PUBLIC COMMENT

Murray Bodin

Bodin commented that he felt the existing traffic line striping on the Turnpike and Garden State Parkway should be changed.

ooo0ooo

CHAIR COMMENTS

Chair Gutierrez-Scaccetti advised Bodin that he can work with Executive Director Keller to work on a solution to this issue with Chief Engineer Fischer and Director of Operations Dunn.

ooo0ooo

EXECUTIVE DIRECTOR COMMENTS

Executive Director Keller advised the Authority review committee is working diligently on the Diane B. Allen Equal Pay Act evaluations, no adjustments are proposed at today's meeting, but we anticipate in the future months there will be additional groups presented. Keller further stated, Chief Engineer Fischer, Director of Operations Dunn and Director of Maintenance McGoldrick are actively assessing pavement conditions. Keller advised they have received input from the asphalt industry, academia, consultants and contractors to resolve current concerns with the condition of our pavement. Keller reported that at the recent ACECNJ awards banquet, 2 Turnpike Authority projects were up for awards, GSP Interchange 163, and Interchange 14A on the Turnpike and the 14A project won the grand honor. Keller thanked Rob Fischer, Lisa Navarro and Joe Sheedy for their great effort on this project and wished everyone luck in Washington in May for the National Award.

ooo0ooo

COMMISSIONER COMMENTS

Treasurer DuPont commented that he went to a meeting in Atlantic City this past weekend and drove on the Garden State Parkway and said it was a pleasure to drive on such a well maintained roadway and said you should all be very proud of everything that has been accomplished.

ooo0ooo

CHAIR COMMENTS

Chair Gutierrez-Scaccetti wanted to congratulate John Keller and his team and Major Giampietro and all of Troop D on the opening of the Newark station this Friday, March 29th. Chair apologized for not being able to attend, but thanked Vice Chairman Gravino for stepping in on her behalf. Chair also wanted to thank Operations, Maintenance, State Police and the leadership team for their hard work this snow season. This winter was tough on all of our pavement and we will try to get it up to our high-quality standards after a bizarre winter. Chair also thanked all of the men and women of the Maintenance Department for a successful snow season and keeping

032436

our patrons safe.

PUBLIC BID-AWARD OF CONTRACTS

075-03-2019

In a document dated February 27, 2019, **Recommendation to Award Contract No. T200.502, New Jersey Turnpike, Stavola Contracting Co., Inc., Roadway Resurfacing and Interchange 11 Ramp TNO Improvements, Milepost 83 to 122 (2019), RM-146836, Budget Code: 030C10002E, Funding Allocation: \$15,859,156.15, FY 2019, \$1,800,000.00, FY 2020, Amount: \$17,659,156.15**, was approved.

This contract involves pavement removal and resurfacing with Hot Mix Asphalt Surface Course Pavement along Turnpike mainline roadways, ramps, shoulders, maintenance U-turns, Z-

turns, toll plazas and other incidental work at various locations. The work also includes widening along the Interchange 11 Ramp to the northbound mainline roadway to modify the acceleration lane to improve traffic flow. All work is from Milepost 83 to 122 in Middlesex, Union, Essex, Hudson and Bergen Counties and is expected to be substantially complete in 2019.

Three bid proposals were received on February 20, 2019 for the above publicly advertised contract, as shown on the attached bid summary sheet. The bid proposal, in the amount of \$17,659,156.15, may be compared to the second low bidder in the amount of \$18,865,865.00. The bids were lower than the Engineer's Estimate in the amount of \$19,066,650.00 due to a moderation in the price of asphalt and fuel. The low bidder Stavola Contracting Co., Inc. has performed work for the Authority and is considered competent to complete this contract.

It is, therefore, recommended that Contract No. T200.502 be awarded to the low bidder, Stavola Contracting Co., Inc. of Red Bank, New Jersey, in the amount of \$17,659,156.15 which is allocated as follows: \$15,859,156.15 for FY 2019 and \$1,800,000.00 for FY 2020. This award is contingent upon the Treasurer of the State of New Jersey completing the review of all documents submitted by the selected awardee, pursuant to Public Law 2005, Chapter 51 (formerly Executive Order 134) and Executive Order 117 (Corzine 2008), and having no objection to same. Bids for this work were procured, and the authorization being sought is to award this contract to the lowest responsible bidder, in accordance with N.J.S.A. 27:23-6.1, N.J.A.C. 19:9-2.2, and Executive Order No. 37 (Corzine 2006).

The General Consultant, HNTB Corporation, concurs with this recommendation.

076-03-2019

In a document dated March 6, 2019, **Recommendation to Award Contract No. T700.503, New Jersey Turnpike, South State, Inc., Replacement of Service Areas 6-S & 6-N, Water Supply System, RM-147659, Budget Code: 39003035, Amount: \$1,059,546.00**, was approved.

This contract will provide for the replacement of an existing 8-inch water main that crosses the Turnpike mainline between the Richard Stockton and Woodrow Wilson Service Areas. The existing water main is nearing the end of its service life and requires replacement to maintain uninterrupted water supply to both services areas.

Eight bid proposals were received on March 5, 2019 for the above publicly advertised contract, as shown on the attached bid summary sheet. The bid proposal, in the amount of \$1,059,546.00, may be compared to the Engineer's Estimate in the amount of \$1,010,095.00. The low bidder South State, Inc. has performed work for the Authority and is considered competent to complete this contract.

It is, therefore, recommended that Contract No. T700.503 be awarded to the low bidder,

032438

South State, Inc. of Bridgeton, New Jersey, in the amount of \$1,059,546.00. This award is contingent upon the Treasurer of the State of New Jersey completing the review of all documents submitted by the selected awardee, pursuant to Public Law 2005, Chapter 51 (formerly Executive Order 134) and Executive Order 117 (Corzine 2008), and having no objection to same. Bids for this work were procured, and the authorization being sought is to award this contract to the lowest responsible bidder, in accordance with N.J.S.A. 27:23-6.1, N.J.A.C. 19:9-2.2, and Executive Order No. 37 (Corzine 2006).

The General Consultant, HNTB Corporation, concurs with this recommendation.

077-03-2019

In a document dated March 7, 2019, Recommendation to Award Contract No. A900.485, New Jersey Turnpike and Garden State Parkway, Daidone Electric, Inc., Roadway Weather Information System Stations, RM-147667, Budget Code: 080C00012, Funding Allocation, \$2,204,000.00 FY 2019, \$250,000.00 FY 2020, Amount: \$2,454,000.00, was approved.

This contract involves the installation of Roadway Weather Information System (RWIS) Stations at twenty-four (24) locations from Milepost 1.25 to 120.1 on the Turnpike and Milepost 4.1 to 166.3 on the Garden State Parkway. Each RWIS Station includes atmospheric sensors, cameras, in-pavement sensors, electrical power and communications, foundations, roadside safety features to protect the stations and other related work on the Turnpike and Parkway. All work under this construction is expected to be substantially complete in December 2019.

Three bid proposals were received on March 1, 2019 for the above publicly advertised contract, as shown on the attached bid summary sheet. The apparent low bid proposal, in the amount of \$2,454,000.00, may be compared to the Engineer's Estimate in the amount of \$2,068,555.00. An evaluation of the bid proposals identifies that the Engineer's Estimate significantly under estimated the unit cost associated with the activation and testing of the sensors. However, the evaluation of all bidder's costs determined that low bid unit price of this item as submitted by the low bidder is reasonable. The low bidder Daidone Electric, Inc. has performed work for the Authority and is considered competent to complete this contract.

It is, therefore, recommended that Contract No. A900.485 be awarded to the low bidder, Daidone Electric, Inc. of Newark, New Jersey, in the amount of \$2,454,000.00 which is allocated as follows: \$2,204,000.00 for FY 2019 and \$250,000.00 for FY 2020. This award is contingent upon the Treasurer of the State of New Jersey completing the review of all documents submitted by the selected awardee, pursuant to Public Law 2005, Chapter 51 (formerly Executive Order 134) and Executive Order 117 (Corzine 2008), and having no objection to same. Bids for this work were procured, and the authorization being sought is to award this contract to the lowest responsible bidder, in accordance with N.J.S.A. 27:23-6.1, N.J.A.C. 19:9-2.2, and Executive

Order No. 37 (Corzine 2006).

The General Consultant, HNTB Corporation, concurs with this recommendation.

ORDER FOR PROFESSIONAL SERVICES (OPS)

078-03-2019

In a document dated March 7, 2019, **Recommendation to Issue Order for Professional Services No. A3699, New Jersey Turnpike and Garden State Parkway, Dewberry Engineers Inc., Supervision of Construction Services for Contract No. A900.485, Roadway Weather Information System Stations, RM-147674, Budget Code: 080C00012, Funding Allocation \$500,000.00 FY 2019, \$105,000.00, FY 2020, Amount: \$605,000.00**, was approved.

This Order for Professional Services will provide supervision of construction services for Contract No. A900.485, Roadway Weather Information System Stations. These services include construction inspection, material testing, record keeping, preparation of payment estimates and other services required to ensure compliance with the contract documents.

This assignment is classified as a "Simple Project" based on the scope of work being clearly defined and not likely to change during the course of the project, and the cost not exceeding \$2,000,000.00. The solicitation for Expressions of Interest (EOIs) was posted on the Authority's website and fifty-three (53) engineering firms were prequalified and eligible under Profile Code: B-153, Roadway Construction Inspection. Five firms submitted EOIs by the closing date of February 13, 2019.

Subsequent to the scoring of EOIs by the Review Committee, Fee Proposals were requested from the top three technically ranked firms. The firms in the order of ranking are: 1) Dewberry Engineers Inc.; 2) KS Engineers, P.C.; and 3) Gannett Fleming, Inc. The fee submitted by Dewberry Engineers Inc. has been reviewed and is considered to be fair and reasonable for the services to be provided.

It is, therefore, recommended that Order for Professional Services No. A3699 be issued to the firm of Dewberry Engineers Inc. of Bloomfield, New Jersey, in an amount not to exceed \$605,000.00 which is allocated as follows: \$500,000.00 for FY 2019 and \$105,000.00 for FY 2020. This amount includes reimbursement of direct salaries times a maximum multiplier of 2.35 to cover the cost of fringe benefits, overhead and profit, plus authorized direct non-salary expenses. The award is contingent upon the Treasurer of the State of New Jersey completing the review of all documents submitted by the selected awardee, pursuant to Public Law 2005, Chapter 51 (formerly Executive Order 134) and Executive Order 117 (Corzine 2008), and having no objection to same. These professional services were procured, and the recommended firm was selected, in accordance with N.J.S.A. 52:34-9.1, et seq., N.J.S.A. 27:23-6.1 of the Authority's

enabling legislation, N.J.A.C. 19:9-2.8, promulgated pursuant thereto, and Executive Order No. 37 (Corzine 2006).

079-03-2019

In a document dated March 6, 2019, Recommendation to Issue Order for Professional Services Nos. T3708 and T3709, New Jersey Turnpike, Pickering, Corts & Summerson, Inc. - OPS No. T3708, KS Engineers, P.C. - OPS No. T3709, Engineering Services for the 2019 New Jersey Turnpike Authority Bridge Inspection Program, Order for Professional Services No. T3708, New Jersey Turnpike - Group 3 Sign Structures, Milepost 98 to E118 and the Newark Bay-Hudson County Extension, Budget Code: 040E10018, RM-147677, Funding Allocation: \$400,000.00 FY 2019, \$290,000.00 FY 2020, Amount: \$690,000.00, And Order for Professional Services No. T3709, New Jersey Turnpike - Group 4 Sign Structures and High Mast Light Poles, Milepost W106 to 122, Budget Code: 040E10018, RM-147678, Funding Allocation: \$350,000.00 FY 2019, \$511,000.00 FY 2020, Amount: \$861,000.00, was approved.

Through this single procurement process, the Authority will select two consultants to furnish engineering services for sign structure and high mast light pole inspections on the New Jersey Turnpike.

The engineering services associated with OPS No. T3708 will include inspection of 188 sign structures located between Milepost 98 to 118, the Easterly alignment and Newark Bay-Hudson County Extension (NB-HCE) of the New Jersey Turnpike. The engineering services associated with OPS No. T3709 will include inspection of 131 sign structures and 82 high mast light poles located between Milepost 106 to 122, the Westerly alignment and the I-95 zone of the New Jersey Turnpike. Both OPS' include condition inspection and evaluation; data collection and input, and preparation of inspection reports.

These assignments are classified as "Simple Projects" since the scopes of work are clearly defined and not likely to change during the course of the project, and the cost of each is less than \$2,000,000.00. The Solicitation for Expressions of Interest (EOIs) was posted on the Authority's website and 36 engineering firms were prequalified and eligible under Profile Code: D280R – Bridges, NBIS Program, Routine or D281 – Sign Bridge Inspection. Seven firms submitted EOIs by the closing date of January 7, 2019.

The scoring of the EOIs by the Review Committee resulted in the following order of ranking: 1) KS Engineers, P.C.; 2) Pickering, Corts & Summerson, Inc.; and 3) Arora and Associates, P.C. These three firms were requested to submit sealed Fee Proposals. Fee Proposals submitted by the three firms have been reviewed. A review of the fee proposal of the highest technically ranked firm, KS Engineers, P.C., for OPS No. T3709 (their preferred OPS) was negotiated, which resulted in a reduction in their fee proposal. Subsequently, a review of

032440

the fee proposal of the second highest technically ranked firm, Pickering, Corts & Summerson, Inc. for OPS No. T3708 was negotiated, which resulted in a reduction in their fee proposal. Both fees are considered to be fair and reasonable for the services to be provided.

It is, therefore, recommended that Order for Professional Services No. T3708 be issued to the firm of Pickering, Corts & Summerson, Inc., of Phillipsburg, NJ, not to exceed the amount of \$690,000.00 allocated as follows: \$400,000.00 in FY 2019 and \$290,000.00 in FY 2020. This amount includes reimbursement of direct salaries times a maximum multiplier of 2.80 to cover the cost of fringe benefits, overhead and profit, plus authorized direct non-salary expenses.

It is further recommended that Order for Professional Services No. T3709 be issued to the firm of KS Engineers, P.C. of Newark, NJ, not to exceed the amount of \$861,000.00 allocated as follows: \$350,000.00 in FY 2019 and \$511,000.00 in FY 2020. This amount includes reimbursement of direct salaries times a maximum multiplier of 2.43 to cover the cost of fringe benefits, overhead and profit, plus authorized direct non-salary expenses.

The issuance of these OPS' are contingent upon the Treasurer of the State of New Jersey completing the review of all documents submitted by the selected awardee, pursuant to Public Law 2005, Chapter 51 (formerly Executive Order 134) and Executive Order 117 (Corzine 2008), and having no objection to same. These professional services were procured, and the recommended firm was selected, in accordance with N.J.S.A. 52:34-9.1, et seq., N.J.S.A. 27:23-6.1 of the Authority's enabling legislation, N.J.A.C. 19:9-2.8, promulgated pursuant thereto, and Executive Order No. 37 (Corzine 2006).

080-03-2019

In a document dated February 20, 2019, **Recommendation to Issue Order for Professional Services No. T3716, New Jersey Turnpike, Boswell Engineering, Supervision of Construction Services for Contract Nos.: T200.502, Roadway Resurfacing & Interchange 11 Ramp, TNO Improvements, Milepost 83 to 122 (2019) and T200.506, Roadway Resurfacing, Milepost 83 to 122 (2019), RM-147116, Budget Code: 030C10002E, Funding Allocation: \$3,000,000.00 FY2019, \$ 785,000.00 FY 2020, Amount: \$3,785,000.00**, was approved.

This Order for Professional Services will provide supervision of construction services for Contract Nos. T200.502, Roadway Resurfacing & Interchange 11 Ramp TNO Improvements, Milepost 83 to 122 (2019) and T200.506, Roadway Resurfacing, Milepost 83 to 122 (2019). These services include construction inspection, material testing, record keeping, preparation of payment estimates and other services required to ensure compliance with the contract documents.

This assignment is classified as a "Complex Project" since the scope of work is not clearly defined and likely to change during the course of the project, and the cost exceeds

032442

\$2,000,000.00. The Solicitation for Expressions of Interest (EOIs) was posted on the Authority's website and forty-eight (48) engineering firms were prequalified and eligible under Profile Codes: B-153, Roadway Construction Inspection and B-154, Roadway Resurfacing Inspection. Three firms submitted EOIs by the closing date of December 17, 2018.

In accordance with the regulations, for Complex Projects, "If only three or four EOIs have been deemed complete by the Authority, these firms shall receive the RFP and the Review Committee will not conduct an evaluation of the EOIs..." [19:9-2.8.3]. The Review Committee recommended that we proceed directly to the RFP phase of the procurement and solicit Technical and Fee Proposals from the three firms which submitted complete EOIs: Boswell Engineering, Greenman-Pedersen, Inc., and KS Engineers, P.C. The Review Committee reviewed and evaluated each firm's Technical Proposal and it was determined that oral presentations would not be required. Final scoring resulted in Boswell Engineering being the highest technically ranked firm. The fee submitted by Boswell Engineering has been reviewed and is considered to be fair and reasonable for the services to be provided.

It is, therefore, recommended that Order for Professional Services No. T3716 be issued to the firm of Boswell Engineering of South Hackensack, New Jersey, in an amount not to exceed \$3,785,000.00 allocated as follows: \$3,000,000.00 FY 2019 and \$ 785,000.00 FY 2020. This amount includes reimbursement of direct salaries times a maximum multiplier of 2.45 to cover the cost of fringe benefits, overhead and profit, plus authorized direct non-salary expenses. The award is contingent upon the Treasurer of the State of New Jersey completing the review of all documents submitted by the selected awardee, pursuant to Public Law 2005, Chapter 51 (formerly Executive Order 134) and Executive Order 117 (Corzine 2008), and having no objection to same. These professional services were procured, and the recommended firm was selected, in accordance with N.J.S.A. 52:34-9.1, et seq., N.J.S.A. 27:23-6.1 of the Authority's enabling legislation, N.J.A.C. 19:9-2.8, promulgated pursuant thereto, and Executive Order No. 37 (Corzine 2006).

PUBLIC BIDS

085-03-2019

In a document dated March 15, 2019, **Low Body Utility Vehicles (2), Route 23 Auto Mall, LLC, R-146897, Budget Code: 040 00 500 156555 040C07021, Amount: \$117,254.20 (\$58,627.10 each)**, was approved.

Under this contract, Route 23 Automall, LLC will provide two (2) low body utility vehicles and accessories for use by the Maintenance Department. These vehicles are replacing existing older models that have reached their life expectancy and will be sold as surplus if feasible. The bid was fully advertised and the ten (10) vendors listed in the Authority's database for the referenced commodity were notified of the procurement. On February 27, only one fully responsive bid was received as follows:

<u>Vendor</u>	<u>Total Bid Price</u>
Route 23 Automall LLC, Butler, NJ Departmental Estimate: \$136,000.00	\$ 117,254.20

Another bid was submitted by Winner Ford of Cherry Hill, NJ (\$81,974). Subsequently, Winner Ford requested to withdraw its bid due to a mistake in the bid computation. Maintenance staff reviewed Winner Ford's bid and noted that it was significantly below the second low bid from Route 23 Automall and 39% below the Departmental Estimate. The Law Department reviewed Winner Ford's request to withdraw its bid and opined that it is appropriate to grant the withdrawal. The Law Department concluded that Winner Ford met the four-prong legal test under New Jersey case law for request to withdraw a bid for unilateral mistake. For example, one prong is whether or-not it would be unconscionable should the Authority enforce the contract, such as this one, where the bid cost per vehicle is less than the average unit cost for the chassis alone. Also, withdrawal of Winner Ford's bid would be legally permissible because the Authority will not suffer serious prejudice except for the loss of a bargain. In other words, by Winner Ford's withdrawal, the Authority will only pay a higher bid price to the next low bidder. Thus, it is recommended that

the Authority grants Winner Ford's request to withdraw its bid and award the contract to Route 23 Automall.

Bids were procured and authorization is being sought to award this contract in accordance with *N.J.S.A. 27:23-1 et seq.*, the Authority's enabling legislation, *N.J.A.C. 19:9-2.2*, promulgated pursuant thereto, and Executive Order No. 37 (Corzine 2006). This award is contingent upon the Treasurer of the State of New Jersey completing the review of all documents submitted by the selected awardee pursuant to Public Law 2005, Chapter 51 and Executive Order No. 117 (Corzine 2008), and having no objection to same.

Accordingly, authorization is requested to award a contract for (2) low body utility vehicles to Route 23 Automall, LLC for a total amount not to exceed \$117,254.20.

SOLE SOURCE

096-03-2019

In a document dated March 13, 2019, Overhead Tolling Scanners, SICK, Inc., RM-147624 (ITS), Budget Code: 080 00 830 156555 080C00013, Amount: \$ 2,215,000.00, was approved.

Authorization is requested to award a sole source contract to SICK, Inc. to provide approximately 230 SICK Optic overhead tolling scanners and related hardware for vehicle classifications at toll lanes on both Roadways. This scanning equipment is a critical component in

both vehicle classification and violation enforcement and will replace older obsolete equipment on both Roadways which is no longer manufactured and supported.

In April 2017, the Authority publicly bid a contract for overhead tolling scanners and received only one bid from SICK, Inc. As the only bidder, the ITS staff customized the Authority's toll lane software to ensure compatibility and successful testing. Thus, ITS staff concluded the SICK Optic overhead tolling scanner and related hardware could serve as the scanning equipment for vehicle classification and violation enforcement. However, since the Authority originally bid the contract, staff believed that it would be prudent to determine if there were any other vendors (such as SICK Inc's distributors) that would be interested in participating in the solicitation. A Notice of Intent to Sole Source was fully advertised and the three possible vendors listed on the Authority's database were notified. No responses were received. PMM, in consultation with the Law Department, concluded that Sick, Inc. is the sole provider of the Optic Scanners that works with the Authority's existing infrastructure and software. Being an exceptional circumstance for this reason, it is therefore recommended that the Optic Scanners be procured without public advertisement as a sole source exception to the public bidding laws and consistent with Executive Order No. 37 (Corzine 2006).

The award will be made under the sole source procurement authorization of *N.J.A.C. 19:9-2.2(d)1* as promulgated under *N.J.S.A. 27:23-6.1*. A resolution, as required by *N.J.A.C. 19:9-2.2(d)1*, is attached hereto.

Accordingly, authorization is requested to award a sole source contract for SICK Optic overhead scanners to SICK, Inc. in an amount not to exceed \$2,215,000.00, subject to funding availability at the time of ordering. Authorization is further requested for the Executive Director to approve each of the two, one-year extensions upon satisfactory performance by the vendor.

RESOLUTION FOR SOLE SOURCE PROCUREMENT

SICK OPTIC OVERHEAD TOLLING SCANNERS

WHEREAS, the Information Technology Services Department has requested the award of a sole source contract to SICK, Inc. to provide 230 SICK Optic overhead tolling scanners and hardware components ("Optic Scanners"); and

WHEREAS, SICK, Inc.'s Optic Scanners are the only scanner compatible for use on the New Jersey Turnpike and Garden State Parkway; and

WHEREAS, Sick, Inc. is the sole manufacturer of the Optic Scanners that work with the Authority's existing infrastructure and software; and

WHEREAS, the Authority's regulations pursuant to *N.J.A.C. 19:9-2(d)1* promulgated under *N.J.S.A. 27:23-6.1* permits sole source procurement when only one source for the required product exists;

NOW, THEREFORE, BE IT RESOLVED THAT the Authority's Board of Commissioners

032454

hereby authorizes and approves the award of a contract to Sick, Inc. to provide 230 Optic Scanners for an amount not to exceed \$2,215,000.00, as a sole source exception to procurement by public advertisement permitted by N.J.A.C. 19:9-2.2(d)1 promulgated under the Authority's enabling legislation, N.J.S.A. 27:23-6.1.

On motion by Treasurer DuPont and seconded by Commissioner Pocino the Board unanimously approved item numbers 085-03-2019 through 096-03-2019; and authorized or ratified, as presented, the recommendations contained therein; and received and filed the memoranda.
