*2004 Standard Supplementary Specifications*

**DCA2011SS-07**

**Painting Steel Structures**

**April 6, 2011**

**Subject: Revisions to Section 411 Painting and Repainting Steel Structures, Subsections 411.03 Thickness of Paint, 411.04 General Precautions, 411.05 Cleaning and Painting Steel Structures, 411.06 Cleaning and Painting New Weathering Steel; Section 913 Paints and Coatings, Subsections 913.01 Paint System A, 913.02 Coating System B, 913.03 Coating System C, 913.04 Water Tower Paint, 913.09 Moisture-Cure Urethane Coating System, 913.10 Water-Borne Acrylic Coating System**

The following changes to the specifications pertain to all contracts involving painting of steel structures.

**Instructions to NJTA Staff, Designers and Consultants**

Effective immediately, all contracts currently in the design phase shall incorporate the revisions listed herein. For advertised contracts awaiting the opening of bids this revision may be incorporated via addendum. Contact your NJTA Project Manager for instruction. Attached revision is noted in *italics*.

Designers may access these revisions in the Standard Supplementary Specification, which is available on the following Authority Web Page: <http://www.state.nj.us/turnpike/professional-services.html>  
These additions have been incorporated into the 2004 Standard Supplementary Specification, which is available on the S:/drive. Please distribute the information to your Project Managers and have them direct their consultants appropriately.
