Document Change Announcement

2004 Standard Supplementary Specifications Testing of Elastomeric Bearing Pads

DCA2011SS-11

July 15, 2011

Subject: Section 408 Elastomeric Bearing Pads, Subsection 408.03 Methods of Construction

The following changes to the specifications apply to all contracts.

Instructions to NJTA Staff, Designers and Consultants

Effective immediately, all contracts currently in the design phase shall incorporate the revisions listed herein. For advertised contracts awaiting the opening of bids this revision may be incorporated via addendum. Contact your NJTA Project Manager for instruction. Attached revision is noted in ***italics***.

Designers may access these revisions in the Standard Supplementary Specification, which is available on the following Authority Web Page: <http://www.state.nj.us/turnpike/professional-services.html>
These additions have been incorporated into the 2004 Standard Supplementary Specification, which is available on the S:/drive. Please distribute the information to your Project Managers and have them direct their consultants appropriately.

Recommended By:

J. Lawrence Williams, P.E.
Assistant Chief Engineer, Construction

Approved By:

Richard J. Raczynski, P.E.
Chief Engineer
