

Document Change Announcement

Standard Drawings

DCA2011-SD-02

DATE: March 4, 2011

Subject: Revisions to Standard Drawings

Description of Change

Standard Drawing BR-16 has been created to provide necessary details for box girder pier cap drainage and hatch covers. Providing these details will ensure consistency in design of new structures as well as for revisions to existing structures.

Instructions to Designers and Consultants

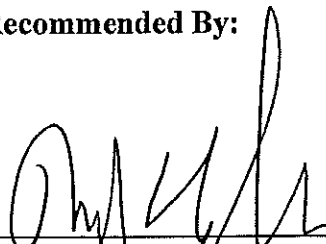

Effective immediately, the revisions contained in this announcement shall be applied to all projects in every phase of design. For advertised contracts awaiting the opening bids, this revision shall be incorporated via addendum, if applicable. Contact your NJTA Project Manager for instructions. Attached revision is noted in italics.

Designers may access these revisions in the NJTA Standard Drawings, which is available on the Authority's Web Page: <http://www.state.nj.us/turnpike/standard-drawings.html>.

Information for In-House Staff

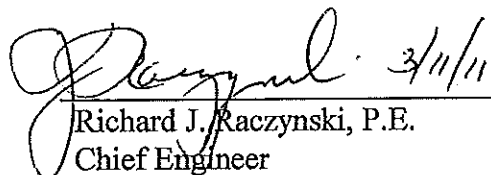

The revisions have been incorporated into the Standard Drawings, which is available on the Authority's Web Page: <http://www.state.nj.us/turnpike/standard-drawings.html>. Please distribute the information to your respective Project Managers and have them direct their consultants appropriately.
