RESPONSE TO INQUIRIES REQUEST FOR BIDS R-141274 --- MASTIC MIXERS

Dear Sir/Madam:

Below is the New Jersey Turnpike Authority's response to an inquiry received with respect to the above-referenced Request for Bid ("RFB").

Response to Inquiry:

1. **QUESTION:** What brand and type of material will be used in these Mastic Melters?

ANSWER: The definition of the material needed to use in these mastic mixers is "it is a combination of flexibility and adhesion of rubberized asphalt sealants with the strength and qualities of engineered aggregates" (it is not crack seal material). Some of the characteristics of mastic material are that it is:

- Flexible
- Bonds to pavement
- Waterproof seal
- No compacting required
- Self-leveling

ALL OTHER DATA REMAINS IN EFFECT.

BID DUE DATE AND TIME: WEDNESDAY, JUNE 20, 2018 AT 11:30 AM EST.

Very truly yours,

Andrea E. Ward, Director
Procurement and Materials Management
