

**New Jersey Turnpike Authority  
Engineering Department**

**Order for Professional Services No. T3923  
DESIGN SERVICES FOR NEWARK BAY-HUDSON COUNTY EXTENSION  
IMPROVEMENTS PROGRAM SECTION 3, MILEPOST N2.9 TO N4.1**

**Response to Inquires  
Request for Expressions of Interest  
September 10, 2024**

**1. Inquiry:** Under the Rating Factors section, the RFEOI indicates: *The Qualified Firm is required to submit a completed Recent Project Experience Form listing all projects, with the Authority as well as referenced clients provided in the letter of interest, on which the Qualified Firm is currently working, or that have been completed (closed out) within the previous three (3) year period. A separate form shall be provided for the Qualified Firm and for each subconsultant.* Please confirm this is referring to the Recent Authority Project Experience Form? We noticed on the NJTA website there is now another form posted that is labeled as Recent Project Experience Form – it has similar information as the Recent Authority Project Experience Form but it seems like this form could be used for other projects not just Authority projects. Please clarify as to which form must be submitted in order to be compliant with this Rating Factor.

**Response:** A Recent Project Experience Form should be submitted as indicted in the Request for Expressions of Interest under the following subsections:

- Selection of Qualified Firm, Rating Factors, 1. Experience of the Qualified Firm and Its Subconsultants on Similar Project, Paragraph 2, “The Qualified Firm is required to submit a completed Recent Project Experience Form listing all projects, with the Authority as well as referenced clients provided in the letter of interest, on which the Qualified Firm is currently working, or that have been completed (closed out) within the previous three (3) year period.”
- Subsection C13(k) Recent Project Experience, “Qualified Firms shall complete and submit with their EOI, a Recent Project Experience form for the prime Qualified Firm and for each subconsultant.”
