Document Change Announcement

***2016 Standard Supplementary Specifications
Qualified Products List (QPL) Program Updates
DCA2019SS-07***

Subject: Revisions to

Section 104 Control of Work, Subsection 104.03 Plans and Specifications
Section 105 Control of Materials, Subsection 105.01 Materials
CapEx & Specifications Guidelines (existing, on Authority website)
QPL Guidelines for Resident Engineers (new, on Authority website)

Description of Change:

The application and precedence of the QPL is further defined in the Specifications. Clarifications are made to Supplemental Products List (SPL) requirements found in the CapEx & Specifications Guidelines, which also has instructions on accessing pay item history; the SPL Form is updated on the Authority website.

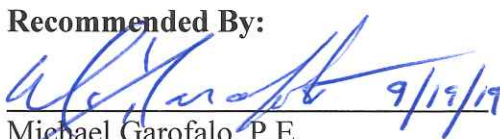

QPL Guidelines for Resident Engineers is a new document on the Authority website with instructions to deliver product usage data for the QPL using a Construction Products List (CPL) Form.

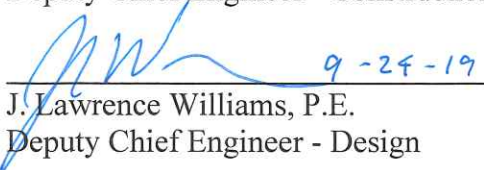

Notice to New Jersey Turnpike Authority Staff and Design Consultants

Effective immediately, all Contracts currently in the design phase shall incorporate the Specifications revisions herein. For advertised Contracts awaiting the opening of bids, these revisions shall be incorporated via Addendum. Contact your Authority Project Manager for any clarification.

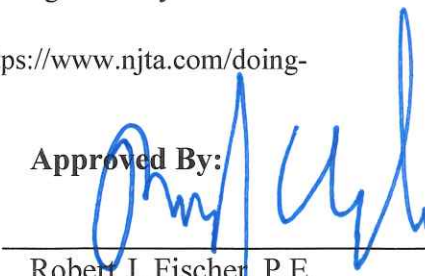

The revisions may be accessed on the Authority's webpage: <https://www.njta.com/doing-business/professional-services>

Approved By:

Robert J. Fischer, P.E.
Chief Engineer

Distribution: Senior Staff Engineering, Law, Maintenance and Operations Depts., UTCA, AGC, All Prequalified Consultant Firms, File

NOTE: All text herein are ADDITIONS to the latest version of the 2016 Standard Supplementary Specifications.

SECTION 104 – CONTROL OF WORK

104.03 Plans and Specifications

The fourth paragraph is deleted and replaced with the following:

In case of conflicting requirements, the following order of precedence shall be adhered to:

- Official approved drawings specially prepared for the Project
- Supplementary Specifications
- Qualified Products List
- Traffic Manual
- Standard Drawings
- Standard Specifications

SECTION 105 – CONTROL OF MATERIALS

105.01 Materials

The following is added before the first paragraph:

Contractor shall use products and suppliers listed on the QPL, and shall adhere to Subsection 105.11 for approved equals and substitutions.
