

New Jersey Turnpike Authority
Engineering Department

Order for Professional Services No. P4034
Supervision of Construction Services for Contract No. P500.855
Construction of Buildings and Structures at Maintenance District PMD-5, MP 116

Responses to Inquiries
Request for Expressions of Interest

1. **Inquiry:** The Staffing Estimate, on page 18 of 35 of the Authority's RFEI, does not include any hours for a Construction Inspector. Please clarify.

Response: There is a line for "office engineer/inspector" with NICET III Certification listed for 8,320 hours.

2. **Inquiry:** To clarify, we were inquiring about a separate position of Construction Inspector in addition to the OE/Inspector. Typically, the Authority requires OE/Inspector and Construction Inspector given the magnitude of the project.

Response: We believe that it is not necessary to break these positions apart. The OE/Inspector is a full-time position which will be required to work as an inspector for the construction as well as OE. Being that this project is for only a single site and the field office will be on site, along with there always being a full-time RE present, we believe this is more than sufficient for the job.

3. **Inquiry:** We are MBE certified firm in NJ, Would we be eligible to meet the SBE goal?

Response: MBE does not count towards SBE.
