**Section 438 Seismic Isolation Bearings, Subsection 438.10 Isolator Testing**

The corresponding changes to the specifications apply to all contracts.

#### **Instructions to NJTA Staff, Designers and Consultants**

Effective immediately, all contracts currently in the design phase shall incorporate the revisions listed herein. For advertised contracts awaiting the opening of bids this revision may be incorporated via addendum. Contact your NJTA Project Manager for instruction. Attached revision is as noted.

Designers may access these revisions in the Standard Supplementary Specification, which is available on the following Authority Web Page: <http://www.state.nj.us/turnpike/professional-services.html>  
These additions have been incorporated into the 2004 Standard Supplementary Specification, which is available on the S:/drive. Please distribute the information to your Project Managers and have them direct their consultants appropriately.
