

**New Jersey Turnpike Authority
Engineering Department**

**Order for Professional Services No. T4156
Supervision of Construction Services for Contract No. T100.740
Bridge Repairs and Resurfacing, Milepost 92 to 122 and the Newark Bay–Hudson County Extension (2026)**

**Responses to Inquiries
Request for Expressions of Interest**

1. **Inquiry:** Please clarify the project duration. Is the project a 13 mo. or 18 mo. Project? RFEOI page 12/39 indicates a 13 mo. project and page 13/39 states the estimated duration of the project to be 18 mo. including contract closeout.

Response: The project duration is anticipated to be approximately 13 months. The 18-month duration referenced on page 13 was written in error.

2. **Inquiry:** Please consider adjusting the number of staff and/or the roles of staff (e.g. Admin. Assistant to OE / Inspector) so this around-the-clock type of project can be managed effectively during all periods of this significant project.

Response: The Successful Qualified Firm may propose multiple Inspectors per position after they have been awarded the OPS. The Authority will consider adding additional Inspectors, if warranted, at that time.
