# *Document Change Announcement*

*2004 Standard Supplementary Specifications  
Methacrylate Crack Sealer for High Performance Concrete*

**DCA2010SS-20**

**August 3, 2010**

**Subject: Revisions to Section 434 High Performance Concrete (HPC),  
Subsection 434.02 Materials; Section 923 Miscellaneous, Subsection  
923.06 Dampproofing and Waterproofing**

The following changes to the specifications pertain to contracts specifying high performance concrete.

### **Instructions to NJTA Staff, Designers and Consultants**

Effective immediately, all contracts currently in the design phase shall incorporate the revisions listed herein. For advertised contracts awaiting the opening of bids this revision may be incorporated via addendum. Contact your NJTA Project Manager for instruction. Attached revision is noted in *italics*.

Designers may access these revisions in the Standard Supplementary Specification, which is available on the following Authority Web Page: <http://www.state.nj.us/turnpike/professional-services.html>  
These additions have been incorporated into the 2004 Standard Supplementary Specification, which is available on the S:/drive. Please distribute the information to your Project Managers and have them direct their consultants appropriately.
