Document Change Announcement

2004 Standard Supplementary Specifications

DCA2010SS-32

Structural Steel Preassembly

November 17, 2010

**Subject: Revisions to Section 403 Steel Structures, Subsection 403.03
Inspection and Testing, 403.08 Shipping, Handling and Erection**

The following changes to the specifications pertain to all contracts which involve structural steel for new bridges or structural steel for widened existing bridges with two new lines of girders or more.

Instructions to NJTA Staff, Designers and Consultants

Effective immediately, all contracts currently in the design phase shall incorporate the revisions listed herein. For advertised contracts awaiting the opening of bids this revision may be incorporated via addendum. Contact your NJTA Project Manager for instruction. Attached revision is noted in *italics*.

Designers may access these revisions in the Standard Supplementary Specification, which is available on the following Authority Web Page: <http://www.state.nj.us/turnpike/professional-services.html>
These additions have been incorporated into the 2004 Standard Supplementary Specification, which is available on the S:/drive. Please distribute the information to your Project Managers and have them direct their consultants appropriately.
