM-9 were revised to reflect changes for the forthcoming Changeable Message Sign Structure Standard Drawings.

Instructions to Designers and Consultants

Effective immediately, the revisions contained in this announcement shall be applied to all projects in every phase of design. For advertised contracts awaiting the opening bids, this revision shall be incorporated via addendum, if applicable. Contact your NJTA Project Manager for instructions. Attached revision is noted in italics.

Designers may access these revisions in the NJTA Standard Drawings, which is available on the Authority's Web Page: <http://www.state.nj.us/turnpike/NJTA-Standard-Drawings.htm>

Information for In-House Staff

The revisions have been incorporated into the Standard Drawings, which are available on the NJTA website: <http://www.state.nj.us/turnpike/NJTA-Standard-Drawings.htm>. Please distribute the information to your respective Project Managers and have them direct their consultants appropriately.
