SECTION I

A. Introduction

The New Jersey Turnpike Authority (the “Authority”) was created by an act of the New Jersey Legislature in 1948, known as the New Jersey Turnpike Authority Act (as amended and supplemented, “Act”). The Act authorizes the Authority to construct, maintain, repair, and operate the New Jersey Turnpike, to collect tolls, and to issue Turnpike Revenue Bonds or Notes, subject to the approval of the Governor, payable from tolls and other revenues of the Authority. On May 27, 2003, the Act was amended to empower the Turnpike to assume all powers, rights, obligations and duties of the New Jersey Highway Authority (the “Highway Authority”), which owned and operated the Garden State Parkway and PNC Bank Arts Center. On July 9, 2003, the Authority assumed all powers, rights, obligations and duties of the Highway Authority. The Authority currently operates both the Garden State Parkway (“GSP”) and the New Jersey Turnpike (“Turnpike”) (both roads are collectively referred to herein as the (“Roadways”).

The Authority is governed by an eight member Board of Commissioners (“Board”). The Governor of New Jersey appoints each of its members and has the statutory authority to overturn an action of the Board by vetoing any Board action within 10 days of receiving the minutes of the meeting. The Board authorizes awards of all public contracts over \$100,000, except in cases where it has delegated authority to the Executive Director.

This bid solicitation is being conducted pursuant to the Authority’s enabling statute as found in *N.J.S.A. 27:23-6.1* and Executive Order number 37 (Corzine 2006) and the regulations and policies of the Authority with regard to public bid procurement.

Material Specifications – Treated Rock Salt

A. Intention

It is the intention of the New Jersey Turnpike Authority (“Authority”) to procure approximately 120,000 tons of Treated Rock Salt per specifications for the New Jersey Turnpike (“Turnpike”) and the Garden State Parkway (“Parkway”). This quantity is the annual estimated tonnage for one (1) year. The intended use of this product is to treat roadways for snow and ice control. It is also the intention of the Authority to secure pricing for approximately up to 20,000 tons of Untreated Rock Salt. (See Section IV, pg. 24 for Specifications.)

The intent of the Authority is to award a contract(s) to the lowest responsible bidder(s) whose bid, conforming to this RFB, is most advantageous to the Authority. The intent is to select Vendor(s) to deliver Treated Rock Salt per the specifications to specific Maintenance Locations listed within. These locations are represented in the pricing description bid sheets in the Request for Bid document.

Any product the Vendor will supply the Authority must meet current OSHA standards.

EVAPORATED, SOLAR, OR OTHER SALT SHALL NOT BE FURNISHED IN LIEU OF ROCK SALT.

B. Award

The Authority will award Contract(s) based on the lowest responsible bid price submitted within each location. **Bidders are encouraged to bid each and every location either as Primary, or Secondary, or Tertiary Vendors.** The Authority reserves the right to select different Vendors for each delivery location. Contracts shall be awarded to the lowest responsible bidder in each category however, **no vendor may be awarded the same location in more than one Vendor category.** The delivery locations are shown in Appendix A. Vendors must have primary control of any and all stockpiles. Vendor are required to produce a bill of lading that is generated from scale(s) operations under their respective control. **NO THIRD PARTY BROKERS WILL BE AWARDED ANY CONTRACTS.**

C. Delivery Description and Requirements

1. Delivery Locations

2. Minimum Order

There is a minimum order of 25 tons per individual location.

3. Order Placement

All orders will be placed by e-mail or phone call. The official order date shall be the date of the e-mail or phone call if received by the Vendor before 2:00 p.m. (all order times reflect Vendors' time) and the next day if received by the Vendor after 2:00 p.m. The Vendor must confirm by phone or e-mail (to the Maintenance Department employee who placed the order) receipt of the order and an estimate of the shipment date within 2 business hours. Business hours will be defined as Monday through Friday, 8:00 AM to 4:00 PM. The Vendor will also need to provide 24-hour access to a contact person(s) of the Vendor, either via cell phone or another method approved by the Authority. This person(s) will assist in order processing, product production and logistical scheduling and delivery coordination. This contact line must be available during after business hours, weekends, and holidays, from October 15 through April 15 of the contract term.

4. Deliveries

If there is a discrepancy between the order and what is listed on the contract, it is the **Vendor's obligation** to seek clarification from the Maintenance Department's representative and, if applicable, from the Authority's Procurement and Materials Management Department.

The Authority desires to maintain at each storage facility no less than a 50% minimum quantity on-hand. Therefore, due to some locations having limited storage capacity, these locations must be replenished on a priority basis as directed by the Maintenance Department's representative.

Completed delivery will be required at the latest according to the following schedule:

Orders Placed	600 Tons or Less	601-800 Tons	801-1,000 Tons	Over 1,000 Tons
Monday	Thursday	Friday	Monday	200 Tons/Day/Location
Tuesday	Friday	Monday	Tuesday	200 Tons/Day/Location
Wednesday	Monday	Tuesday	Wednesday	200 Tons/Day/Location
Thursday	Tuesday	Wednesday	Thursday	200 Tons/Day/Location
Friday	Wednesday	Thursday	Friday	200 Tons/Day/Location

Vendor will be required to deliver a minimum of 200 tons per day after the initial 600-ton delivery. In the event there are multiple orders placed for the same delivery location, they will be viewed as a single order and will be subject to a 200 ton per day minimum delivery.

For example, an order of 1,400 tons placed on Monday will be delivered as follows (or sooner):

Order Placed	Thursday Delivery	Friday Delivery	Monday Delivery	Tuesday Delivery	Wednesday Delivery
Monday	600 Tons	200 tons	200 tons	200 tons	200 tons

If a scheduled delivery occurs on a holiday, the next weekday will be the delivery date.

For any location having a minimum on-hand quantity of less than 50% of their capacity, completed delivery, at the latest, is required within five (5) calendar days after receipt of order.

The guaranteed delivery in number of calendar day(s) required to make delivery after receipt of a written or verbal order shall be applicable and the Vendor is obligated to honor same through April 15th of each year. However, from April 16th to September 30th of each year, delivery shall be at the option and discretion of the Vendor.

Although Vendors are expected to make every effort to meet the delivery dates, some allowances may be made for extreme road and/or weather conditions (i.e., road closures which severely restrict truck traffic). Allowances must be approved by the Authority.

Product shall be shipped in bulk delivery. All shipments of product shall be totally covered with a waterproof tarpaulin or similar sheeting material. Torn or ripped coverings may be cause for rejection of shipment. Also, evidence of free-flowing water/brine in particular shipments may be cause for rejection. Product shall be received in a free-flowing and usable condition.

All shipments of salt shall be accompanied by a weight ticket of a licensed weigh master indicating the producer, net weight of the delivery, and in the case of bulk delivery, the stockpile source. The certification must bear the weigh master's signature; weights shall be recorded from a scale equipped with a weight printing device. Handwritten weights are not acceptable.

5. Delivery Time Requirements

Scheduled deliveries shall be made during normal working hours (Monday through Friday between the hours of 8:00 A.M. and 4:00 P.M. for Turnpike locations and Monday through Friday between the hours of 7:00 A.M. and 2:00 P.M. for Parkway locations.), unless otherwise requested or agreed to by the Authority employee who requested the material.

The Vendor's trucks shall be responsible for all tolls incurred during the delivery of product. Any entrance and exit from the same interchange will constitute an illegal U-turn, and will result in the highest possible tariff being charged.

a) Scheduled Delivery:

Delivery shall be made no later than (5) five calendar days or less from the order date. Delivery will be allowed during the weekend and holidays only if the ordering agency deems it necessary. No additional remuneration will be made for a Saturday, Sunday, or Holiday delivery.

b) Pick-up Pricing:

Bidders are requested to bid a price for the Authority or an authorized agent to pick-up materials at the Vendor's distribution facility(s). It is the desire of the Authority to maintain on hand quantities not less than 50% of capacity at each of its locations. In the event on hand quantities are less than 50% of capacity at a location(s), the Authority may invoke the option to pick up

material. The Vendor shall make accommodations that will enable the Authority or its authorized agent to pick up material.

6. Price Escalation Based on Exceeding 150% of Authority Requirement(s):

A price escalation will be permitted when delivery exceeds 150% of listed requirements per delivery location. The price increase will be based upon the CPI Index for the preceding year, however the maximum increase permitted shall be five percent (5%).

7. Minimum/Maximum Obligations:

The Authority is obligated to take a 50% minimum of their listed annual requirements during the contract period and Vendors are obligated to deliver up to 150% of the requirement for Treated Rock Salt. The minimum/maximum delivery quantities will be based on each delivery location. The requirements are listed below by location.

- November 1, 2021 - 70% of listed requirement for awarded locations
- December 1, 2021 - 80% of listed requirement for awarded locations
- January 1, 2022 - 100% of listed requirement for awarded locations

After January 1, 2022, the Vendor is obligated to maintain inventories adequate to provide deliveries as requested in the time frames and quantities requested.

If, at any time during the contract period, it is determined by the Authority that the Vendor does not have adequate inventory, the Authority reserves the right to purchase the product from another Vendor.

9. Material Suitability and Liability:

Any loads found to be contaminated may be subject to rejection with all related cleanup and/or replacement costs to be borne by the Vendor.

Deviation from specifications may result in rejection of any delivery. All costs associated with rejected deliveries shall be the responsibility of the Vendor. Should a product be found to be contaminated (after application), with non-specified elements, and become cause for environmental concerns, that necessitate clean-up of yards, storage facilities, or roadsides, etc., the Vendor shall be responsible for any, and all expenses incurred.

10. Delivery and Documentation:

Each bid shall be accompanied by a current MSDS sheet. This stipulation is extremely important, and **MSDS sheets for all products offered in the bidding process must be attached to the bid.**

11. Bill of Lading

The bill of lading for each shipment must contain the following information.

1. Name of product.
2. Vendor and manufacturer of product.
3. Delivery Destination and Authority Division (Turnpike or Parkway).
4. Total number of tons being delivered.
5. Total weight of delivery using a certified scale ticket. The Authority may at any time choose to spot check a delivery of product by having the load weighed on certified scales before and after delivery to insure the accuracy of the flow meter. No additional cost will be charged to the Authority for spot-checking deliveries of products.
6. New Jersey Turnpike Authority should be listed as the sold to customer.

12. Invoice Processing:

Payments will not be processed by the Authority until the contract products have been delivered in satisfactory condition or services have been satisfactorily performed. Invoices must contain sufficient data including but not limited to contract number, description of product or service, order number, delivery location, quantity, unit and price per unit as well as federal identification number.

No single invoice containing deliveries for both the Parkway and Turnpike divisions will be paid, as the Roadways must be billed separately. Invoices must be sent directly to the Authority's Accounts Payable Section:

Attention: Natalia Hernandez
Finance Department
New Jersey Turnpike Authority
P.O. Box 5042
Woodbridge, NJ 07095

The Authority will not process invoices for payment until the Vendor has met all requirements under this section. All invoices shall include the following:

1. Purchasing Agreement/Contract Number
2. Order Number
3. Delivery Date
4. Ticket Number(s)
5. Quantity delivered per ticket
6. Unit of Measure
7. Delivery Location
8. Contract unit price for product delivered
9. Total quantity delivered
10. Total cost

Upon Request, the Vendor must provide the Authority with a copy of a delivery ticket and/or bill of lading signed by an Authority Representative prior to payment being made.

13. Reports of Contract Purchases and Open Balances:

The Vendor(s) shall furnish reports of purchases made from the contract every month during the contract period. The critical reporting time period is October to April.

The reports shall be in the following format:

These reports should be e-mailed to the Maintenance Department at end of every week and are to be sent before the start of a new week. This report will assist the Authority’s Maintenance Department in assuring the Vendor is meeting required delivery rates. The Reports also assists in the prioritizing deliveries and schedules. Failure to submit the required report may be cause for delays in paying invoices.

D. Other Contract Conditions/CPI

1. Contract Period and Renewals

The contract prices shall remain firm for **one (1) year**. Should the Authority exercise its option to extend the contract for additional years, the rate may be adjusted, upon request, by any increase in the average Consumer Price Index for the combined New York City /Northern New Jersey and Philadelphia/ Wilmington/ Southern New Jersey metropolitan areas.

The benchmark for the calculation purposes shall be the difference in the CPI from May 2021 to April 2022 and May 2019 to April 2020. The contract prices shall remain firm for one (1) year. Note: however, the maximum increase permitted for any optional year shall be five percent (5%).

Note also that should the average CPI decrease between April 2019 and April 2020, etc., the Vendor's rate shall remain the same as for the option year(s) of the contract, i.e., there will be no decrease.

SECTION IV

SALT SPECIFICATIONS

GRANULAR SODIUM CHLORIDE TREATED WITH LIQUID MAGNESIUM CHLORIDE AND ORGANIC BASED PERFORMANCE ENHANCER (OBPE)

A. Intention

It is the intent of this specification to describe a mixture of Sodium Chloride Type “A” crushed rock salt treated with Liquid Magnesium Chloride and OBPE or an approved equivalent. The liquid treatment is intended to enhance the performance of the regular rock salt over untreated salt by reducing corrosiveness, improving low temperature performance, reducing bounce and scatter, preventing clumping, salt pile freezing and enhancing flow ability. The treated salt is handled, spread and stored by using the same equipment that is used for untreated salt. The intended use of the treated salt is to facilitate snow and ice prevention and removal on the Turnpike and Parkway roadways, bridges, parking lots and sidewalks.

B. Description

The finished product shall be composed of two primary components:

1. Crushed rock salt as described and specified in Section IV.C.
2. Liquid magnesium chloride and liquid organic based performance enhancer (OBPE) as described in Section IV.D.

The two components shall be mixed to produce a finished product as described in Section IV.E. The final product shall meet all the requirements described in Sections IV.F and G.

C. Sodium Chloride Type “A” Crushed Rock Salt Specifications

The crushed rock salt used in the preparation of the final product shall meet the following requirements.

1. Contamination
Upon inspection, the material shall be uniform in appearance, free flowing and free from visual evidence of foreign matter including but not limited to dirt, stone, chips, trash or any other material that could reasonably be expected to interfere with the use, handling or storage of the salt.

2. **Chemical Composition**
The rock salt shall be not less than 95% Sodium Chloride. Percent of Sodium Chloride shall be determined in accordance with current ASTM-D-632.
3. **Size Grading**
The rock salt, when tested using sieves as described in ASTM-C-136 (*) shall conform to the following requirements for particle size distribution:

<u>Sieve Size</u>	<u>Percent Passing (**)</u>
1/2" - (12.5 MM)	100
3/8" - (9.5 MM)	95 - 100
No. 4 - (4.75 MM)	20 - 90
No. 8 - (2.36 MM)	10 - 60
No. 30 - (600 Microns)	0 - 15

- * - A drying temperature of 110°C ± 5°C should be used.
- ** - Tolerance of 5 percentage points on the maximum value of the range for each sieve except 1/2" (12.5 mm) and 3/8" (9.5 mm) sizes, on which no tolerance will be allowed.

4. **Moisture Content**
Moisture content of the rock salt shall not exceed 1-1/2%* when determined as follows:

% Moisture = $(W_1 - W_2) / (W_1) \times 100$
 where: W_1 = Initial weight of sample
 W_2 = Weight of sample after drying to a constant weight at 110°C ± 5°C.

* Procedure shall be in accordance with American Water Works Association B200-88, Section 4.3. A tolerance of 0.5% will be allowed before a non-complying product -moisture - price deduction is assessed.

5. **Sampling**
Sampling shall be done in accordance with current ASTM-D632. The New Jersey Turnpike Authority, or any of its authorized representatives, reserves the right to take samples from the Vendor's stockpile or transfer point. The Authority retains the right to waive the on-site inspection for incumbent vendors with existing treated salt contracts.
6. **Acceptance**
The rock salt may be rejected if it fails to conform to any of the requirements of this specification.
7. **Non-Complying Product- Price Deductions**
 - a. **Non-Complying Product - Price Deduction - Moisture**

If the moisture content of the rock salt is found to be above 2.0 %, a deduction for moisture content will be made from the delivered bid price based on the following formula:

$$\text{Reduced Price/Ton} = \text{Delivered Contract Price/Ton} \times (1.02 - 2X)$$

Where: X = Moisture content of the sample (expressed as the decimal equivalent of the percentage of the moisture content to the nearest 1%)

- b. Non-Complying Product - Price Deduction - Gradation (Particulate Size Distribution)

If, after delivery, the gradation of the rock salt is found to be out of tolerance, a deduction from the price shall be made based on the following formula:

$$\text{Reduced Price/Ton} = \text{Delivered Contract Price} \times (1.00 - Y)$$

where: Y = the decimal equivalent of the total percentage of the sample out of gradation. The percentage out of tolerance, for the sample, for each sieve shall be to the nearest 1%. The sum, as described in section A.3, of the individual sieve tolerance deviations shall be used as Y.

- c. General

A non-complying product - price deduction is not to be assessed unless the proper analysis and test procedures are followed. If the Vendor consistently delivers salt found to be above 2% moisture content or consistently not conforming to the gradation requirements, the contract shall be subject to cancellation either in whole or in parts.

8. Calculations

Calculations performed relative to this specification shall be made using the rounding off method of “ASTM Recommended Practice E-29 for Designating Significant Places in Specified Limiting Values”.

D. Liquid Magnesium Chloride and OBPE

Material used for this component of the finished product shall be a 1 to 1 blend (1:1) of liquid magnesium chloride and liquid OBPE sufficient to allow the finished material to meet the specific requirements and performance criteria listed below.

Note: Sections B1 and B2 apply only to products offered that **do not** have a Beneficial Use Determination (BUD) from New Jersey Department of Environmental Protection. **HOWEVER, ALL PRODUCTS MUST CONTAIN 250 PPM OR LESS PHOSPHORUS WITH OR WITHOUT BENEFICIAL USE DETERMINATION, NO DILUTIONS ALLOWED PRIOR TO PHOSPHORUS TESTING.**

1. Bids shall not be accepted on any product that contains constituents in excess of the following established total concentration limits. Results are stated as Parts Per Million (ppm). If product exceeds any of the following constituents then the bidder shall identify the exception(s) and explain any mitigating circumstances. The New Jersey Turnpike Authority reserves the right to evaluate these exceptions and make a determination of product eligibility based on the best interests of the Authority.

Phosphorus	250.00 ppm	Chromium	0.50 ppm
Cyanide	0.20 ppm	Cadmium	0.20 ppm
Arsenic	5.00 ppm	Barium	10.00 ppm
Copper	4.00 ppm	Selenium	5.00 ppm
Lead	1.00 ppm	Zinc	10.00 ppm
Mercury	0.05 ppm		

2. pH - The pH of submitted liquid chemical product shall be 6-8. The pH limit of liquid chemical product may be waived by the New Jersey Turnpike Authority. The right to waive the pH will be at the discretion of the New Jersey Turnpike Authority. The New Jersey Turnpike Authority's decision to waive the pH requirement shall be in the best interest of the Authority and shall be final.

3. Material shall contain 15% MgCl₂ by weight plus or minus 2%.

4. Material shall contain 21% plus or minus 2% OBPE or approved equivalent to produce a final material having a eutectic (freezing) point of -20°F or lower.

5. A table showing Freezing Point-Specific Gravity for various percentage dilutions of product in water shall be provided. Table shall include data starting from at least 5% product in water and continue to include the percentage product in water to produce the eutectic (lowest freezing point) composition.

6. A 3% solution of the corrosion inhibited chemical product shall have a corrosion value of at least 70% less than that of a 3% solution of Sodium Chloride. (Determined by NACE (National Association of Corrosion Engineers) - Standard TM-01-69 as modified by PNS (Pacific Northwest Snowfighters).

7. This chemical product shall not contain greater than 4.0% Total Settleable Solids and shall have ninety nine percent (99.0%) of the Solids Passing through a Number 10 sieve after being stored at -17.8°C +/- 1°C (0°F +/- 2°F) for 168 hours.

8. An independent certified analysis showing compliance with all the above requirements must be submitted with the bid along with an intended use statement for the product. Exceptions to the requirements **must** be stated with the bid submitted and the Authority reserves the right to reject the product if not approved as an approved equivalent.

9. The bidder must submit a material safety data sheet (MSDS) for the product.

E. Mixing the Sodium Chloride and Magnesium Chloride/OBPE

The materials described in Section C and Section D shall be mixed as described in this section to produce the finished product. Mixing procedures shall comply with all requirements described in this section.

1. The Authority, or any of its authorized representatives, reserves the right to take samples from the Vendor's stockpile or transfer point before the salt is mixed with the Liquid Magnesium Chloride and OBPE. Both salt and liquid samples may be taken. The Authority retains the right to waive the on-site inspection for incumbent vendors with existing treated salt contracts.
2. The Vendor will thoroughly mix a minimum of 8 gallons of Liquid Magnesium Chloride and OBPE per ton of salt.
3. The Vendor will ensure a consistent thorough mix (e.g. spray system, **pug mill**, conveyor) so that there is maximum coverage of the liquid on the salt crystals. Loader mixing and stockpile injection methods are not acceptable. The Vendor must specify the mix method in the submitted bid.
4. Trucks hauling the product must be weighed on certified scale with printout after loading the final product (salt and liquid mixture) and prior to arriving at the delivery destination. The weight ticket shall include the net weight of the final product and the stockpile source. The certification must bear the weighmaster's signature. Handwritten weights shall not be acceptable.
5. All shipments of finished product shall be accompanied by a ticket indicating the amount of Liquid Magnesium Chloride and OBPE mixed in the finished product. This amount will be indicated on the ticket by gallons.
6. The finished product shall be shipped via bulk delivery. Trucks delivering the product shall have the entire cargo area completely covered by a waterproof tarpaulin or similar sheeting material. Torn or ripped covers may be cause for rejection of the shipment.
7. The Authority reserves the right to, at any time, inspect the operation to take salt and liquid product samples, to ensure that the proper amount of liquid product is being applied and that the mix method is appropriate.

F. Final Product: Rock Salt treated with Liquid Magnesium Chloride and OBPE

The Treated Salt shall meet the following requirements:

1. Contamination

Upon inspection of delivered salt, the material shall be uniform in appearance, free flowing and free from visual evidence of foreign matter including but not limited to dirt, stone, chips, trash or any other material that could reasonably be expected to interfere with the use, handling or storage of the salt.

2. Flowability

Properly stored product (covered or inside storage) shall be uniform and free flowing in a manner consistent with its intended use and shall show no objectionable clumping or caking.

3. Leaching

Properly stored product (covered or inside storage) shall show no indication of objectionable leaching or separation of components to the extent that such condition produces adverse effects in the handling or usage of the product or routine maintenance of the storage facility.

4. Chemical Composition

Shall be not less than 91.2% Sodium Chloride. Percent of Sodium Chloride shall be determined as follows: Apparent total percent Sodium Chloride content shall be determined in accordance with current ASTM-D-632. Magnesium and Calcium content shall be determined in accordance with ASTM E-534 and computed as percent Magnesium Chloride and percent Calcium Chloride respectively. Percent Sodium Chloride shall then be computed as follows:

$$\% \text{ Sodium Chloride} = \% \text{ Apparent Sodium Chloride} - (\% \text{ Magnesium Chloride} + \% \text{ Calcium Chloride})$$

5. Size Grading

The salt, when tested using sieves as described in ASTM-C-136 (*) shall conform to the following requirements for particle size distribution:

<u>Sieve Size</u>	<u>Percent Passing (**)</u>
1/2" - (12.5 MM)	100
3/8" - (9.5 MM)	95 - 100
No. 4 - (4.75 MM)	20 - 90
No. 8 - (2.36 MM)	10 - 60
No. 30 - (600 Microns)	0 - 15

* - A drying temperature of 110°C ± 5°C should be used.

** - Tolerance of 5 percentage points on the maximum value of the range for each sieve except 1/2" (12.5 mm) and 3/8" (9.5 mm) sizes, on which no tolerance will be allowed.

6. Moisture Content

Moisture content shall not exceed 4.8% when determined as follows:

$$\% \text{ Moisture} = (W_1 - W_2) / (W_1) \times 100$$

where: W_1 = Initial weight of sample

W_2 = Weight of sample after drying to a constant weight at $110^\circ\text{C} \pm 5^\circ\text{C}$.

NOTE: Procedure shall be in accordance with American Water Works Association B200-88, Section 4.3. A tolerance of 0.5% will be allowed before a non-complying product - moisture - price deduction is assessed.

7. Sampling

Sampling shall be done in accordance with current ASTM-D632. The Authority, or any of its authorized representatives, reserves the right to take samples from the Vendor's stockpile or transfer point.

8. Acceptance

The treated salt may be rejected if it fails to conform to any of the requirements of this specification.

9. Non-Complying Product - Price Deductions

a. Non-Complying Product - Price Deduction - Moisture

If the moisture content of the treated salt is found to be above 5.3%, a deduction for moisture content will be made from the delivered bid price based on the following formula:

$$\text{Reduced Price/Ton} = \text{Delivered Contract Price/Ton} \times (1.106 - 2x)$$

where: X = Moisture content of the sample (expressed as the decimal equivalent of the percentage of the moisture content to the nearest 1%)

b. Non-Complying Product - Price Deduction - Gradation (Particulate Size Distribution)

If, after delivery, the gradation of the treated salt is found to be out of tolerance, a deduction from the price shall be made based on the following formula:

Reduced Price/Ton = Delivered Contract Price x (1.00 - Y)

where: Y = the decimal equivalent of the total percentage of the sample out of gradation. The percentage out of tolerance for each sieve shall be to the nearest 1%. The total of the individual sieve tolerance deviations shall be used as Y.

c. General

A non-complying product - price deduction is not to be assessed unless the proper analysis and test procedures are followed. If the Vendor consistently delivers salt found to be above 2% moisture content or consistently not conforming to the gradation requirements, the contract shall be subject to cancellation either in whole or in parts.

10. Calculations

Calculations performed relative to this specification shall be made using the rounding off method of "ASTM Recommended Practice E-29 for Designating Significant Places in Specified Limiting Values".

11. Corrosion rating of treated salt

A 3% solution of the treated salt product shall have a corrosion value of at least 50% less than that of a 3% solution of Sodium Chloride. (Determined by NACE (National Association of Corrosion Engineers) - Standard TM-01-69 as modified by PNS (Pacific Northwest Snowfighters)).

G. Performance and Reliability

It is the intent of the Authority and is in the best interests of Authority patrons, to operate and maintain the safest facility possible, especially during winter storms. The Authority must be assured that the OBPE must be safe for use on Authority facilities. Therefore, the product must meet the performance and reliability specification listed below:

1. The product must have a five-year history of satisfactory use on a facility similar to the New Jersey Turnpike Authority. This should be included in the Qualification Questionnaire (p. 37). A similar facility is defined as:

**A HIGH SPEED, HIGH VOLUME LIMITED ACCESS ROADWAY
LOCATED IN THE NORTH EAST, NORTH CENTRAL OR NORTH
WEST UNITED STATES.**

Bidders submitting bids for alternate products shall complete the exception page.

- B. INDEMNIFICATION-**Vendor agrees to defend, indemnify and save harmless the Authority, its Commissioners, officers, employees, and agents and each and every one of them against and from all liabilities, judgments, threatened, pending or completed actions, suits, demands for damages or costs of every kind and description actually and reasonably incurred (including attorney's fees and costs and court costs) (collectively "Liabilities") including, without implied

In the event that the vendor fails to defend, indemnify and save harmless the Authority, its Commissioners, officers, employees, and agents, and each and every one of them, in accordance with this Section, any money due to the vendor under and by virtue of the contract as shall be considered necessary by the Authority may be retained by the Authority and held until any and all liabilities shall have been settled and suitable evidence to that effect furnished to the Authority. The obligations in this Section shall survive the termination, expiration or rescission of the contract.

- C. PATENT INDEMNIFICATION**-The vendor hereby agrees that it will indemnify, defend and save harmless the Authority, its Commissioners, officers, agents and servants from all suits, actions, claims and judgments of any kind or character whatsoever for infringement of patent, trademark or copyright regarding the items bid herein that may be brought by any person, corporation or firm.

VI. DELIVERY REQUIREMENTS

- A. DELIVERY DATE**-A FIRM delivery date must be stated on the bid. Statements such as “stock” or “immediate” are not acceptable. Where the RFB calls for delivery within a specified time, it shall be indicated in the bid whether delivery will be made within the time specified.
- B. F.O.B.**-Price shall include delivery to the Authority F.O.B. destination, freight paid to any destination on the New Jersey Turnpike or Garden State Parkway. No additional charge will be allowed for any transportation cost resulting from partial shipments made at vendor’s convenience when a single shipment is ordered. Prices quoted are firm throughout the term of the contract for complete delivery of quantities specified.

Bids submitted on an F.O.B. destination basis are mandatory; however, in instances where customs of the trade or unusual circumstances dictate F.O.B. shipping point, an estimate of the shipping charges must be noted on the bid and may be accepted in the Director’s sole discretion. In such cases, actual shipping charges are to be prepaid and added to the invoice.

C. DELIVERY-Upon award of the contract:

1. Deliveries shall be made at such time and in such quantities as ordered in strict accordance with conditions stated in the RFB.
2. Deliveries may be set on a scheduled basis as arranged between the Authority and the vendor. It shall be the responsibility of the vendor to maintain an adequate supply stock.
3. The vendor will be responsible, at the point of delivery, for the delivery of material in such quality and condition as required by Paragraph IV.A. hereof and in accordance with good commercial practice.
4. Items delivered must be strictly in accordance with those bid upon.
5. As applicable, bidders must state in the space provided on the RFB/bid solicitation documents the number of days required to make delivery after notification to ship.
6. In the event delivery is not made within the number of days stipulated, the Authority may purchase the required material from any available source. The difference in price, if any, will be paid by the vendor failing to meet its commitments.

VII. OTHER TERMS AND CONDITIONS

- A. CONTRACT PERIOD-** **Except as otherwise stated in the RFB, the term of the contract shall be for one (1) year, with the option to extend for two (2) one-year options, at the Authority's discretion, and with vendor's concurrence.**
- B. EXTENSION OPTION-**If, in the opinion of the Director, it is in the best interest of the Authority to extend any contract beyond the original term, for a period of all or any part of a year, the vendor will be so notified of the Director's intent, prior to the expiration date of the existing contract. The Authority reserves the right to make up to two extensions of this contract for not more than one year each. If the extension is acceptable to the Authority at the original prices and on the original terms, notice will be given to the vendor by the Director in writing. If the original contract required a Contract Bond, a new Contract Bond must be submitted to cover the period of the extension. The same insurance requirements will be required for each extension period.
- C. TERMINATION OF CONTRACT-**The contract awarded may be terminated by the Authority at any time for inadequate or improper performance, or for breach of any terms, conditions, or obligations of the contract by the vendor, as determined by the Authority, or if the vendor shall make an assignment for the benefit of creditors, or file a voluntary petition in bankruptcy, or if an involuntary petition in bankruptcy is filed against the vendor and the act of bankruptcy therein alleged is not denied by the vendor, or if denied, is found by a court or jury. Further, the Authority reserves the right to terminate any contract for any reason provided written notice has been given by the Director to the vendor at least thirty (30) days prior to such proposed termination date.

The notice of termination shall be in writing, and shall be effective upon receipt by the vendor. Upon termination, the Authority shall be liable only for payment for goods or services properly delivered or performed in accordance with the contract. The Authority shall have the right to purchase non-delivered goods, to replace defective goods or services on the open market and hold the vendor liable for the difference between the price set forth in the contract for such goods or services and the prices paid on the open market, or pursue any other right available by law. In addition, the Authority shall have the right, without the necessity of court proceedings, to recover all equipment, material or supplies that are the property of the Authority and have been entrusted with the vendor to be used in the performance of said contract. Nothing in this paragraph is intended to limit the Authority's right to legally pursue all costs which exceed the amount due and owing the vendor under said contract. The list of remedies in this paragraph is not exclusive.

- D. SCOPE-**The total quantities of any contract are estimated. There is no guarantee of any minimum quantity. It is understood and agreed that contract prices shall cover the quantities actually required and ordered by the Authority during the term of the contract, whether more or less than the approximate quantity stated.
- E. BIDDERS FACILITIES-**The Authority reserves the right to inspect the bidder's establishment before making an award.
- F. TESTING-**The Authority reserves the right to have the material tested prior to the award and during the contract by an independent testing laboratory, to determine if the material meets the specifications of the RFB. If required for testing purposes, the low bidder shall submit a reasonable quantity of the product as samples. If these samples prove satisfactory, the contract shall be awarded. If they do not prove satisfactory, a test shall be made of the next low bidder's sample, until satisfactory products are found to meet requirements. Should the laboratory find that any shipment does not meet specifications, the Authority shall have the right to reject same.
- G. INSPECTION-** All work done and supplies furnished shall be subject to inspection, testing and rejection by the Authority, or its representatives, at all times and places, both during manufacture and at destination. After award of the contract, should the result of any test or inspections show that the material supplied fails to meet the requirements of the Authority, the material shall be rejected and immediately replaced by the vendor. Rejected supplies or materials will be returned at the vendor's risk, and all inspection, handling and transportation charges to and from the Authority's delivery site will be assumed by the vendor. The vendor shall bear any and all expenses resulting from delay caused by failure to meet test or inspection standards. Should the Authority for any reason decide to accept any shipment which fails to meet specifications, the Authority may make an appropriate price adjustment with regard to same.
- H. AWARDS-**Comparison of bids will be based on the total price stated in the bid and an award will be based on the total price, terms and delivery date given by the bidder. If the total price is found to have been incorrectly computed, discrepancies will be corrected by the Authority on the basis of the unit prices and a determination of the low bidder will be made on the basis of the corrected total price. The Authority shall not be liable for any failure on its part to detect or correct errors, and the Authority's action in connection therewith shall not give rise to any rights to the bidder.

I. NOTICE TO VENDORS AND AUTHORITY DEPARTMENTS-The Authority is authorized to order, and vendors are authorized to ship only those items covered by the contract. If a review of orders placed by the Authority reveals that material other than that covered by the contract has been ordered and delivered, the Director will take such steps as are necessary to have the material returned regardless of the time elapsed between the date of delivery and discovery of the violation. A full refund to the Authority by the vendor will be required.

J RIGHT TO AUDIT-Vendor shall keep and maintain proper and adequate books, records and accounts accurately reflecting all costs and amounts billed to Authority under the contract at issue. Authority, its employees, officers, or representatives shall have the right upon written request and reasonable notice, to inspect and examine all of the vendor's books and records related to the contract. Such records shall be retained by vendor for at least five (5) years from the termination of the contract. In no event shall books and records be disposed of or destroyed of prior to five (5) years from the termination of the contract or during any dispute or claim between the Authority and vendor with regard to the contract at issue.

1. In accordance with the New Jersey Office of the State Comptroller ("OSC") document retention policy *N.J.A.C. 17:44-2.2* - The vendor shall maintain all documentation related to products, transactions or services under this contract for a period of five years from the date of final payment. Such records shall be made available to the OSC upon request.

K. TAXES-The Authority is exempt from Federal Excise Tax, New Jersey State Sales and Use Tax and other tax as applicable.

L. TRANSFER OF BUSINESS-It is understood by all parties that, if, during the term of the contract, the vendor disposes of its business by sale, transfer or by any means to another party, all obligations are transferred to such purchaser.

M. INTERAGENCY COOPERATIVE PURCHASING-Pursuant to *N.J.S.A. 27:23-6.1(a)*, vendors may receive inquiries by the entities listed below, with respect to extending this contract to them based upon the same prices, terms and conditions:

South Jersey Transportation Authority
New Jersey Sports & Exposition Authority
New Jersey Meadowlands Commission
New Jersey Water Supply Authority
Port Authority of New York & New Jersey
Delaware River Port Authority
Higher Education Student Assistance Authority

N. CONTRACT CHANGES-During the term of contract, no change will be permitted in any of its conditions and specifications unless the vendor receives written approval from the Director. Should the vendor find at any time that existing conditions make modification in requirements necessary, the vendor shall promptly report such matter to the Director for consideration and decision.

- O. SUBCONTRACTING OR ASSIGNMENT**-The contract may not be subcontracted or assigned by the vendor, in whole or in part, without the prior written consent of the Director. In the event that bidder proposes to subcontract some or all of the services to be provided under the contract, it shall state so in its bid and attach for approval a list of said subcontractors and an itemization of the goods and/or services to be supplied by them.
- P. REJECTION OF BIDS**-Failure to comply with mandatory requirements of the bid shall be considered grounds for rejection. The Authority retains the right to reject any or all bids, to waive informalities and minor irregularities and to rebid the entire contract.
- Q. LIABILITIES OR DEBTS OWED TO THE AUTHORITY**- The failure by any Contractor or subcontractor during the term of the Contract to satisfy in a timely manner any outstanding debts or fees owed to the Authority, whenever incurred, including but not limited to those related to nonpayment of tolls or administrative fees, as required by *N.J.A.C. 19:9-1.19* and *N.J.A.C. 19:9-9.2*, shall be grounds for suspension or termination of the Contract, in the sole discretion of the Authority.

EXHIBIT D
State Contractor Political Contributions Compliance
Public Law 2005, Chapter 51 and Executive Order 117

In order to safeguard the integrity of State government procurement by imposing restrictions to insulate the award of State contracts from political contributions that pose the risk of improper influence, purchase of access, or the appearance thereof, Executive Order 134 (McGreevey) was signed on September 22, 2004 and became effective October 15, 2004. EO134 was applicable to all State agencies, the principal departments of the executive branch, any division, board, bureau, office, commission within or created by a principal executive branch department, and any independent State authority, board, commission, instrumentality or agency. EO134 was superseded by P.L. 2005, c. 51, signed into law on March 22, 2005 (“Chapter 51”). In September 2008, Executive Order 117 (Corzine) was signed and became effective November 15, 2008. EO117, which applies only prospectively, extends Chapter 51’s political contribution restrictions by expanding the definition of “business entity” to include, for example, more corporate shareholders and sole proprietors. EO117 and Chapter 51 contain restrictions and reporting requirements that will necessitate a thorough review of their provisions by bidders.

Pursuant to the requirements of Chapter 51 and EO117, the terms and conditions set forth in this Exhibit are material terms of any contract entered into by the Authority.

DEFINITIONS

For the purpose of this Exhibit, the following shall be defined as follows:

a) “**Contribution**” – means a contribution reportable by the recipient under the New Jersey Campaign Contributions and Expenditures Reporting Act, P.L. 1973, c. 83, N.J.S.A. 19:44A-1 et seq., and implementing regulations set forth at N.J.A.C. 19:25-7 and N.J.A.C. 19:25-10.1 et seq., made on or after October 15, 2004. As of January 1, 2005, contributions in excess of \$300 are reportable.

b) “**Business Entity**” – means any natural or legal person; business corporation (and any officer, person, or business entity that owns or controls 10% or more of the corporation’s stock); professional services corporation (and any of its officers or shareholders); limited liability company (and any members); general partnership (and any partners); limited partnership (and any partners); in the case of a sole proprietorship: the proprietor; a business trust, association or any other legal commercial entity organized under the laws of New Jersey or any other state or foreign jurisdiction, including its principals, officers, or partners. The definition of a business entity also includes (i) all principals who own or control more than 10 percent of the profits or assets of a business entity; (ii) any subsidiaries directly or indirectly controlled by the business entity; (iii) any political organization organized under section 527 of the Internal Revenue Code that is directly or indirectly controlled by the business entity, other than a candidate committee, election fund, or political party committee; and (iv) if a business entity is a natural person, that person’s spouse, civil union partner or child, residing in the same household, except for contributions by spouses, civil union partners, or resident children to a candidate for whom the contributor is eligible to vote, or to a political party committee within whose jurisdiction the contributor resides.

PROHIBITION ON CONTRACTS/BREACH OF EXISTING CONTRACT

As set forth in Chapter 51 and EO117, the Authority shall not enter into a contract to procure from any Business Entity services or any material, supplies or equipment, or to acquire, sell or lease any land or building, where the value of the transaction exceeds \$17,500, if that Business Entity has solicited or made any contribution of money, or pledge of contribution, including in-kind contributions, to a candidate committee and/or election fund of any candidate for or holder of the public office of Governor or Lieutenant Governor, or to any State, county or municipal political party committee, or legislative leadership committee during specified time periods.

Further, it shall be a breach of the terms of any contract with the Authority for any Business Entity who has been awarded the contract, during the term of the contract or any extension thereof, to:

- (i) make or solicit a contribution in violation of Chapter 51 or EO117;
- (ii) knowingly conceal or misrepresent a contribution given or received;
- (iii) make or solicit contributions through intermediaries for the purpose of concealing or misrepresenting the source of the contribution;
- (iv) make or solicit any contribution on the condition or with the agreement that it will be contributed to a campaign committee or any candidate of holder of the public office of Governor or Lieutenant Governor, or to any State, county or municipal party committee, or legislative leadership committee;
- (v) engage or employ a lobbyist or consultant with the intent or understanding that such lobbyist or consultant would make or solicit any contribution, which if made or solicited by the Business Entity itself, would subject that entity to the restrictions of Chapter 51 or EO117;
- (vi) fund contributions made by third parties, including consultants, attorneys, family members, and employees;
- (vii) engage in any exchange of contributions to circumvent the intent of Chapter 51 or EO117; or
- (viii) directly or indirectly through or by any other person or means, do any act which would subject that entity to the restrictions of Chapter 51 or EO117.

CERTIFICATION AND DISCLOSURE REQUIREMENTS

Prior to the award of any contract or agreement, the Authority shall notify any Business Entity to which it intends to award a contract of the need to submit to the Authority a completed Certification and Disclosure of Political Contributions form, as issued by the State Treasurer. **The intended awardee will receive the applicable form from the Authority's Purchasing Department to be completed and returned to the Authority for submission to the State Treasurer.**

In completing this form, the Business Entity must certify that no contributions prohibited by Chapter 51 or EO117 have been made by the Business Entity and must report all contributions the Business Entity made during the preceding four years to any political organization organized under 26 U.S.C. § 527 of the Internal Revenue Code that also meets the definition of a "continuing political committee" within the meaning of *N.J.S.A. 19:44A-3(n)* and *N.J.A.C. 19:25-1.7*. Failure to submit the required forms will preclude award of the contract at issue, as well as future contract opportunities.

Upon approval by the State Treasurer, the Authority will issue a contract. However, if the State Treasurer determines that any contribution or action by a Business Entity poses a conflict of interest in the awarding of the contract or agreement at issue, the State Treasurer shall disqualify the Business Entity from award of such contract.

Once approved by the State Treasurer, a Business Entity's Political Contributions Certification is valid for a two (2) year period from the date of approval. If, prior to the award of a contract, the State Treasurer confirms to the Authority that the intended awardee has an approved Certification that will remain valid for the term of the contract, the Authority may waive the requirement that the awardee complete an additional Certification and Disclosure of Political Contributions form.

Any Business Entity entering into a contract with the Authority is required, on a continuing basis, to report to the Authority any contributions it makes during the term of the contract, and any extension(s) thereof, at the time any such contribution is made. The Authority reserves the right to make up to two extensions of this contract for not more than one year each. If the extension is acceptable to the Authority at the original prices and on the original terms, notice will be given to the vendor by the Director in writing. If the original contract required a Contract Bond, a new Contract Bond must be submitted to cover the period of the extension. The same insurance requirements will be required for each extension period.

In addition, the Authority shall have the right, without the necessity of court proceedings, to recover all equipment, material or supplies that are the property of the Authority and have been entrusted with the vendor to be used in the performance of said contract. Nothing in this paragraph is intended to limit the Authority's right to legally pursue all costs which exceed the amount due and owing the vendor under said contract. Rejected supplies or materials will be returned at the vendor's risk, and all inspection, handling and transportation charges to and from the Authority's delivery site will be assumed by the vendor. If the total price is found to have been incorrectly computed, discrepancies will be corrected by the Authority on the basis of the unit prices and a determination of the low bidder will be made on the basis of the corrected total price. The Authority shall not be liable for any failure on its part to detect or correct errors, and the Authority's action in connection therewith shall not give rise to any rights to the bidder.
- I. NOTICE TO VENDORS AND AUTHORITY DEPARTMENTS**-The Authority is authorized to order, and vendors are authorized to ship only those items covered by the contract. If a review of orders placed by the Authority reveals that material other than that covered by the contract has been ordered and delivered, the Director will take such steps as are necessary to have the material returned regardless of the time elapsed between the date of delivery and discovery of the violation. EXHIBIT D
State Contractor Political Contributions Compliance
Public Law 2005, Chapter 51 and Executive Order 117

In order to safeguard the integrity of State government procurement by imposing restrictions to insulate the award of State contracts from political contributions that pose the risk of improper influence, purchase of access, or the appearance thereof, Executive Order 134 (McGreevey) was signed on September 22, 2004 and became effective October 15, 2004. EO134 was applicable to all State agencies, the principal departments of the executive branch, any division, board, bureau, office, commission within or created by a principal executive branch department, and any independent State authority, board, commission, instrumentality or agency. EO134 was superseded by P.L. 2005, c. 51, signed into law on March 22, 2005 (“Chapter 51”). In September 2008, Executive Order 117 (Corzine) was signed and became effective November 15, 2008. EO117, which applies only prospectively, extends Chapter 51’s political contribution restrictions by expanding the definition of “business entity” to include, for example, more corporate shareholders and sole proprietors. EO117 and Chapter 51 contain restrictions and reporting requirements that will necessitate a thorough review of their provisions by bidders.

Pursuant to the requirements of Chapter 51 and EO117, the terms and conditions set forth in this Exhibit are material terms of any contract entered into by the Authority.

DEFINITIONS

For the purpose of this Exhibit, the following shall be defined as follows:

a) “**Contribution**” – means a contribution reportable by the recipient under the New Jersey Campaign Contributions and Expenditures Reporting Act, P.L. 1973, c. 83, N.J.S.A. 19:44A-1 et seq., and implementing regulations set forth at N.J.A.C. 19:25-7 and N.J.A.C. 19:25-10.1 et seq., made on or after October 15, 2004. As of January 1, 2005, contributions in excess of \$300 are reportable.

b) “**Business Entity**” – means any natural or legal person; business corporation (and any officer, person, or business entity that owns or controls 10% or more of the corporation’s stock); professional services corporation (and any of its officers or shareholders); limited liability company (and any members); general partnership (and any partners); limited partnership (and any partners); in the case of a sole proprietorship: the proprietor; a business trust, association or any other legal commercial entity organized under the laws of New Jersey or any other state or foreign jurisdiction, including its principals, officers, or partners. The definition of a business entity also includes (i) all principals who own or control more than 10 percent of the profits or assets of a business entity; (ii) any subsidiaries directly or indirectly controlled by the business entity; (iii) any political organization organized under section 527 of the Internal Revenue Code that is directly or indirectly controlled by the business entity, other than a candidate committee, election fund, or political party committee; and (iv) if a business entity is a natural person, that person’s spouse, civil union partner or child, residing in the same household, except for contributions by spouses, civil union partners, or resident children to a candidate for whom the contributor is eligible to vote, or to a political party committee within whose jurisdiction the contributor resides.

PROHIBITION ON CONTRACTS/BREACH OF EXISTING CONTRACT

As set forth in Chapter 51 and EO117, the Authority shall not enter into a contract to procure from any Business Entity services or any material, supplies or equipment, or to acquire, sell or lease any land or building, where the value of the transaction exceeds \$17,500, if that Business Entity has solicited or made any contribution of money, or pledge of contribution, including in-kind contributions, to a candidate committee and/or election fund of any candidate for or holder of the public office of Governor or Lieutenant Governor, or to any State, county or municipal political party committee, or legislative leadership committee during specified time periods.

Further, it shall be a breach of the terms of any contract with the Authority for any Business Entity who has been awarded the contract, during the term of the contract or any extension thereof, to:

- (i) make or solicit a contribution in violation of Chapter 51 or EO117;
- (ii) knowingly conceal or misrepresent a contribution given or received;
- (iii) make or solicit contributions through intermediaries for the purpose of concealing or misrepresenting the source of the contribution;
- (iv) make or solicit any contribution on the condition or with the agreement that it will be contributed to a campaign committee or any candidate of holder of the public office of Governor or Lieutenant Governor, or to any State, county or municipal party committee, or legislative leadership committee;
- (v) engage or employ a lobbyist or consultant with the intent or understanding that such lobbyist or consultant would make or solicit any contribution, which if made or solicited by the Business Entity itself, would subject that entity to the restrictions of Chapter 51 or EO117;
- (vi) fund contributions made by third parties, including consultants, attorneys, family members, and employees;
- (vii) engage in any exchange of contributions to circumvent the intent of Chapter 51 or EO117; or
- (viii) directly or indirectly through or by any other person or means, do any act which would subject that entity to the restrictions of Chapter 51 or EO117.

CERTIFICATION AND DISCLOSURE REQUIREMENTS

Prior to the award of any contract or agreement, the Authority shall notify any Business Entity to which it intends to award a contract of the need to submit to the Authority a completed Certification and Disclosure of Political Contributions form, as issued by the State Treasurer. **The intended awardee will receive the applicable form from the Authority's Purchasing Department to be completed and returned to the Authority for submission to the State Treasurer.**

In completing this form, the Business Entity must certify that no contributions prohibited by Chapter 51 or EO117 have been made by the Business Entity and must report all contributions the Business Entity made during the preceding four years to any political organization organized under 26 U.S.C. § 527 of the Internal Revenue Code that also meets the definition of a "continuing political committee" within the meaning of *N.J.S.A.* 19:44A-3(n) and *N.J.A.C.* 19:25-1.7. Failure to submit the required forms will preclude award of the contract at issue, as well as future contract opportunities.

Upon approval by the State Treasurer, the Authority will issue a contract. However, if the State Treasurer determines that any contribution or action by a Business Entity poses a conflict of interest in the awarding of the contract or agreement at issue, the State Treasurer shall disqualify the Business Entity from award of such contract.

Once approved by the State Treasurer, a Business Entity's Political Contributions Certification is valid for a two (2) year period from the date of approval. If, prior to the award of a contract, the State Treasurer confirms to the Authority that the intended awardee has an approved Certification that will remain valid for the term of the contract, the Authority may waive the requirement that the awardee complete an additional Certification and Disclosure of Political Contributions form.

Any Business Entity entering into a contract with the Authority is required, on a continuing basis, to report to the Authority any contributions it makes during the term of the contract, and any extension(s) thereof, at the time any such contribution is made. Such reports shall be subject to review by the Authority and the State Treasurer. If the State Treasurer determines that any such contribution poses a conflict of interest, such contribution shall be deemed a material breach of the contract or agreement at issue.
