LAW

290-12-2023

Authorization to Settle Litigation in the Matter of Kyosun K. Park v. James A. Thonus, et al. (Essex County)

R-183151, Budget Code: 10-822-441043

Amount: \$650,000.00

On January 14, 2019, Plaintiff Kyosun K. Park was involved in a multi-vehicle accident on the Garden State Parkway near milepost 145.30 in the Township of Irvington. Trooper James A. Thonus, distracted while studying his Computer Aided Dispatch (CAD) computer and travelling too closely behind, rear-ended the Plaintiff's car causing the chain reaction. Outside counsel is seeking settlement authority in the amount of \$650,000. The Law Department concurs with outside counsel's recommendation.

ENGINEERING

COMPETITIVE PROCUREMENTS

A. <u>PUBLIC BID SOLICITATIONS - AWARD OF CONTRACTS</u>

291-12-2023

Recommendation to Award Contract No. T100.564

New Jersey Turnpike **PKF-Mark III. Inc.**

Replacement of Structure No. W112.72B

Milepost W112.0 to W112.7

R-183060, Budget Code: 5000000001

Amount: \$69,630,889.00

This contract will provide for the construction of a new Structure No. W112.72B which carries Turnpike Interchange 16 Ramp SWT over the Berry's Creek Canal, demolition of the existing structure, lengthening of the deceleration lane on the mainline, replacement of two overhead sign structures, structural rehabilitation of Culvert No. W112.26, and other incidental work. All work is expected to be substantially completed by February 2027.

292-12-2023

Recommendation to Award Contract No. T100.581

New Jersey Turnpike

PKF-Mark III, Inc.

Replacement of Two Waterway Piers

Turnpike Structure No. W115.36 and Miscellaneous Improvements

R-182254, Budget Code: 5000000008

Amount: \$47,769,980.00

This contract will provide for the complete demolition and reconstruction of two severely deteriorated waterway bridge piers of Turnpike Str. No. W115.36 (major bridge which carries the Westerly Alignment over the Hackensack River and various ramps). The contract also includes repairs to severely deteriorated Pier No. E17 of Turnpike Str. No. N2.01 (major bridge which carries the Newark Bay-Hudson County Extension over Newark Bay). All work is expected to be substantially completed by July 2027.

293-12-2023 Recommendation to Award Contract No. T100.651

New Jersey Turnpike

Joseph M. Sanzari, Inc.

Bridge Repairs and Resurfacing, Milepost 92 to 122 and the

Newark Bay-Hudson County Extension (2024)

R-183061, Budget Code: 0390000004

Amount: \$21,904,000.00

This is the first of two annual Turnpike bridge repair contracts to be awarded for the 2024 construction season. This contract is concentrated in the northern portion of the Turnpike and will perform work on 26 structures. The work generally includes selective replacement of complete deck panels, concrete spall repairs, joint repairs, replacement of existing asphalt wearing surface, bearing replacement, and miscellaneous substructure repairs. All work is expected to be substantially completed by November 2024.

294-12-2023 Recommendation to Award Contract No. P100.654

Garden State Parkway

IEW Construction Group Inc.

Bridge Repairs and Resurfacing, Milepost 126 to 172 (2024)

R-183064, Budget Code: 0390002004

Amount: \$13,698,593.04

This is the first of two annual Parkway bridge repair contracts to be awarded for the 2024 construction season. This contract is concentrated in the northern portion of the Parkway and will perform work on 18 structures. The work generally includes selective replacement of complete deck panels, concrete spall repairs, joint repairs, replacement of existing asphalt wearing surface, bearing replacement, and miscellaneous substructure repairs. All work is expected to be substantially completed by November 2024.

295-12-2023 Recommendation to Award Contract No. T200.671

New Jersey Turnpike

Stavola Contracting Co., Inc.

Roadway Resurfacing, Milepost 0 to 83, Section 5 (2024)

R-183069, Budget Code: 0390036011

Amount: \$17,986,484.69

This contract will provide for pavement removal and resurfacing of asphalt surface course pavement with warm mix asphalt along the Northbound and Southbound Turnpike mainline including shoulders, interchange ramps, toll plazas, and other incidental work from Milepost 0 to 83 in Salem, Gloucester, Camden, Burlington, Mercer, and Middlesex Counties. All work is expected to be substantially completed by December 2024.

296-12-2023 Recommendation to Award Contract No. T200.672

New Jersey Turnpike

Earle Asphalt Company

Roadway Resurfacing, Milepost 0 to 83, Section 7 (2024)

R-183072, Budget Code: 0390036012

Amount: \$18,875,513.13

This contract will provide for pavement removal and resurfacing of bituminous asphalt surface course pavement along the Northbound and Southbound Turnpike mainline including shoulders, interchange ramps, toll plazas, and other incidental work from Milepost 0 to 83 in Salem, Gloucester, Camden, Burlington, Mercer and Middlesex Counties. All work is expected to be substantially completed by October 2024.

297-12-2023 Recommendation to Award Contract No. A500.760

New Jersey Turnpike and Garden State Parkway

Kane Communication LLC

Solar Pilot Program and Roof Replacement at Various Locations

R-183029, Budget Code: 4000012014

Amount: \$3,126,350.00

This contract will provide for the installation of solar array systems and connections at various locations at TMD 2 on the Turnpike roadway. Work will also include electrical building and site work to support these systems and building work for roofing replacement at an existing salt shed. All work is expected to be substantially completed by January 2025.

298-12-2023 Recommendation to Award Contract No. A200.784

New Jersey Turnpike and Garden State Parkway

J. Fletcher Creamer & Son, Inc.

Guide Rail Improvements, New Jersey Turnpike Milepost 0 to 122 and Garden State Parkway Milepost 0 to 172, Various Locations

R-183077, Budget Code: 0390028009

Amount: \$2,774,130.00

This contract will provide for the removal and replacement of guide rail at various Turnpike locations and Parkway local road crossings. Guide rail, including ancillary items, will be upgraded to current standards at a total of 11 locations on both roadways. All work is expected to be substantially completed by October 2024.

B. <u>ORDER FOR PROFESSIONAL SERVICES (OPS)</u>

299-12-2023 Recommendation to Issue Order for Professional Services No. T3922

New Jersey Turnpike

Parsons Transportation Group, Inc.

Final Design Services for Newark Bay-Hudson County Extension Improvements Program

Section 2, Milepost N1.3 to N2.9

R-183078, Budget Code: 5000056102

Amount: \$149,670,000.00

This OPS will provide for final design services, preparation of construction contract documents, and other related work for the replacement of structures on the Newark Bay-Hudson County Extension (Extension). Specifically, Structure No. N2.01, the Extension over the Newark Bay and its approach structures, Structure Nos. N2.01W and N2.01E. Structure No. N2.01 will be replaced with staged twin, 3-span, cable-stayed bridges.

300-12-2023 Recommendation to Issue Order for Professional Services No. T3944

New Jersey Turnpike

Hardesty & Hanover Construction Services, LLC

Supervision of Construction Services for Contract No. T100.581, Replacement of Two Waterway Piers, Turnpike Structure No. W115.36 and Miscellaneous Improvements

R-182237, Budget Code: 5000000008

Amount: \$6,800,000.00

This OPS will provide supervision of construction services for Contract No. T100.581, Replacement of Two Waterway Piers, Turnpike Structure No. W115.36 and Miscellaneous Improvements. These services include construction inspection, material testing, record keeping, preparation of payment estimates, and other services required to ensure compliance with the contract documents.

301-12-2023 Recommendation to Issue Order for Professional Services No. T3957

New Jersey Turnpike

Greenman-Pedersen, Inc.

Supervision of Construction Services for Contract No. T100.564 Replacement of Structure No. W112.72B, Milepost W112.0 to W112.7

R-183031, Budget Code: 5000000001

Amount: \$12,200,000.00

This OPS will provide supervision of construction services for Contract No. T100.564, Replacement of Structure No. W112.72B, Milepost W112.0 to W112.7. These services include construction inspection, material testing, record keeping, preparation of payment estimates, and other services required to ensure compliance with the contract documents.

302-12-2023 Recommendation to Issue Order for Professional Services Nos. T4056 and T4057

New Jersey Turnpike

Johnson, Mirmiran & Thompson, Inc. - OPS No. T4056 Churchill Consulting Engineers - OPS No. T4057

Order for Professional Services No. T4056

Supervision of Construction Services for Contract No. T200.671

Roadway Resurfacing, Milepost 0 to 83, Section 5 (2024)

R-183032, Budget Code: 0390036011

Amount: \$2,165,000.00

and

Order for Professional Services No. T4057 Supervision of Construction Services for Contract No. T200.672 Roadway Resurfacing, Milepost 0 to 83, Section 7 (2024) R-183033, Budget Code: 0390036012

Amount: \$2,320,000.00

Through this single procurement process, the Authority will select two consultants to provide supervision of construction services for roadway resurfacing along the Turnpike roadway.

OPS No. T4056 will provide supervision of construction services for Contract No. T200.671, Roadway Resurfacing, Milepost 0 to 83, Section 5 (2024). OPS No. T4057 will provide supervision of construction services for Contract No. T200.672, Roadway Resurfacing, Milepost 0 to 83, Section 7 (2024). These services include construction inspection, material testing, record keeping, preparation of payment estimates, and other services required to ensure compliance with the contract documents.

303-12-2023 Recommendation to Issue Order for Professional Services Nos. A4081 and T4082

New Jersey Turnpike and Garden State Parkway

WSP USA Inc. - OPS No. A4081

ATANE Engineers, Architects and Land Surveyors, P.C. - OPS No. T4082

Order for Professional Services No. A4081

2024 New Jersey Turnpike Authority Major Bridge Inspection Program, Major Bridge Group 1

R-183079, Budget Code: 010-850-445900

Funding Allocation:

\$1,140,000.00 FY 2024

\$ 200,000.00 FY 2025

Amount:

\$1,340,000.00

and

Order for Professional Services No. T4082

2024 New Jersey Turnpike Authority Major Bridge Inspection Program, Major Bridge Group 2

R-183080, Budget Code: 010-850-445900

Funding Allocation: \$1,350,000.00 FY 2024

\$ 150,000.00 FY 2025

Amount:

\$1,500,000.00

Through this single procurement process the Authority will select two consultants to furnish engineering services for bridge inspections of nine (9) of the Authority's 35 major bridges on the Turnpike and Parkway.

The engineering services associated with OPS No. A4081 will include inspection of 5 bridges in Major Bridge Group 1 located in the southern region of the Turnpike and Parkway and OPS No. T4082 will include inspection of 4 bridges in Major Bridge Group 2, which are located in the central/northern region of the Turnpike. Both OPS' include FHWA Structure Inventory and Appraisal (SI&A) form updates, FHWA Element Level Inspection, data collection, and preparation of bridge inspection reports.

304-12-2023 Recommendation to Issue Order for Professional Services No. A4121

New Jersey Turnpike and Garden State Parkway

Tectonic Engineering Consultants, Geologists & Land Surveyors, DPC, Inc.

Supervision of Construction Services for Contract No. A500.760 Solar Pilot Program and Roof Replacement at Various Locations

R-183034, Budget Code: 4000012014

Amount: \$550,000.00

This OPS will provide supervision of construction services for Contract No. A500.760, Solar Pilot Program and Roof Replacement at Various Locations. These services include construction inspection, material testing, record keeping, preparation of payment estimates, and other services required to ensure compliance with the contract documents.

305-12-2023 Recommendation to Issue Order for Professional Services No. P4123

Garden State Parkway

Dewberry Engineers Inc.

Supervision of Construction Services for Contract No. P100.654 Bridge Repairs and Resurfacing, Milepost 126 to 172 (2024)

R-183035, Budget Code: 0390002004

Amount: \$1,895,000.00

This OPS will provide supervision of construction services for Contract No. P100.654, Bridge Repairs and Resurfacing, Milepost 126 to 172 (2024). These services include construction inspection, material testing, record keeping, preparation of payment estimates, and other services required to ensure compliance with the contract documents.

306-12-2023 Recommendation to Issue Order for Professional Services No. T4132

New Jersey Turnpike **Boswell Engineering**

Supervision of Construction Services for

Contract No. T100.651

Bridge Repairs and Resurfacing, Milepost 92 to 122 and

the Newark Bay-Hudson County Extension (2024)

R-183036, Budget Code: 0390000004

Amount: \$1,995,000.00

This OPS will provide supervision of construction services for Contract No. T100.651, Bridge Repairs and Resurfacing, MP 92 to 122 and the Newark Bay-Hudson County Extension (2024). These services include construction inspection, material testing, record keeping, preparation of payment estimates, and other services required to ensure compliance with the contract documents.

307-12-2023 Recommendation to Issue Order for Professional Services No. A4174

New Jersey Turnpike and Garden State Parkway

M&J Engineering, P.C.

Supervision of Construction Services for

Contract No. A200.784

Guide Rail Improvements, New Jersey Turnpike, Milepost 0 to 122 and Garden State Parkway, Milepost 0 to 172, Various Locations

R-183037, Budget Code: 0390028009

Amount: \$370,000.00

This OPS will provide supervision of construction services for Contract No. A200.784, Guide Rail Improvements, New Jersey Turnpike Milepost 0 to 122 and Garden State Parkway Milepost 0 to 172. These services include construction inspection, material testing, record keeping, preparation of payment estimates, and other services required to ensure compliance with the contract documents.

308-12-2023 Recommendation to Issue Supplement B to Order for Professional Services No. A3785

Garden State Parkway and New Jersey Turnpike

HNTB Corporation

General Consulting Engineering Services

R-183081, Budget Code: Various

Original OPS Amount:

\$58,115,000.00

Amount of Supplement A:

\$13,150,000.00

Amount of Supplement B:

\$12,600,000.00

Revised OPS Amount:

\$83,865,000.00

HNTB Corporation is engaged under OPS No. A3785 to provide general consulting engineering services to the Authority for the five-year term, January 1, 2021 through December 31, 2025. It is projected that an additional \$12.6 million may be required by the end of the OPS term based on past expenditures and anticipated future needs.

Supplement B, in an amount of \$12.6 million, provides for program management to aid the Authority with the design and implementation of all electronic tolling on the Parkway and funding for unanticipated services that may arise for which HNTB Corporation is uniquely qualified to perform. These undefined services include updates to manuals and standard drawings for changes issued by regulatory, state and federal agencies, studies and technical support for the Engineering, ITS and Operations Departments. All services, defined and undefined, will only be utilized upon specific direction by the Authority.

NON-COMPETITIVE PROCUREMENTS

C. <u>MISCELLANEOUS</u>

309-12-2023 <u>Authorization to Purchase Riparian Mitigation Credits – Agreement No. 202-23</u>

New Jersey Turnpike

GV Oradell, LLC

Purchase Riparian Mitigation Credits for Contract No. T100.564, Replacement of Structure No. W112.72B, Milepost W112.0 to W112.7

R-183082, Budget Code: 5000000001

Amount: \$400,000.00

This Agreement will provide for the purchase of riparian mitigation credits to mitigate for 0.419 acres of riparian zone impacted by improvements proposed for Construction Contract No. T100.564. The Oradell Reservoir Mitigation Bank owned and operated by GV Oradell, LLC was verified by the New Jersey Department of Environmental Protection to be the only bank within the project's watershed that offers riparian credits. Procurement will be a sole source, pursuant to the Authority's regulations.

PROCUREMENT AND MATERIALS MANAGEMENT COMPETITIVE PROCUREMENTS

A. PUBLIC BIDS

312-12-2023

Volvo and Mack Truck OEM Parts, Repairs, and Diagnostic Services

Gabrielli Truck Sales Inc. of NJ

RM-182067 (Operations/Inventory), Budget Code: Various

Amount: \$1,200,000.00 (2-year contract)

Under this contract, Gabrielli Truck Sales Inc. of NJ will provide the Authority with Volvo and Mack Truck OEM Parts, Repairs, and Diagnostic Services. These parts and repairs are vital to the Authority's fleet used for snowplowing operations on both Roadways.

313-12-2023

Trailer Mounted Compressors (11)

Hoffman Equipment Co.

R-182183 (Operations), Budget Code: 049 00 500 156555 0490016010

Amount: \$426,800.00

Under this contract, Hoffman Equipment Co. will provide the Authority with eleven (11) Trailer Mounted Compressors used for air powered equipment for maintenance and construction repairs on both Roadways. They are replacing existing older models that have reached their life expectancy and will be sold as surplus if feasible.

B. <u>STATE/GOVERNMENT CONTRACTS</u>

314-12-2023 Volvo Tandem Dump Trucks With Options (8)

Gabrielli Truck Sales Inc. of NJ

R-182778 (Operations), Budget Code: 049 00 500 156555 0490016022 State Contract No. T-2809/24-FLEET-56827 expiring 01/29/2024

Amount: \$2,792,467.20 (\$349,058.40 each)

Under this contract, Gabrielli Truck Sales Inc. of NJ will provide the Authority with eight (8) 2024 Volvo tandem axle cab and chassis dump trucks to assist in the Authority's snow removal operations. Options include conveyor body, wing plow assembly, snowplow hitch, de-icing system, and all other standard equipment listed per New Jersey State Contract. These trucks are replacing older models that have reached their life expectancy, will be sold as surplus if feasible, and are available under State Contract No. T-2809/24-FLEET-56827 expiring 01/29/2024.

315-12-2023 Accelion Kiteworks Software License Renewal

Insight Public Sector, Inc.

R-182811 (Information Technology Services), Budget Code: 010 00 830 427010

State Contract No. T-3121/20-TELE-01512 expiring 05/24/2026

Amount: \$355,080.93

Under this contract, Insight Public Sector, Inc. will provide the Authority with a one-year renewal of the Authority's external file sharing platform, Accelion Kiteworks. This also includes a migration to the vendor's hosted infrastructure for improved stability. Kiteworks is used by various departments in the Authority to exchange information with external recipients. Data includes contract documents, legal agreements, and OPRA request fulfillment. This license renewal is for a total of 1,304 user licenses to cover the period from 03/01/2024 to 02/28/2025 and is available under State Contract No. T-3121/20-TELE-01512 expiring 05/24/2026.

316-12-2023 **2024 F5 Support**

Dell Marketing, LP

R-182849 (Information Technology Services), Budget Code: 010 00 830 466010

State Contract No. M-0483/19-TELE-00656 expiring 01/31/2024

Amount: \$102,938.40

Under this contract, Dell Marketing, LP will provide the Authority with 2024 F5 Support. This includes coverage for two (2) DNS servers, two (2) load balancers, threat campaign license and Web Application Firewall for one (1) year. The Authority uses F5 to provide high availability and security for applications such as PeopleSoft, CAD, and NJTA website, along with others. This F5 Support is available under State Contract No. M-0483/19-TELE-00656 expiring 01/31/2024.

317-12-2023 **2024 Microsoft Enterprise Support Renewal**

Dell Marketing, LP

RM-182954 (Information Technology Services), Budget Code: 010 00 830 445900

State Contract No. T-3121/20-TELE-01510 expiring 05/24/2026

Amount: \$164,736.00

Under this contract, Dell Marketing, LP will provide the Authority with 2024 Microsoft Enterprise Support Renewal. This support agreement enables the Authority to receive 24/7/365 technical support for all Microsoft products, including but not limited to Windows operating systems, Office products, Exchange, and other server-based application packages. This agreement also includes proactive support including training and evaluation tools to ensure the operating environment is running efficiently. This support plan covers the period from 3/1/2024 to 2/28/2025 and is available under State Contract No. T-3121/20-TELE-01510 expiring 05/24/2026.

318-12-2023 <u>Cisco SAN Network Upgrade</u>

ePlus Technology, Inc.

RM-182952 (Information Technology Services) Budget Code: 049 00 830 156555 0490052015

State Contract No. M-7000/21-TELE-01506 expiring 09/30/2024

Amount: \$264,267.05

Under this contract, ePlus Technology, Inc. will provide the Authority with network switches to replace the storage area network ("SAN"). The current SAN switches are over eight (8) years old and are at end of support. This contract will provide four (4) new Cisco SAN switches, Nexus Dashboard software for monitoring the platform, licenses, and five (5) years of 24/7/365 support and is available under State Contract No. M-7000/21-TELE-01506 expiring 09/30/2024.

319-12-2023 **2024 Cisco Network Refresh**

ePlus Technology, Inc.

RM-182949 (Information Technology Services) Budget Code: 400 00 830 156555 4000052000

State Contract No. M-7000/21-TELE-01506 expiring 09/30/2024

Amount: \$3,311,706.56

Under this contract, ePlus Technology, Inc. will provide the Authority with hardware and support necessary for the 2024 Network Refresh Project. The network is responsible for voice, radio, video, and data services for the New Jersey Turnpike Authority, New Jersey Department of Transportation, and New Jersey State Police. The current network hardware is end of support and this project will replace all switches at NJTA Headquarters, and layer two (2) switches at Traffic Management Center (TMC), Central Services Facility (CSF), and NJSP barracks. Also included is the replacement of the Authority's internet firewalls, the necessary software licenses, and five (5) years of 24x7x365 support available under State Contract No. M-7000/21-TELE-01506 expiring 09/30/2024.

320-12-2023 **Cisco CS Kit Upgrade**

ePlus Technology, Inc.

RM-182987 (Information Technology Services) Budget Code: 400 00 830 156555 4000052000

State Contract No. M-7000/21-TELE-01506 expiring 09/30/2024

Amount: \$346,597.73

Under this contract, ePlus Technology, Inc. will provide the Authority with equipment to upgrade the audio-visual equipment in the conference rooms and Boardroom at NJTA Headquarters. The contract includes equipment, software licenses, five years of support, and installation services. This project will replace equipment that is at end of support and provide the latest technology for meetings and collaborations and is available under State Contract No. M-7000/21-TELE-01506 expiring 09/30/2024.

321-12-2023 Cisco Video Conferencing Upgrade

ePlus Technology, Inc.

RM-182988 (Information Technology Services) Budget Code: 400 00 830 156555 4000052000

State Contract No. M-7000/21-TELE-01506 expiring 09/30/2024

Amount: \$166,569.43

Under this contract, ePlus Technology, Inc. will provide the Authority with hardware to upgrade the Cisco UCSX platform. The current UCSX infrastructure is over eight (8) years old and end of support. This contract, which includes one UCSX chassis and six (6) blade servers, provides the Authority with video conferencing capabilities when joining a Cisco WebEx or Microsoft Teams meeting. Also included in this contract are software licenses, five years of 24/7/365 support, and installation services, all available under State Contract No. 21-TELE-01506 expiring 09/30/2024.

322-12-2023 **SmartConnect APX N70 Radios**

Motorola Solutions, Inc.

R-183009 (Information Technology Services) Budget Code: 049 00 830 650040 0490072023 State Contract No. T-0109/83909 expiring 04/30/2024

Amount: \$452,488.63

Under this contract, Motorola Solutions, Inc. will provide the Authority with fifty (50) SmartConnect APX N70 portable radios. The Authority has a Motorola radio system that covers 95% of both roadways. This contract will provide fifty (50) portable radios which integrate with the Authority's current Motorola radio network and utilize VZE LTE when there is no radio coverage. This contract also includes fifty portable (50) radios, licenses, and accessories, and is available under State Contract No. T-0109/83909 expiring 04/30/2024.

323-12-2023 **Workstation Installation and Removal**

Xybix Systems, Inc.

R-183625 (Operations), Budget Code: 049 00 500 156555 0490012028

State Contract No. T-0109/83922 expiring 04/30/2024

Amount: \$1,028,728.18

Under this contract, Xybix Systems, Inc. will provide the Authority with Workstation Installation and Removal at the TMC building. This redesign is necessary to return the floor plan to the original layout to streamline the workflow. The contract includes the deconstruction and disposal of the old workstation system as well as installation of the new one and is available under State Contract No. T-0109/83922 expiring 04/30/2024.

- 327-12-2023 Financial Summary for the Eleven (11) month's ended November 30, 2023
- 328-12-2023 Authorization to Settle Litigation in the Matter of Caroline Clarke vs. New Jersey Turnpike Authority, Docket No. MID-L-2267-2

Amount: \$1,875,000

In April 2023, the above reference employee filed litigation against the Authority alleging employment discrimination based on race, gender and other work environment claims. As a result of mediation, the parties subsequently held several discussions resulting in a settlement of this matter of which General Counsel has concurred.

Authorization to Award a Contract for Insured Stop Loss Coverage to Horizon Blue Cross Blue Shield ("Horizon") for the period 1/1/2024 – 12/31/2024 and to negotiate renewal of this coverage for the ensuing one-year period (1/1/2025 – 12/31/2025)

For an amount not to exceed \$2,800,000

This is to replace the current Insured Stop Loss coverage contract that will be expiring 12/31/2023 and to give authorization for the Executive Director to execute any necessary documents and to negotiate a one-year renewal.

Authorization to Enter into a Memorandum of Agreement with IFPTE Local 196
Chapter 1 and the New Jersey Turnpike Authority for a Successor Collective
Bargaining Agreement

This Memorandum of Agreement represents an agreement between IFPTE Local 196-Chapter 1 and the New Jersey Turnpike Authority for issues including but not limited to Compensation. Pay Parity and other work rule revisions.

331-12-2023 Authorization to Enter into a Memorandum of Agreement with IFPTE Local 196

Law

MEMORANDUM

December 19, 2023

TO:

James D. Carone

Executive Director

FROM:

Ann Christine Monica

Acting Director of Law

RE:

Authorization to Settle Litigation in the Matter of Kyosun K. Park v. James A. Thonus, et al.

(Essex County)

Budget Code: 10-822-441043

Amount: \$650,000.00

This matter is a personal injury claim arising from a multi-vehicle accident on the Garden State Parkway near milepost 145.30 in the Township of Irvington on January 14, 2019. Trooper James A. Thonus, distracted while studying his Computer Aided Dispatch (CAD) computer and travelling too closely behind, rear-ended the plaintiff's car causing the chain reaction. The impact of the accident resulted in severe injuries to plaintiff. Plaintiff suffered numerous disc herniations in the cervical and lumbar regions, nerve root compression, lumbar stenosis, tear of left shoulder rotator cuff tendon, and a right shoulder labrum tear.

The parties attended a court-ordered arbitration on January 10, 2023. At the arbitration, an award was entered in the gross amount of \$1,000,000. On December 4, 2023, a second arbitration took place, and a trial is scheduled for January 16, 2024. After the second arbitration, the parties agreed to a conditional settlement of \$650,000.00 of all claims in the matter without any admission of wrongdoing by the Authority, subject to the Board of Commissioners' approval. General Counsel reviewed this matter and other similar matters that were previously adjudicated and/or settled to confirm that this proposed settlement value is reasonable given the facts of the case, in consideration of plaintiff's injury, age, and the projected future costs of defense. The Law Department concurs with General Counsel's recommendation.

Therefore, it is recommended that the Board of Commissioners approve the settlement of this matter pursuant to the terms set forth above. It is also recommended that the Board of Commissioners authorize the Executive Director to execute any and all documents in furtherance of same.

X Bid RFP	State Contract	Michael Garofalo, P.E., Chief Engineer						
Sole Other Source		Publicly advertised in the Star Ledger and posted on the Authority's website on September 8, 2023						

This contract will provide for the construction of a new Structure No. W112.72B which carries Turnpike Interchange 16 Ramp SWT over the Berry's Creek Canal, demolition of the existing structure, lengthening of the deceleration lane on the mainline, replacement of two overhead sign structures, structural rehabilitation of Culvert No. W112.26, and other incidental work. All work is expected to be substantially completed by February 2027.

Twelve bid proposals were received on November 9, 2023 for the above publicly advertised contract, as shown on the attached bid summary sheet. The low bid proposal in the amount of \$69,630,889.00 may be compared to the second low bidder in the amount of \$79,690,730.90. The bids were significantly lower than the Engineer's Estimate in the amount of \$99,188,379.34 likely due to the low bidder's knowledge of the work based on similar projects and current competitive bidding climate. Engineering Department representatives confirmed with the low bidder that they can perform at the bid prices. The low bidder, PKF-Mark III, Inc. has performed work for the Authority and is considered competent to complete this contract.

It is, therefore, recommended that Contract No. T100.564 be awarded to the low bidder, PKF-Mark III, Inc. of Newtown, Pennsylvania, in the amount of \$69,630,889.00. Bids for this work were procured, and the authorization being sought is to award this fair and open contract to the lowest responsible bidder, in accordance with N.J.S.A. 27:23-6.1, N.J.A.C. 19:9-2.2, and Executive Order No. 37 (Corzine 2006).

The General Consultant, HNTB Corporation, concurs with this recommendation.

This contract will provide for the complete demolition and reconstruction of two severely deteriorated waterway bridge piers of Turnpike Str. No. W115.36 (major bridge which carries the Westerly Alignment over Hackensack River and various ramps). The contract also includes repairs to severely deteriorated Pier No. E17 of Turnpike Str. No. N2.01 (major bridge which carries the Newark Bay-Hudson County Extension over Newark Bay). All work is expected to be substantially completed by July 2027.

Seven bid proposals were received on November 14, 2023 for the above publicly advertised contract, as shown on the attached bid summary sheet. The low bid proposal in the amount of \$47,769,980.00 may be compared to the second low bidder in the amount of \$54,610,357.48. The bids were lower than the Engineer's Estimate in the amount of \$58,023,625.00, which is likely due to the low and second low bidders' familiarity with in-water work and the current competitive bidding climate. Engineering Department representatives confirmed with the low bidder that they can perform at the bid prices. The low bidder, PKF-Mark III, Inc. has performed work for the Authority, including recent interim pier repairs of Turnpike Str. No. W115.36 under Contract No. T100.563, and they are considered competent to complete this contract.

It is, therefore, recommended that Contract No. T100.581 be awarded to the low bidder, PKF-Mark III, Inc. of Newtown, Pennsylvania, in the amount of \$47,769,980.00. Bids for this work were procured, and the authorization being sought is to award this fair and open contract to the lowest responsible bidder, in accordance with N.J.S.A. 27:23-6.1, N.J.A.C. 19:9-2.2, and Executive Order No. 37 (Corzine 2006).

The General Consultant, HNTB Corporation, concurs with this recommendation.

	Sole Source		Other				Publicly advertised in the Star Ledger and posted on the Authority's website on September 28, 2023								

This is the first of two annual Turnpike bridge repair contracts to be awarded for the 2024 construction season. This contract is concentrated in the northern portion of the Turnpike from Milepost 92 to 122 and the Newark Bay-Hudson County Extension and will perform work on 26 structures. The work generally includes selective replacement of complete deck panels, concrete spall repairs, joint repairs, replacement of existing asphalt wearing surface, bearing replacement, and miscellaneous substructure repairs. All work is expected to be substantially completed by November 2024.

One bid proposal was received on October 31, 2023 for the above publicly advertised contract, as shown on the attached bid summary sheet. The bid proposal, in the amount of \$21,904,000.00, may be compared to the Engineer's Estimate in the amount of \$16,960,298.50. The bid was significantly higher than the Engineer's Estimate likely due to the recent increases in the cost of labor and materials associated with paving and deck repairs, extended labor costs for required weekend work, inefficiencies with installation of catch systems and small quantities requiring multiple mobilizations due to limited working hours. Engineering Department representatives confirmed with the low bidder that they can perform at the bid prices. Joseph M. Sanzari, Inc. has performed work for the Authority and is considered competent to complete this contract.

It is, therefore, recommended that Contract No. T100.651 be awarded to Joseph M. Sanzari, Inc. of Hackensack, New Jersey, in the amount of \$21,904,000.00. Bids for this work were procured, and the authorization being sought is to award this fair and open contract to the lowest responsible bidder, in accordance with N.J.S.A. 27:23-6.1, N.J.A.C. 19:9-2.2, and Executive Order No. 37 (Corzine 2006).

The General Consultant, HNTB Corporation, concurs with this recommendation.

This is the first of two annual Parkway bridge repair contracts to be awarded for the 2024 construction season. This contract is concentrated in the northern portion of the Parkway from Milepost 126 to 172 and will perform work on 18 structures. The work generally includes selective replacement of complete deck panels, concrete spall repairs, joint repairs, replacement of existing asphalt wearing surface, bearing replacement and miscellaneous substructure repairs. All work is expected to be substantially completed by November 2024.

Two bid proposals were received on November 2, 2023 for the above publicly advertised contract, as shown on the attached bid summary sheet. The low bid proposal, in the amount of \$13,698,593.04, may be compared to the Engineer's Estimate in the amount of \$12,368,465.00. The low bidder, IEW Construction Group Inc. has performed work for the Authority and is considered competent to complete this contract.

It is, therefore, recommended that Contract No. P100.654 be awarded to the low bidder, IEW Construction Group Inc. of Hamilton, New Jersey in the amount of \$13,698,593.04. Bids for this work were procured, and the authorization being sought is to award this fair and open contract to the lowest responsible bidder, in accordance with N.J.S.A. 27:23-6.1, N.J.A.C. 19:9-2.2, and Executive Order No. 37 (Corzine 2006).

This contract will provide for pavement removal and resurfacing of asphalt surface course pavement with warm mix asphalt along the Northbound and Southbound Turnpike mainline including shoulders, interchange ramps, toll plazas, and other incidental work from Milepost 0 to 83 in Salem, Gloucester, Camden, Burlington, Mercer and Middlesex Counties. All work is expected to be substantially completed by October 2024.

Six bid proposals were received on November 21, 2023 for the above publicly advertised contract, as shown on the attached bid summary sheet. The low bid proposal in the amount of \$18,875,513.13 may be compared to the second low bidder in the amount of \$19,275,169.69. The low bid was significantly lower than the Engineer's Estimate in the amount of \$21,203,000.00 likely due to the low bidder's continuous presence in the region and ability to self-produce all asphalt mixes for the project. The low bidder, Earle Asphalt Company, has performed work for the Authority and is considered competent to complete this contract.

It is, therefore, recommended that Contract No. T200.672 be awarded to the low bidder, Earle Asphalt Company of Farmingdale, New Jersey in the amount of \$18,875,513.13. Bids for this work were procured, and the authorization being sought is to award this fair and open contract to the lowest responsible bidder, in accordance with N.J.S.A. 27:23-6.1, N.J.A.C. 19:9-2.2, and Executive Order No. 37 (Corzine 2006).

The General Consultant, HNTB Corporation, concurs with this recommendation.

This contract will provide for the installation of solar array systems and connections at various locations at TMD 2 on the Turnpike roadway. Work will also include electrical building and site work to support these systems and building work for roofing replacement at the existing salt shed. All work is expected to be substantially completed by January 2025.

Two bid proposals were received on November 21, 2023 for the above publicly advertised contract, as shown on the attached bid summary sheet. The low bid proposal in the amount of \$3,126,350.00 may be compared to the second low bidder in the amount of \$3,883,010.00. The bids were significantly higher than the Engineer's Estimate in the amount of \$2,379,323.00 likely due to recent volatility in the cost of labor and material associated with the solar market and current supply chain issues. The low bidder, Kane Communications, LLC has performed work for the Authority as a subcontractor to other general contractors and is considered competent to complete this contract.

It is, therefore, recommended that Contract No. A500.760 be awarded to the low bidder, Kane Communications, LLC of Trenton, New Jersey, in the amount of \$3,126,350.00. Bids for this work were procured, and the authorization being sought is to award this fair and open contract to the lowest responsible bidder, in accordance with N.J.S.A. 27:23-6.1, N.J.A.C. 19:9-2.2, and Executive Order No. 37 (Corzine 2006).

This Order for Professional Services will provide for final design services, preparation of construction contract documents, and other related work for the replacement of existing structures on the Newark Bay-Hudson County Extension (Extension) in the Cites of Newark and Bayonne. Structure No. N2.01, the Extension over the Newark Bay, will be replaced with twin cable stayed bridges (one for each direction of travel) that accommodate four travel lanes and standard full left and right shoulders. Approach structures, Structure Nos. N2.01W and N2.01E, to Structure No. N2.01 will also each be replaced with twin structures. The work also includes the preparation of contract documents for the demolition of the existing structures noted above within the project limits.

This assignment is classified as a "Complex Project" since the scope of work is not clearly defined and likely to change during the course of the project, and the cost exceeds \$2,000,000.00. The Solicitation for Expressions of Interest (EOIs) was posted on the Authority's website and nine (9) engineering firms were prequalified and eligible under Profile Code: A098, Bridges: Complex. Three qualified firms submitted EOIs by the closing date of September 14, 2023.

In accordance with the regulations, for Complex Projects, "If only three or four EOIs have been deemed complete by the Authority, these firms shall receive the RFP and the Review Committee will not conduct an evaluation of the EOIs..." [19:9-2.8.3]. The Review Committee recommended that we proceed directly to the RFP phase of the procurement and solicit Technical and Fee Proposals from the three qualified firms which submitted complete EOIs: Jacobs Engineering Group Inc.; Michael Baker International, Inc.; and Parsons Transportation Group, Inc. The Review Committee reviewed and evaluated each firm's Technical Proposal and it was determined that oral presentations would be required. Final scoring resulted in Parsons Transportation Group, Inc. being the highest technically ranked firm. The fee submitted by Parsons Transportation Group, Inc. has been reviewed, negotiated and is considered to be fair and reasonable for the services to be provided.

It is, therefore, recommended that Order for Professional Services No. T3922 be issued to the firm of Parsons Transportation Group, Inc. of Newark, New Jersey, in an amount not to exceed \$149,670,000.00. This amount includes reimbursement of direct salaries times a maximum multiplier of 2.49 to cover the cost of fringe benefits, overhead and profit, plus authorized direct non-salary expenses. These professional services were procured by a fair and open process, and the recommended firm was selected in accordance with N.J.S.A. 52:34-9.1, et seq., N.J.S.A. 27:23-6.1 of the Authority's enabling legislation, N.J.A.C. 19:9-2.8, promulgated pursuant thereto, and Executive Order No. 37 (Corzine 2006).

Source Other	Posted on the Authority's website on June 29, 2023								

This Order for Professional Services will provide supervision of construction services for Contract No. T100.581, Replacement of Two Waterway Piers, Turnpike Structure No. W115.36 and Miscellaneous Improvements. These services include construction inspection, material testing, record keeping, preparation of payment estimates, and other services required to ensure compliance with the contract documents.

This assignment is classified as a "Complex Project" since the scope of work is not clearly defined and likely to change during the course of the project, and the cost exceeds \$2,000,000.00. The Solicitation for Expressions of Interest (EOIs) was posted on the Authority's website and forty-eight (48) engineering firms were prequalified and eligible under Profile Codes: B151, Construction Management and B156, Bridge Repair Inspection. Two firms submitted EOIs by the closing date of July 14, 2023.

In accordance with N.J.A.C. 19:9-2.8, since there were only two EOIs received, both of which were deemed complete, the Review Committee did not evaluate the EOIs and both firms received a Request for Technical and Fee Proposals. The Technical and Fee Proposals were received from both firms on August 22, 2023. Based on the Review Committee's review of the Technical Proposals, the ranking of the firms are: 1) Hardesty & Hanover Construction Services, LLC and 2) Omsum Engineering, LLC. The fee submitted by Hardesty & Hanover Construction Services, LLC has been reviewed and negotiated and is considered to be fair and reasonable for the services to be provided.

It is, therefore, recommended that Order for Professional Services No. T3944 be issued to the firm of Hardesty & Hanover Construction Services, LLC of Hoboken, New Jersey, in an amount not to exceed \$6,800,000.00. This amount includes reimbursement of direct salaries times a maximum multiplier of 2.30 to cover the cost of fringe benefits, overhead and profit, plus authorized direct non-salary expenses. These professional services were procured by a fair and open process, and the recommended firm was selected in accordance with N.J.S.A. 52:34-9.1, et seq., N.J.S.A. 27:23-6.1 of the Authority's enabling legislation, N.J.A.C. 19:9-2.8, promulgated pursuant thereto, and Executive Order No. 37 (Corzine 2006).

This Order for Professional Services will provide supervision of construction services for Contract No. T100.564, Replacement of Structure No. W112.72B, Milepost W112.0 to W112.7. These services include construction inspection, material testing, record keeping, preparation of payment estimates, and other services required to ensure compliance with the contract documents.

This assignment is classified as a "Complex Project" since the scope of work is not clearly defined and likely to change during the course of the project, and the cost exceeds \$2,000,000.00. The Solicitation for Expressions of Interest (EOIs) was posted on the Authority's website and sixty-two (62) engineering firms were prequalified and eligible under Profile Code B155. Bridge Construction Inspection. Seven firms submitted EOIs by the closing date of August 7, 2023.

The scoring of the EOIs by the Review Committee resulted in the following order of ranking: 1) Greenman-Pedersen, Inc.; 2) Dewberry Engineers Inc.; and 3) Jacobs Engineering Group Inc. On September 18, 2023, Technical and sealed Fee Proposals were received from the top three firms. The Review Committee reviewed and evaluated each firm's Technical Proposals and it was determined that oral presentations would not be required. The final scoring resulted in Greenman-Pedersen, Inc. being the highest technically ranked firm. The fee submitted by Greenman-Pedersen, Inc. has been reviewed, negotiated and is considered to be fair and reasonable for the services to be provided.

It is, therefore, recommended that Order for Professional Services No. T3957 be issued to the firm of Greenman-Pedersen, Inc. of Bridgewater, New Jersey, in an amount not to exceed \$12,200,000.00. This amount includes reimbursement of direct salaries times a maximum multiplier of 2.21 to cover the cost of fringe benefits, overhead and profit, plus authorized direct non-salary expenses. These professional services were procured by a fair and open process, and the recommended firm was selected in accordance with N.J.S.A. 52:34-9.1, et seq., N.J.S.A. 27:23-6.1 of the Authority's enabling legislation, N.J.A.C. 19:9-2.8, promulgated pursuant thereto, and Executive Order No. 37 (Corzine 2006).

Through this single procurement process, the Authority will select two consultants to provide supervision of construction services for roadway resurfacing along the Turnpike roadway.

OPS No. T4056 will provide supervision of construction services for Contract No. T200.671, Roadway Resurfacing, Milepost 0 to 83, Section 5 (2024). These services include construction inspection, material testing, record keeping, preparation of payment estimates, and other services required to ensure compliance with the contract documents.

OPS No. T4057 will provide supervision of construction services for Contract No. T200.672, Roadway Resurfacing, Milepost 0 to 83, Section 7 (2024). These services include construction inspection, material testing, record keeping, preparation of payment estimates, and other services required to ensure compliance with the contract documents.

These assignments are classified as "Complex Projects" since the scopes of work are not clearly defined and likely to change during the course of the projects, and the costs of each exceeds \$2,000,000.00. The Solicitation of Expressions of Interest (EOIs) was posted on the Authority's website and fifty-nine (59) engineering firms were prequalified and eligible under Profile Codes: B153, Roadway Construction Inspection and B154, Roadway Resurfacing Inspection. Four firms submitted EOIs by the closing date of September 26, 2023.

In accordance with the regulations, for Complex Projects, "If only three or four EOIs have been deemed complete by the Authority, these firms shall receive the RFP and the Review Committee will not conduct an evaluation of the EOIs..." [19:9-2.8.3]. The Review Committee recommended that we proceed directly to the RFP phase of the procurement and solicit Technical and Fee Proposals from the four firms which submitted complete EOIs: Churchill Consulting Engineers; Johnson, Mirmiran & Thompson, Inc.; KS Engineers, P.C.; and MAKS Engineers, PC. The Review Committee reviewed and evaluated each firm's Technical Proposal and it was determined that oral presentations would not be required. Final scoring resulted

in Churchill Consulting Engineers being the highest technically ranked firm and Johnson, Mirmiran & Thompson, Inc. being the second highest ranked firm. The Fee Proposal of the highest technically ranked firm, Churchill Consulting Engineers, for OPS No. T4057 (in accordance with the Solicitation for EOIs), was reviewed and considered to be fair and reasonable for the services to be provided. Subsequently, the Fee Proposal of the second highest technically ranked firm, Johnson, Mirmiran & Thompson, Inc., for OPS No. T4056 (in accordance with the Solicitation for EOIs), was reviewed and considered to be fair and reasonable for the services to be provided.

It is, therefore, recommended that Order for Professional Services No. T4056 be issued to the firm of Johnson, Mirmiran & Thompson, Inc. of Trenton, New Jersey, not to exceed the amount of \$2,165,000.00. This amount includes reimbursement of direct salaries times a maximum multiplier of 2.34 to cover the cost of fringe benefits, overhead and profit, plus authorized direct non-salary expenses.

It is further recommended that Order for Professional Services No. T4057 be issued to the firm of Churchill Consulting Engineers of Berlin, New Jersey, not to exceed the amount of \$2,320,000.00. This amount includes reimbursement of direct salaries times a maximum multiplier of 2.33 to cover the cost of fringe benefits, overhead and profit, plus authorized direct non-salary expenses.

These professional services were procured by a fair and open process, and the recommended firms were selected in accordance with N.J.S.A. 52:34-9.1, et seq., N.J.S.A. 27:23-6.1 of the Authority's enabling legislation, N.J.A.C. 19:9-2.8, promulgated pursuant thereto, and Executive Order No. 37 (Corzine 2006).

Through this single procurement process the Authority will select two consultants to furnish engineering services for bridge inspections of 9 major bridges on the Turnpike and Parkway.

The engineering services associated with OPS No. A4081 will include inspection of 5 bridges in Major Bridge Group 1 located in the southern region of the Turnpike and Parkway. The engineering services associated with OPS No. T4082 will include inspection of 4 bridges in Major Bridge Group 2, which are located in the central/northern region of the Turnpike. Both OPS' include FHWA Structure Inventory and Appraisal (SI&A) form updates, FHWA Element Level Inspection, data collection, and preparation of bridge inspection reports.

These assignments are classified as "Simple Projects" since the scopes of work are clearly defined and not likely to change during the course of the project, and the cost of each is less than \$2,000,000.00. The Solicitation for Expressions of Interest (EOIs) was posted on the Authority's website and forty-three (43) engineering firms were prequalified and eligible under Profile Code: D280C, Bridges - NBIS Program, Complex. Three firms submitted EOIs by the closing date of October 31, 2023.

The scoring of the EOIs by the Review Committee resulted in the following order of ranking of the three firms: 1) WSP USA Inc.; 2) ATANE Engineers, Architects and Land Surveyors, P.C.; and 3) Greenman-Pedersen, Inc. These three firms were requested to submit sealed Fee Proposals, which were received and have been reviewed. A review of the Fee Proposal of the highest technically ranked firm, WSP USA Inc. for OPS No. A4081 (in accordance with the Solicitation for EOIs), was reviewed and negotiated. Subsequently, a review of the Fee Proposal of the second highest technically ranked firm, ATANE Engineers, Architects and Land Surveyors, P.C. for OPS No. T4082 (in accordance with the Solicitation for EOIs), was reviewed and negotiated. Both fees are considered to be fair and reasonable for the services to be provided.

It is, therefore, recommended that Order for Professional Services No. A4081 be issued to the firm of WSP USA Inc. of Lawrenceville, New Jersey, in an amount not to exceed \$1,340,000.00 allocated as follows: \$1,140,0000.00 in FY 2024 and \$200,000.00 in FY 2025. This amount includes reimbursement of direct salaries times a maximum multiplier of 2.65 to cover the cost of fringe benefits, overhead and profit, plus authorized direct non-salary expenses.

It is further recommended that Order for Professional Services No. T4082 be issued to the firm of ATANE Engineers, Architects and Land Surveyors, P.C. of Edison, New Jersey, in an amount not to exceed \$1,500,000.00 allocated as follows: \$1,350,000.00 in FY 2024 and \$150,000.00 in FY 2025. This amount includes reimbursement of direct salaries times a maximum multiplier of 2.80 to cover the cost of fringe benefits, overhead and profit, plus authorized direct non-salary expenses.

These professional services were procured by a fair and open process, and the recommended firms were selected in accordance with N.J.S.A. 52:34-9.1, et seq., N.J.S.A. 27:23-6.1 of the Authority's enabling legislation, N.J.A.C. 19:9-2.8, promulgated pursuant thereto, and Executive Order No. 37 (Corzine 2006).

This Order for Professional Services will provide supervision of construction services for Contract No. A200.784, Guide Rail Improvements, New Jersey Turnpike Milepost 0 to 122 and Garden State Parkway Milepost 0 to 172. These services include construction inspection, material testing, record keeping, preparation of payment estimates, and other services required to ensure compliance with the contract documents.

This assignment is classified as a "Simple Project" based on the scope of work being clearly defined and not likely to change during the course of the project, and the cost not exceeding \$2,000,000.00. The solicitation for Expressions of Interest (EOIs) was posted on the Authority's website and sixty-two (62) engineering firms were prequalified and eligible under Profile Code B153, Roadway Construction Inspection. Five firms submitted EOIs by the closing date of October 23, 2023.

Subsequent to the scoring of EOIs by the Review Committee, Fee Proposals were requested from the top three technically ranked firms. The firms in the order of ranking are: 1) M&J Engineering, P.C.; 2) Naik Consulting Group, P.C.; and 3) Malick & Scherer, P.C. The fee submitted by M&J Engineering, P.C. has been reviewed and is considered to be fair and reasonable for the services to be provided.

It is, therefore, recommended that Order for Professional Services No. A4174 be issued to the firm of M&J Engineering, P.C. of Ridgefield Park, New Jersey, in an amount not to exceed \$370,000.00. This amount includes reimbursement of direct salaries times a maximum multiplier of 2:35 to cover the cost of fringe benefits, overhead and profit, plus authorized direct non-salary expenses. These professional services were procured by a fair and open process, and the recommended firm was selected in accordance with N.J.S.A. 52:34-9.1, et seq., N.J.S.A. 27:23-6.1 of the Authority's enabling legislation, N.J.A.C. 19:9-2.8, promulgated pursuant thereto, and Executive Order No. 37 (Corzine 2006).

This Order for Professional Services was issued at the September 22, 2020 Commission Meeting, in the amount of \$58,115,000.00. The terms of the New Jersey Turnpike Revenue Bond Resolution require the Authority to employ "...an independent engineer or engineering firm or corporation having a nationwide and favorable reputation for skill and experience..." (Section 709) to carry out the duties of General Consulting Engineers (GCE).

Under OPS No. A3785, the GCE performs the following services over a five-year term from January 1, 2021 through December 31, 2025:

- All known services required of the General Consulting Engineers, but not limited to, services related to and required by bond resolution;
- Updates of Authority manuals and documents
- > Reports on the physical condition of the Turnpike and Garden State Parkway roadways and facilities;
- Consultation, strategic planning and support services associated with Capital Programs:
- Construction contract design reviews;
- Review of third party improvements and License to Cross applications and documentation;
- Support and maintain the Authority's Qualified Products List Program;
- Support services related to the maintenance and renewal of property insurance;
- Services related to Electronic Toll Collection and Back Office contract and implementation management:
- Services related to performance based tolling, intelligent transportation systems and technology;
- Support of the Pavement Maintenance Program;
- Assistance with the Authority's Bridge Inspection Program as the Program's Technical Manager;

– Cresoffadon, Sustege Distinge ded support separates espenje edicem Campi Checkery

- Other miscellaneous services as required;
- Any additional services upon request through the Work Request Authorization Form (WRAF) process.

Supplement A provided for an increase in the authorized ceiling of the OPS to permit HNTB Corporation to continue providing professional services in accordance with the requirements of this GCE assignment. More specifically, Supplement A provided for the continuation/completion of fifteen (15) existing tasks.

November 30, 2023 The party and the condition of the Turnput above the Party and another and the condition of the Turnput above the Party and another and the condition of the Turnput above the Party and another and the condition of the Turnput above the Party and another above the Condition of the Turnput above the Condition of the Condition of

AGENDA ITEM NO.: 308-12-2023

The existing tasks included providing supplementary staff support for the Engineering, ITS and Law Departments, additional construction contract design reviews, capital program management system (CPMS) support, capital improvement program support, additional bridge inspection program services, and investigations and environmental screenings to advance all electronic tolling.

Supplement B, in the amount of \$12.6 million, is required to increase the authorized ceiling of this OPS to permit HNTB Corporation to provide additional professional services in accordance with the requirements of this GCE assignment. More specifically, Supplement B will provide for Program Management services to aid the Authority with the design and implementation of all electronic tolling on the Parkway and funding for unanticipated services that may arise for which HNTB Corporation is uniquely qualified to perform. These undefined services may include, but are not limited to, updates to manuals and standard drawings for anticipated changes to state and federal agency regulations, studies, and technical support for the Engineering, ITS and Operations Departments. All services, defined and undefined, will only be utilized upon specific direction by the Authority.

It is, therefore, recommended that Supplement B to Order for Professional Services No. A3785 be issued to HNTB Corporation not to exceed the amount of \$12,600,000.00 with compensation on the same basis as the original Order for Professional Services. The addition of this amount increases the total authorized fee from \$71,265,000.00 to \$83,865,000.00. The original contract was procured pursuant to N.J.S.A. 52:34-9.1, et seq., N.J.S.A. 27:23-6.1 of the Authority's enabling legislation, N.J.A.C. 19:9-2.8, promulgated pursuant thereto, and Executive Order No. 37 (Corzine 2006).

This Agreement will provide for the purchase of riparian mitigation credits to mitigate for 0.419 acres of riparian zone impacted by improvements proposed for Construction Contract No. T100.564, Replacement of Structure No. W112.72B, Milepost W112.0 to W112.7. The Flood Hazard Area Permit issued for the project requires compensation in the form of creation, enhancement, restoration, preservation, riparian credit purchase from an approved mitigation bank, or combination, thereof. The purchase of riparian credits was found to be the most cost-effective method of riparian zone mitigation for the project. The Oradell Reservoir Mitigation Bank owned and operated by GV Oradell, LLC was verified by the New Jersey Department of Environmental Protection to be the only bank within the project's watershed that offers riparian credits. Procurement will be a sole source, pursuant to the Authority's regulations.

It is, therefore, recommended that the Executive Director be authorized to execute Agreement No. 202-23 with GV Oradell, LLC to purchase riparian mitigation credits at a cost not to exceed \$400,000.00, pursuant to the terms outlined above. It is further recommended that the Commissioners authorize the Executive Director to execute any such other documents and take any such other actions as are deemed necessary to effectuate the intent of this authorization.

This Agreement was procured under the sole source procurement authorization of N.J.A.C. 19:9-2.2(d)1, promulgated under N.J.S.A. 27:23-1 et seq., the Authority's enabling legislation. A resolution, as required by N.J.A.C. 19:9-2.2(d)1, is attached hereto.

RESOLUTION FOR SOLE SOURCE PROCUREMENT

RIPARIAN MITIGATION CREDITS

WHEREAS, Construction Contract No. T100.564 – Replacement of Structure No. W112.72B, Milepost W112.0 to W112.7 ("Project") will impact riparian zone in Watershed Management Area 5 and;

WHEREAS, the New Jersey Department of Environmental Protection Flood Hazard Area Individual Permit (NJDEP Permit #0200-23-0003.1 LUP230001) issued for the Improvements will require construction of a mitigation site, site preservation, or the purchase of mitigation credits from a riparian mitigation bank within the local watershed to mitigate impacts to the riparian zone by the Project and:

WHEREAS, such aforementioned Permit will allow the Authority to purchase riparian mitigation credits from Oradell Reservoir Mitigation Bank;

WHEREAS, as of September 22, 2023, the Oradell Reservoir Mitigation Bank operated by GV Oradell, LLC located in Boroughs of Haworth and Closter, Bergen County, New Jersey is the only riparian mitigation bank with riparian mitigation credits approved by the New Jersey Department of Environmental Protection servicing Watershed Management Area 5; and

WHEREAS, the Engineering Department has determined that the purchasing of mitigation credits is found to be the most cost effective method of mitigation and will allow for the Project to proceed on schedule; and

WHEREAS, the Authority's regulations, pursuant to <u>N.J.A.C.</u> 19:9-2.2(d)1 promulgated under <u>N.J.S.A.</u> 27:23-1, permit sole source procurement when only one source for the required product exists.

NOW, THEREFORE, BE IT RESOLVED THAT the Authority's Commissioners hereby authorize and approve the award to GV Oradell, LLC for riparian mitigation credits in an amount not to exceed \$400,000, as a sole source exception to procurement by public advertisement permitted by <u>N.J.A.C.</u> 19:9-2.2(d)(1) promulgated under the Authority's enabling legislation, <u>N.J.S.A.</u> 27:23-1.

Total						\$6,409,302.81

The Certification and Recommendation for Final Acceptance has been executed by the Engineers, the General Consultant and the Chief Engineer. All required contract documents including the Engineer's Final Certifications, Maintenance Bonds, Affidavit of Prevailing Wage and the Final Payment certificates have been submitted to the Law Department and approved as to correctness of form. Furthermore, the Contractors have certified that there are no liens outstanding against the Contractors. Accordingly, it is recommended that each contract listed above be accepted and final payment in the amounts shown above be made to the Contractors.

Authorization is requested to award a contract to Gabrielli Truck Sales Inc. of NJ for Volvo and Mack Truck OEM parts to be kept in Inventory. The contract also includes diagnostic and repair services for Authority vehicles. These parts and repairs are vital to the Authority's fleet used for snowplowing operations on both Roadways. Bidders were required to quote a percentage discount off the manufacturer's list prices, and an hourly rate for diagnostic and repair services. The bid was fully advertised, and the six (6) vendors listed in the Authority's database for the referenced commodity were notified of the procurement. On November 15, 2023, a sole bid was received.

Anticipated Total Amount: \$1,200,000.00

Bids for this contract were procured, and the authorization being sought is to award this fair and open contract to the lowest responsible bidder, in accordance with N.J.S.A. 27:23-6.1, N.J.A.C. 19:9-2.2, and Executive Order No. 37 (Corzine 2006).

Accordingly, authorization is requested to award a two-year contract for Volvo and Mack Truck OEM Parts, Repairs, and Diagnostic Services to Gabrielli Truck Sales Inc. of NJ in an amount not to exceed \$1,200,000.00, subject to funding availability at the time of ordering.

Authorization is requested to award a contract for eleven (11) trailer-mounted compressors used for air powered equipment for maintenance and construction repairs on both Roadways. They are replacing existing older models that have reached their life expectancy and will be sold as surplus if feasible. The bid was fully advertised on November 6, 2023, and the fifteen (15) vendors listed in the Authority's database for the referenced commodity were notified of the procurement. On November 20, 2023, three (3) bids were received as follows:

Vendor	Total Bid Price
Cherry Valley Tractor, Marlton, NJ	\$494,340.00
Blackler Air Compressors Corp, Staten Island, NY	\$416,790.00
Hoffman Equipment Co., Piscataway, NJ	\$426,800.00

Departmental Estimate: \$426,800.00

Bids were reviewed by both PMM and Operations staff. The apparent low bidder, Blackler Air Compressors Corp., proposed an equivalent model with over thirty (30) exceptions to the bid specifications. Four of these exceptions were considered unacceptable, as follows:

- 20% less engine starting system cranking power and smaller cold cranking amps
- 11.7% smaller capacity resulting in less run time
- Metal leaf springs instead of torsion suspensions which have smoother ride and are less likely to corrode, leading to faster wear and increased maintenance cost.
- 2-quart line oiler was not available, even though lubrication is required to keep air tools operating at peak efficiency.

Operations staff concluded that these exceptions are material and would adversely affect the efficiency of these trailer mounted compressors, and therefore recommended that the bid submitted by Blackler Air Compressors Corp. be rejected. The second low bidder, Hoffman Equipment Co., took no exceptions and has satisfactorily met the required published specifications.

Bids for this contract were procured, and the authorization being sought is to award this fair and open contract to the lowest responsible bidder, in accordance with N.J.S.A. 27:23-6.1, N.J.A.C. 19:9-2.2, and Executive Order No. 37 (Corzine 2006).

Accordingly, authorization is requested to award a contract for eleven (11) Trailer Mounted Compressors to Hoffman Equipment Co. in an amount not to exceed \$426,800.00.

Authorization is requested to award a contract to Gabrielli Truck Sales Inc. of NJ for eight (8) 2024 Volvo tandem axle cab and chassis dump trucks with options related to snow operations. Options include conveyor body, wing plow assembly, snowplow hitch, de-icing system, and all other standard equipment listed per New Jersey State Contract. These trucks are replacing existing older models that have reached their life expectancy, will be sold as surplus if feasible, and are available under State Contract No. T-2809/24-FLEET-56827 expiring 01/29/2024.

This procurement, under State Contract No. T-2809/24-FLEET-56827 is in accordance with *N.J.A.C.* 19:9-2.5(a), promulgated pursuant to *N.J.S.A.* 27:23-1 *et seq.*, the Authority's enabling legislation, and Executive Order No. 37 (Corzine 2006) which permits the Authority, without advertising, to purchase goods and services directly from vendors who hold contracts with the State of New Jersey.

Accordingly, authorization is requested to award a contract under State Contract No. T-2809/24-FLEET-56827 for eight (8) 2024 Volvo Tandem Dump Trucks with Options to Gabrielli Truck Sales Inc. of NJ for an amount not to exceed \$2,792,467.20.

Authorization is requested to award a contract to Insight Public Sector, Inc. for a one-year renewal of the Authority's external file sharing platform, Accelion Kiteworks. This also includes a migration to the vendor's hosted infrastructure for improved stability. Kiteworks is used by various departments in the Authority to exchange information with external recipients. Data includes contract documents, legal agreements, and OPRA request fulfillment. This license renewal is for a total of 1,304 user licenses to cover the period from 03/01/2024 to 02/28/2025 and is available under State Contract No. T-3121/20-TELE-01512 expiring 05/24/2026.

This procurement, under State Contract No. T-3121/20-TELE-01512 is in accordance with *N.J.A.C.* 19:9-2.5(a), promulgated pursuant to *N.J.S.A.* 27:23-1 *et seq.*, the Authority's enabling legislation, and Executive Order No. 37 (Corzine 2006) which permits the Authority, without advertising, to purchase goods and services directly from vendors who hold contracts with the State of New Jersey.

Accordingly, authorization is requested to award a contract under State Contract No. T-3121/20-TELE-01512 for Accelion Kiteworks fileshare licensing and support to Insight Public Sector, Inc. for an amount not to exceed \$355,080.93.

Figure 1 - New Jersey Turnpike Vehicle Mileage Traveled and Total Crash Rate by Month

Illustrated below in Figures 3 and 4 are monthly crashes compared to the same month from previous year. A trend line of the five-year average is also provided. The data, received by the State Police - Troop D, reflects the most recent 12 months of available data. Due to changes to the State Police Crash Record System that took effect on June 8th 2021, the total number of crashes cannot be differentiated between injury and property-damage-only crashes.

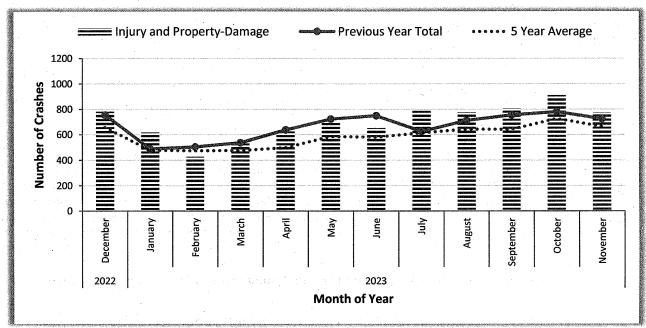

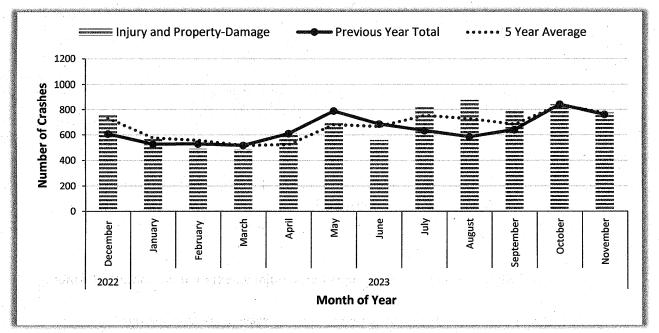

Figure 3 - New Jersey Turnpike Injury and Property-Damage-Only Crashes by Month

Description	Vehicle #1, a motorcycle, was traveling on the Interchange 13 ET Ramp of the New Jersey Turnpike. Subsequently, while negotiating a left curve, Vehicle #1 traveled off the roadway to the right and struck the right concrete barrier, before overturning and coming to an uncontrolled final rest. During the collision sequence, Driver #1 was ejected from the vehicle and came to an uncontrolled final rest in the roadway of Interstate 278. Driver #1 was pronounced deceased at 2:29 p.m. (Driver #1, male, age 24, killed)	Vehicle #1 was traveling northbound on the Interchange 2 TN Ramp of the New Jersey Turnpike near Milepost 13.2. Subsequently, Vehicle #1 enter the right lane of the on-ramp and the front of Vehicle #2 impacted the rear of Vehicle #1. Vehicle #2 then traveled off the roadway to the right, overturned, and came to an uncontrolled rest in a ravine. Vehicle #1 came to a controlled final rest in the shoulder of the northbound roadway. As a result of the crash, Driver #2, whom was not wearing a seatbelt, and Passenger #1 (right front passenger of Vehicle #2) sustained fatal injuries and were pronounced deceased at 4:30 p.m. (Driver #2, male, age 29, killed) (Passenger #1, male, age 27, killed)	Vehicle #1 was traveling northbound on the Outer Roadway of the New Jersey Tumpike near Milepost 80.3. Subsequently, Vehicle #1 struck the guiderall on the left side, traversed the travel lanes to the right, and struck the concrete barrier on the right side. Driver #1 sustained fatal injuries and was pronounced deceased at 8:09 p.m. (Driver #1, male, age 62, killed)	Vehicle #1 and Vehicle #2 were traveling southbound on the Outer Roadway of the New Jersey Turnpike near Milepost 87.6. Subsequently, Vehicle #1 impacted the rear of Vehicle #2. Driver #1 was driving under the influence at the time of the crash. Passenger #1 (frontright passenger of Vehicle #1) suffered serious injuries. Five days thereafter, Passenger #1 succumbed to his injuries and was pronounced deceased on April 1, 2023 at 1:03 p.m. (Passenger #1, female, age 23, delayed death)	Vehicle #1 and Vehicle #2 were traveling northbound in the center lane of travel and right lane of travel, respectively, on the New Jersey Turnpike near Milepost 58.8. Subsequently, Vehicle #1 changed lanes from the center lane to the right lane and a collision occurred between Vehicle #1 and Vehicle #2. Driver #1 sustained fatal injuries and was pronounced deceased at 6:44 a.m. (Driver #1, male, age 42, killed)	Vehicle #1 was traveling on the 10S Thomas Edison Service Area Exit Ramp on the New Jersey Turnpike. Subsequently, Vehicle #1 struck the guiderail and the concrete curb. Driver #1 was found unresponsive in cardiac arrest. Driver #1 sustained fatal injuries and was pronounced deceased at 2:20 a.m. (Driver #1, male, age 42, killed)

	Description	Vehicle #1 was traveling northbound on the Outer Roadway of the of the New Jersey Turnplike near Milepost 99.9 in the right lane of travel. Vehicle #2 was disabled and parked in the right lane. Subsequently, Vehicle #1 struck the rear of Vehicle #2. Passenger #1 (passenger of Vehicle #2), whom was not wearing a seatbelt, was ejected from the vehicle, sustained fatal injuries and was pronounced deceased at 11:24 p.m. (Passenger #1, female, age 80, killed)	Due to a chain reaction of crashes resulting from a vehicle avoiding debris in the roadway, three vehicles were disabled in the left lane and partially in the center lane of the southbound travel lanes of the New Jersey Turnpike near Milepost 78.8. Vehicle #4 and Vehicle #5 were traveling southbound in the left lane. Subsequently, Vehicle #4 encountered the three disabled vehicles and came to a complete stop. Vehicle #5 then impacted Vehicle #4 and one of the disabled vehicles. During the collision sequence, Driver #5 was ejected from the vehicle and became entrapped under one of the disabled vehicles. Driver #5 sustained fatal injuries and was pronounced deceased at 11:05 p.m. (Driver #5, male, age 29, killed)	Vehicle #1 and Vehicle #2 were traveling northbound on the Express Roadway of the New Jersey Turnpike near Milepost 120.0. Subsequently, Vehicle #2 impacted the rear of Vehicle #1, resulting in both vehicles becoming engulfed in flames. Driver #1 and Passenger #1 (right front passenger of Vehicle #1) sustained fatal injuries and were pronounced deceased at 12:53 a.m. (Driver #1, male, age 69, killed) (Passenger #1, female, age 54, killed)	Vehicle #1 and Vehicle #2 were traveling northbound on the Inner Roadway of the New Jersey Turnpike near Milepost 62.5. Subsequently, Vehicle #2 impacted the rear of Vehicle #1. Passenger #1 (passenger of Vehicle #1), whom was not wearing a seatbelt, sustained fatal injuries and was pronounced deceased at 1:31 p.m. (Passenger #1, male, age 26, killed)	Prior to the crash, Vehicle #1 and Vehicle #2 were involved in a motor vehicle crash while traveling southbound on the New Jersey Tumpike near Milepost 28.3. Subsequently, Vehicle #1 continued traveling southbound before stopping in the right shoulder near Milepost 27.9. Driver #1 then exited Vehicle #1, becoming Pedestrian #1. Pedestrian #1 initially walked to the passenger side of Vehicle #1 and then suddenly entered the right lane of travel. Vehicle #3; that was traveling southbound in the right lane, struck Pedestrian #1. Pedestrian #1

Description	Vehicle #1 was traveling northbound on the Eastern Roadway of the New Jersey Turnpike near Milepost 106.8. Subsequently, Vehicle #1 traveled off the roadway to the right, impacted the guiderail end section and the Interchange 15E Exit sign, and traveled down a grass embankment before coming to an uncontrolled final rest in thick brush. The crash occurred at an unknown time and is currently under investigation. Driver #1, whom was not wearing a seatbelt, and Passenger #1 (front right passenger of Vehicle #1) sustained fatal injuries and were pronounced deceased at 8:01 p.m. (Driver #1, male, age 28, killed) (Passenger #1, female, age 23, killed)	Vehicle #1 was traveling westbound on the TK Ramp at Interchange 11 of the New Jersey Turnpike. Subsequently, while negotiating the turn, Vehicle #1 entered the painted gore between the TK Ramp and the TPS Ramp and impacted the guiderail end section and concrete bridge-rail. Driver #1, whom was not wearing a seatbelt, sustained serious injuries and was transported to Raritan Bay Medical Center. Two days thereafter, Driver #1 succumbed to his injuries and was pronounced deceased on July 12, 2023 at 1:55 p.m. (Driver #1, male, age 55, delayed death)	Vehicle #1 and Vehicle #2, a motorcycle, were traveling southbound in the right-center lane on the Eastern Spur of the New Jersey Turnpike near Milepost 116.3. Subsequently, Vehicle #1 was struck from behind by Vehicle #2. Vehicle #1 then came to a final rest in the right shoulder of the roadway. During the collision sequence, Driver #2 was ejected from the motorcycle and came to a final rest in the roadway. Driver #2 sustained fatal injuries and was pronounced deceased at 2:51 a.m. (Driver #2, male, age 33, killed)	Vehicle #1 was traveling northbound entering the New Jersey Turnpike at the Interchange 1 Outside-Entry Toll Plaza. Subsequently, Vehicle #1 struck the concrete barrier of the Interchange #1 Toll Plaza, overturned and came to uncontrolled final rest in the Lane #2 before becoming engulfed in flames. Driver #1, whom was entrapped in Vehicle #, sustained fatal injuries and was pronounced deceased at 10:03 a.m. (Driver #1, male, age 77, killed)	Vehicle #1 was traveling northbound on the Inner Roadway of the New Jersey Turnpike near Milepost 70.8. Subsequently, a metal object impacted the windshield of Vehicle #1 and then struck Driver #1. Driver #1 sustained fatal injuries and was pronounced deceased at 9:39 a.m. (Driver #1, female, age 46, killed)	Vehicle #1 was traveling northbound on the New Jersey Turnpike near Milepost 39.0. Subsequently, Driver #1 lost directional control of Vehicle #1 and travelled off the roadway to the right. Vehicle #1 then re-entered the roadway, traveled across three lanes of travel, and struck the center median before spinning and coming to an uncontrolled final rest in the right shoulder of the roadway. Driver #1 sustained fatal injuries and was pronounced deceased at 6:59 a.m. (Driver #1, male, age 67, killed)

Description	Vehicle #1 was traveling southbound on the Outer Roadway of the New Jersey Tumpike near Milepost 55.2. Subsequently, Vehicle #1 experienced a tire failure, overturned, traveled off the roadway to the right and impacted the guide rail and chain link fence. Driver #1 sustained fatal injuries and was pronounced deceased at 11:37 a.m. (Driver #1, male, age 45, killed)	Vehicle #1, a motorcycle, was traveling southbound in the right travel lane on the ET Ramp at Interchange 16E of the New Jersey Turnpike. Subsequently, Vehicle #1 impacted the concrete barrier and came to a final rest on the T Ramp. During the collision sequence, Driver #1 was ejected from the motorcycle and came to a final rest in the roadway. Driver #1, whom was not wearing a DOT approved helmet, sustained fatal injuries and was pronounced deceased at 8:07 p.m. (Driver #1, male, age 31, killed)	Vehicle #1 was parked in the northbound right shoulder on the Outer Roadway of the New Jersey Turnpike near Milepost 78.8. Driver #1 was outside of Vehicle #1, becoming Pedestrian #1. Vehicle #2 struck Pedestrian #1 and then fled the scene. Pedestrian #1 sustained fatal injuries and was pronounced deceased at 9:38 a.m. (Pedestrian #1, male, age 78, killed)	Vehicle #1, a motorcycle, was traveling northbound on the Outer Roadway of the New Jersey Turnpike near Milepost 71.2. Subsequently, Vehicle #1 struck the guiderail to the left, traveled across the travel lanes, and impacted the concrete barrier to the right. During the collision sequence, Driver #1 was ejected from the motorcycle. Driver #1 sustained fatal injuries and was pronounced deceased at 6:09 p.m. (Driver #1, male, age 25, killed)	Vehicle #1 and Vehicle #2 were traveling southbound in the right lane on the Inner Roadway of the New Jersey Turnpike near Milepost 55.8. Subsequently, Vehicle #2 impacted the rear of Vehicle #1. Both vehicles then struck the center median. Passenger #1 (front right passenger of Vehicle #1) sustained fatal injuries and was pronounced deceased at 3:53 a.m. (Passenger #1, female, age 75, killed)

GARDEN STATE PARKWAY FATAL CRASH SYNOPSIS 01/01/2023 - 11/30/2023

				AG	ILINDA ITEMINO
Description	Vehicle #1 was disabled in the southbound Local Roadway of the Garden State Parkway near Milepost 112.2, due to a previous crash. Driver #1 exited the vehicle, becoming Pedestrian #1. Subsequently, Vehicle #2, traveling southbound on the Local Roadway, impacted the rear of Vehicle #1 and struck Pedestrian #1. Pedestrian #1 was then struck by the front of Vehicle #3. Pedestrian #1 sustained fatal injuries and was pronounced deceased at 7:40 a.m. (Pedestrian #1, male, age 34, killed)	Vehicle #1 was traveling southbound on the Garden State Parkway near Milepost 68.9. Subsequently, the front of Vehicle #1 impacted the concrete divider at Barnegat Toll Plaza. Driver #1, whom was not wearing a seatbelt, sustained fatal injuries and was pronounced deceased at 3:37 p.m. (Driver #1, male, age 94, killed)	Vehicle #1 was traveling southbound on the Garden State Parkway near Milepost 12.5. Subsequently, Driver #1 failed to maintain directional control of Vehicle #1 and traveled off the roadway to the left, before reentering the southbound travel lanes. Vehicle #1 then traveled off the roadway to the right, impacted the guiderail to the right and was redirected across the southbound travel lanes, before running off the roadway to the left and impacting two trees. Driver #1, whom was not wearing a seatbelt, sustained fatal injuries and was pronounced deceased at 4:51 p.m. (Driver #1, male, age 75, killed)	Vehicle #1 was traveling northbound on the Garden State Parkway near Milepost 71.1. Subsequently, Vehicle #1 impacted the left guiderail, traveled off the roadway to the left, down an embankment, overturned, and impacted multiple trees before coming to an uncontrolled final rest. During the collision sequence, Driver #1, whom was not wearing a seatbelt was partially ejected from Vehicle #1 and sustained fatal injuries and was pronounced deceased at 1:44 p.m. (Driver #1, female, age 49, killed)	Vehicle #1 was traveling southbound on the Garden State Parkway near Milepost 166.9. Subsequently, Vehicle #1 traveled off the roadway to the right and overturned. As a result of the crash, Driver #1, whom was not wearing a seatbelt, was ejected from the vehicle and sustained fatal injuries. Driver #1 was transported to Hackensack University Medical Center where he succumbed to his injuries and was pronounced deceased at 5:55 p.m. (Driver #1, male, age 24, killed)

All work performed on the construction contract listed below has been completed in accordance with the contract documents and to the satisfaction of the Operations Department. Accordingly, it is recommended that this contract be deemed complete and approved for Final Acceptance. The table below includes pertinent Change Order and financial information including the final payment amount due the Contractor upon Final Acceptance.

Contract No.	Contractor	Award Total Amount	Number of Change Orders	Additions/ Reductions	Final Total Contract Amount	Final Payment Amount
T200.541	J. Fletcher Creamer & Son., Inc.	\$8,899,777.00	11	(\$568,208.16)	\$8,331,568.84	\$166,631.40
Total						\$166,631.40

The Certification and Recommendation for Final Acceptance has been executed by the Engineers, the General Consultant and the Director of Operations. All required contract documents including the Engineer's Final Certifications, Maintenance Bonds, Affidavit of Prevailing Wage and the Final Payment certificates have been submitted to the Law Department and approved as to correctness of form. Furthermore, the Contractor has certified that there are no liens outstanding against the Contractor. Accordingly, it is recommended that the contract listed above be accepted and final payment in the amounts shown above be made to the Contractor.

New Jersey Turnpike Authority Financial Summary For the Eleven Months Ended November 30, 2023

AGENDA ITEM NO.: 327-12-2023

	Jan	YTD Actual YTD Amended Budge nuary - November January - November		•	Estimated/Actual 2023	
Total Revenue	\$	2,355,629,000	\$	2,280,290,000	\$	2,548,600,000
Operating Expenses		565,989,000		652,774,000		660,200,000
Net Revenue	\$	1,789,640,000	\$	1,627,516,000	\$	1,888,400,000
Debt Service Requirements - Net		801,647,000		800,395,000		875,100,000
Maintenance Reserve Fund		210,833,000		210,833,000		230,000,000
Special Reserve Fund		47,208,000		47,208,000		51,500,000
Debt Service Coverage		2.23		2.03		2.16
Total Requirements Coverage		1.69		1.54		1.63

The following un-audited results are for the eleven months ended November 30, 2023. Based upon these results, revenues will be sufficient to satisfy the requirements of the Authority's Bond Resolution. For the twelve months ending December 31, 2023, the Authority is budgeted to have a debt service coverage ratio of 2.16 and a total requirements coverage ratio of 1.63.

The Authority's total revenue for the eleven months ended November 30, 2023, was \$2,355,629,000, which is \$75,339,000, or 3.3% above the 2023 year-to-date budget. Toll revenue was \$2,027,030,000, which is \$9,230,000, or 0.5%, more than the 2023 year-to-date budget. Toll revenue is greater than budget primarily due to milder-than-expected winter weather. Gas prices averaged \$0.51/gallon lower in 2023 compared to the same period in 2022, however, when compared to October 2023, gas prices in November only decreased \$0.18/gallon. Investment income was \$27,871,000, or 75.9%, above budget due to both an increase in interest rates above the rates that were budgeted and higher invested balances. *E-ZPass* fees were \$27,268,000, or 24.8% above the budget due to conservative budgeting in 2023. Miscellaneous revenue was \$7,982,000 or 53.2% above budget primarily due to a myriad of one-time recovery payments. Specifically, the Authority received \$2,500,000 in insurance recoveries for the Delaware River Turnpike Bridge, as well as \$2,300,000 from FEMA for COVID-19 Costs, Hurricane Ida, and Hurricane Sandy.

For the eleven months that ended November 30, 2023, traffic on the New Jersey Turnpike increased 2.5% and toll revenue increased 2.8% compared to the same period in 2022. The increase in traffic is primarily due to mild winter weather, overall lower gas prices, and normal growth. Toll revenue increased primarily due to the increase in traffic as well as the 3% annual toll rate indexing which went into effect on January 1, 2023. In addition, traffic and revenue also increased due to more travel during the New Year's Day, Martin Luther King Day holidays, as well as the Memorial Day and Labor Day weekend holidays, compared to the same periods as last year. Slightly offsetting these increases is the recent decline in commercial traffic, which can be partly attributed to the decrease in cargo volumes at the ports and the normalization of commercial traffic volumes following the record highs during the COVID-19 pandemic. The 2023 traffic and toll revenue budgets are based on the Authority's traffic engineering consultant's (CDM Smith) Draw Down Letter dated July 22, 2022, updating the September 21, 2018, Toll Revenue Forecast. CDM Smith projected a 1.9% increase in traffic and a 2.5% increase in revenue as compared to the prior year. The actual results for the eleven months ended November 30, 2023, were above CDM's projections. When compared to the same period in 2019, pre-pandemic, traffic is down 3.4% but revenue is up 39.6% for the same period. Traffic has recovered to 96.6% of pre-pandemic levels. Through November 2023, the *E-ZPass* usage rate on the New Jersey Turnpike was 92.4%, an increase from 91.5% for the same period in 2022.

For the eleven months ended November 30, 2023, toll transactions on the Garden State Parkway increased 3.3% and revenue increased 6.8% when compared to the same period in 2022. The increase in toll transactions is primarily due to less severe winter weather, lower gas prices compared to last year, and normal growth, while toll revenue increased mainly due to the increase in toll transactions as well as the 3% annual toll rate indexing. Increased travel during the New Year's Day, Martin Luther King Day, and Easter holidays, as well as the Memorial Day and Labor Day weekend holidays as compared to last year also positively impacted results. The actual results for the eleven months ended November 30, 2023, were above the budget which was based on CDM Smith's projection of a 1.8% increase in toll transactions and a 5.7% increase in toll revenue. When compared to the same period in 2019, pre-pandemic, traffic is down 3.9% and revenue is up 29.2%. Traffic has recovered to 96.1% of pre-pandemic levels. Through November 2023, the *E-ZPass* usage rate on the Garden State Parkway was 90.6%, an increase from 89.7% for the same period in 2022.

Operating expenses for the eleven months ended November 30, 2023, were approximately \$565,989,000, which is \$86,785,000, or 13.3% below the year-to-date budget. The Authority's operating expenses through November were below budget primarily due to lower than budgeted snow/severe weather costs, salaries because of existing vacancies, and health benefits costs due to Authority medical plan changes, as well as higher rebates due to prescription plan formulary changes. These factors were partially offset by higher-than-budgeted State Police costs due to contractual increases in fringe benefit costs that exceeded budgeted increases, as well as higher-than-budgeted insurance costs due to settled claims and outside counsel fees. The Authority spent a total of \$8,228,000 for snow and severe weather costs in 2023, solely from the operating expense budget. All snow and severe weather costs are considered operating expenses and paid from the Revenue Fund, except for declared state of emergency events, which are charged to the General Reserve

¹ These are un-audited results. Amounts and categories of revenue and expenses may change when audited.

Financial Summary For the Eleven Months Ended November 30, 2023

Fund. New Jersey had no declared state of emergency snow events so far in 2023. When excluding snow/severe weather costs and its budget, operating expenses for the eleven months are 91.3% of the year-to-date budget.

AGENDA ITEM NO.: 327-12-2023

Debt Service includes interest and principal payments on the Authority's outstanding bonds and is funded primarily through revenue and to a much lesser extent bond proceeds (capitalized interest). For the eleven months ended November 30, 2023, Debt Service totaled \$833,463,000 which was \$46,101,000 or 5.1% below budget as the 2023 budget assumed a \$1.0 billion new money bond issuance in January 2023 which to date has not been required. Debt service through November included \$541,160,000 in interest payments and \$292,302,000 in principal payments. Net debt service (funded from revenue, net of capitalized interest) was \$801,647,000 for the eleven months and was \$1,252,000 or 0.2% above budget. Net Debt Service is slightly above budget due to the 2022C bond refunding which occurred after the budget was approved and resulted in slightly higher principal payments. The 2023 annual debt service budget includes approximately \$873,200,000 of debt service funded from revenue (net debt service), and the remaining \$85,000,000 of debt service funded from bond proceeds (capitalized interest), for a total debt service budget of \$958,200,000.

The General Reserve Fund includes all contractual payments subordinate to bondholders and expenditures for any other corporate purpose. The General Reserve Fund spending totaled \$681,769,000 for the eleven months ended November 30, 2023, which was \$19,452,000 or 2.8% below budget. Spending consisted primarily of \$566,737,000 for the 2021 State Public Transportation Projects Funding Agreement, \$20,167,000 for the Transportation Trust Fund, and \$18,333,000 for the 2023 State Public Transportation Projects Funding Agreement. Also included are \$56,765,000 in transfers to the Supplemental Capital program in the Construction Fund. General Reserve is below budget mainly because there was no spending on state of emergency snow/severe weather events.

The Capital Budget, which is funded by revenue, consists of the Maintenance Reserve Fund, Special Project Reserve Fund, and the Supplemental Capital Program. For the eleven months ended November 30, 2023, total expenditures were approximately \$246,160,000, which was 63.0% of the year-to-date spending budget. Expenditures included \$32,725,000 for Service Area Renovations, \$26,154,000 for GSP Resurfacing MP 41.7 to 63.4 NB & SB Roadways, and \$23,570,000 for TPK Resurfacing MP 35.5 to 48.5 NB & SB Roadways - Section 4. In addition to these expenditures, there are open contracts and commitments totaling approximately \$347,001,000.

The Construction Fund, which is funded from bond proceeds, consists of the 2023-2027 Capital Improvement Program, the 2019 Capital Improvement Program, and the 2008 \$7 Billion Capital Improvement Program. For the eleven months ended November 30, 2023, total expenditures were approximately \$434,447,000, which was 64.4% of the year-to-date spending budget. Total expenditures included \$41,739,000 for Service Area Renovations, \$39,915,000 for GSP 128 AB 154.2N & TPK 90-91.37 and 84.24N&S, \$38,925,000 for TPK Bridge Rehabilitation W107.87, E107.88, and \$29,203,000 for GSP Shoulder Widening Reconstruction MP 30-35. In addition to these expenditures, there are open contracts and commitments totaling approximately \$1,255,407,000.

MEMORANDUM

December 19, 2023

TO:

Diane Gutierrez-Scaccetti, Chair

Ulises E. Diaz, Vice Chair Michael R. DuPont, Treasurer Ronald Gravino, Commissioner John D. Minella, Commissioner Raphael Salermo, Commissioner Francisco Maldonado, Commissioner

FROM:

James D. Carone, Executive Director

RE:

Authorization to Settle Litigation in the Matter of

Caroline Clarke vs. New Jersey Turnpike Authority

Docket No. MID-L-2267-2

On April 21, 2023, Law Department employee, Caroline Clarke, filed litigation against the Authority alleging employment discrimination based on race, gender/hostile work environment/adverse employment action and whistleblower claims arising out of her five-day suspension without pay in December 2022, and her placement on indefinite paid leave later that month, which continues to date. Plaintiff submitted an initial demand of \$3 million, including voluntary resignation from her position as EEO Officer.

The parties attended a mediation on November 21, 2023 before the Hon. Mark Epstein, J.S.C. (ret.). Judge Epstein's judicial experience involved similar employment discrimination cases. After meeting with each of the parties, Judge Epstein strongly urged the Authority to attempt settlement given the risks and costs involved in going to trial. In turn, the Judge strongly urged plaintiff to reduce its demand below \$2 million.

As a result of the mediation and Judge Epstein's urging, the parties held several subsequent discussions regarding settlement. Plaintiff has agreed to a settlement, subject to Board approval, of \$1,875,000 in exchange for which Plaintiff will release all claims and voluntarily resign from the Authority, which would entitle her to any accrued vacation and sick time. General Counsel has recommended the settlement and I concur.

Therefore, approval of the settlement in this matter is requested, as is authority for me to execute all necessary documents and take any other actions necessary to finalize the settlement.

MEMORANDUM

To:

James D. Carone

Executive Director

Re:

Authorization to Award a contract for Insured Stop Loss coverage to Horizon Blue Cross and

Blue Shield of New Jersey for the Period 1/1/2024 - 12/31/2024

Date: December 8, 2023

The New Jersey Turnpike Authority ("Authority") has been working with its Health Benefits Consultant, Buck Global, LLC ("Buck"), to solicit proposals for Stop Loss Insurance coverage. Stop Loss coverage is insurance that protects the Authority's self-insured medical benefits program from individual claimants with aggregate medical and prescription drug claims above a specific threshold. The Authority's threshold, or self-insured retention, is a \$350,000 deductible per family claimant, plus an additional \$250,000 known as an aggregating deductible for a combined threshold of \$600,000.

On behalf of the Authority, Buck performed a stop loss competitive marketing requesting proposals from nine (9) vendors, including the incumbent Union Labor Life Insurance Company ("ULLICO"), for rates offering stop loss insurance effective January 1, 2024. Vendors were asked to propose a contract that matched the current contract provisions. Six (6) vendors were determined to be uncompetitive. Three proposals (3) received from the following vendors were deemed to be responsive:

- 1) Union Labor Life Insurance Company ("ULLICO")
- 2) Horizon Blue Cross Blue Shield of New Jersey ("Horizon")
- 3) HM Insurance Group ("HMIG")

In its Evaluation Report dated December 2023, Buck thoroughly documented the evaluation process, the proposals, options to consider and its recommendation. Critical factors considered in the analysis were the proposer's ability to match the current contractual provisions, no lasering which are claimant(s) who are subject to a higher deductible than the rest of the participants in the same contract due to high medical claims, as well as the total financial exposure to the Authority. After reviewing the proposals, Horizon Blue Cross and Blue Shield of New Jersey had the most competitive proposal while maintaining all the provisions of the current Stop Loss contract. Horizon's Stop Loss proposal did not include lasering any claimants, had the lowest premium proposed, and would streamline the current process as Horizon is also the Authority's medical third-party claims administrator.

The incumbent Stop Loss carrier, ULLICO, also proposed a contract with no lasering of claimants, but its proposed premium cost was the least competitive. HM Insurance Group, also did not include lasering any claimants, offered additional online capabilities, but its premium cost was higher than Horizon's.

AGENDA ITEM NO.: 329-12-2023

Authorization to Award a contract for Insured Stop Loss coverage to Horizon Blue Cross Blue Shield of New Jersey

Page 2 of 2

The Authority's direct financial exposure is the annual premium paid, plus the aggregating specific deductible, \$250,000 (that must be met before any reimbursement is received from the stop loss contract), plus the estimated amount of the lasered claims above the specific stop loss deductible. Based on this analysis, Horizon Blue Cross Blue Shield of New Jersey provided the most competitive quote. Horizon proposed a premium rate that is 8.8% below the current premium, for an estimated annual premium not to exceed \$2.80 Million. The total exposure with the specific aggregating deductible (\$250,000) is \$3.05 Million, or a decrease of \$819,000 below the current exposure. Horizon also proposed a renewal rate cap not to exceed 50% with the same provisions as current, including no new lasers for the 2025 renewal period. The insurance financial strength of Horizon is an A rating from Standard and Poor's.

ULLICO proposed a premium rate that matched the current premium costs, for an estimated annual premium not to exceed \$3.06 Million. The total exposure with the specific aggregating deductible (\$250,000), \$3.31 Million, or 8.4% above Horizon's proposed exposure. However, ULLICO's proposal did not exclude new lasers for the 2025 renewal at this current rate, increasing the exposure for the next renewal.

HM Insurance Group proposed a premium rate that is 2.1% below current premium costs, for an estimated annual premium of \$2.99 Million. However, the total exposure with the specific aggregating deductible (\$250,000), is \$3.24 Million, or 2.1% below ULLICO's proposal, but 6.2% above Horizon's proposal.

Buck Consultants recommends, and staff concurs, with placing the stop loss coverage with Horizon Blue Cross Blue Shield of New Jersey. Horizon has not only offered the most competitive proposal regarding cost and exposure but has also proposed a more favorable insured agreement for the Authority.

Therefore, authorization is requested to award a contract for insured Stop Loss coverage to Horizon Blue Cross Blue Shield of New Jersey with an Family Specific Stop Loss threshold of \$350,000 including the aggregating specific deductible of \$250,000, for the policy period of January 1, 2024 through December 31, 2024, for premium amounts not to exceed \$2,800,000, which precise premium shall be subject to fluctuation based on enrollment, as the premium is computed on a per participant per month basis. It is further recommended that the Executive Director be authorized to take any actions and execute any documents that are necessary to effectuate the purpose of the above authorizations. Authorization is further requested to authorize the Executive Director to negotiate with Horizon Blue Cross and Blue Shield of New Jersey for one subsequent one-year renewal not to exceed a 50% maximum increase in the annual fee. In the event that the Executive Director cannot negotiate renewal of this coverage with Horizon Blue Cross and Blue Shield of New Jersey, the Authority will, once again, engage all available resources to evaluate market conditions, solicit competitive rates and seek authorization from the Board for any subsequent awards.

TO:

James D. Carone

Executive Director

FROM:

Ann Christine Monica

Acting Director of Law

RE:

Request for Authorization to Appoint a Replacement Committee Member to the New

Jersey Turnpike Authority Employees' Deferred Compensation Plan Administrative

Committee

By Agenda Item 403-12-2016, the Commissioners of the Authority authorized the adoption of a restated New Jersey Turnpike Authority Employees' Deferred Compensation Plan (the "Plan"), which became effective January 1, 2017. Section 8.01 of the Plan provides that the Board appoint a Plan Administrator (currently the Authority's Director of Human Resources) and an Administrative Committee consisting of five (5) members. Pursuant to the terms of the Plan, the Administrative Committee, with the assistance of outside consultants, is responsible for selecting and monitoring the investment options available under the Plan and adopting ministerial amendments thereto. Additionally, subject to Board approval, the Administrative Committee may recommend a third-party administrator to perform certain administrative services and may recommend a service provider to provide investment options for the Plan.

Due to an employee retirement, there is a vacancy in the Administrative Committee. The Administrative Committee currently consists of the Authority's Executive Director, the Director of Human Resources, the Deputy Director of Operations, and an attorney in the Law Department. To fill the vacancy created by the employee's retirement and comply with the Plan, it is requested that the Authority's Deputy Executive Director Donna Wilser, be appointed to the Administrative Committee to fill the vacancy.

Therefore, authorization is requested to appoint the Deputy Executive Director to the Administrative Committee, as set forth above. It is further recommended that the Executive Director be authorized to take such actions, execute such documents, and do all things necessary to effectuate the intent of this recommendation.

Ann Christine Monica Acting Director of Law

Resolution of the New Jersey Turnpike Authority

Chair Diane Gutierrez-Scaccetti December 19, 2023

WHEREAS Diane Gutierrez-Scaccetti was nominated to serve as Commissioner of the New Jersey Department of Transportation by Governor Philip D. Murphy and has served admirably and to much acclaim in that role since January 2018; and

WHEREAS by virtue of that appointment, Ms. Gutierrez-Scaccetti became Chair of the New Jersey Turnpike Authority Board of Commissioners, a post she has now held for six years; and

WHEREAS her appointment as Chair marked a homecoming as she had worked at the Turnpike Authority from 1989 to 2010, rising through the ranks from Contract Administrator to Executive Director and leaving an indelible mark on the agency before leaving New Jersey in 2011 to become Executive Director of Florida's Turnpike Enterprise; and

WHEREAS since her return to New Jersey, Chair Gutierrez-Scaccetti has worked tirelessly in the interest of the hundreds of thousands of drivers who rely on the New Jersey Turnpike and Garden State Parkway every day; and

WHEREAS under Chair Gutierrez-Scaccetti's leadership, the New Jersey Turnpike Authority made a significant investment in the future by adopting an ambitious long-range capital program that advances the Authority's core values of mobility, resiliency, and sustainability; and

WHEREAS in addition to her many duties in New Jersey, Chair Gutierrez-Scaccetti has been a national leader in the tolling industry, serving a term as President of the International Bridge, Tunnel and Turnpike Association; and

WHEREAS Chair Gutierrez-Scaccetti will be resigning as Commissioner of the New Jersey Department of Transportation and vacating the Chair on the New Jersey Turnpike Authority Board to devote herself full-time to service as Governor Murphy's Chief of Staff;

NOW, THEREFORE, BE IT RESOLVED that the Commissioners of the New Jersey Turnpike Authority do hereby recognize the many important contributions of Diane Gutierrez-Scaccetti, salute her compassion and willingness to lend a hand to those in need, express their thanks and appreciation for her bold and skillful leadership, and wish her great success as she embraces her new challenge.

BE IT FURTHER RESOLVED that this Resolution shall be recorded in the minutes of the New Jersey Turnpike Authority and a copy shall be presented to Chair Gutierrez-Scaccetti.

Vice Chair	Michael R. DuPont Treasurer	Ronald Gravino Commissioner
